SELECTIVE SERVICE REGULATIONS

PRESCRIBED BY THE PRESIDENT UNDER
THE AUTHORITY VESTED IN HIM BY THE
TERMS OF THE SELECTIVE SERVICE LAW
(ACT OF CONGRESS APPROVED MAY 18, 1917)

FORM 999

WASHINGTON
GOVERNMENT PRINTING OFFICE
1917

FOREWORD.

THE WHITE HOUSE,
Washington.

The task of selecting and mobilizing the first contingent of the National Army is nearing completion. The expedition and accuracy of its accomplishment were a most gratifying demonstration of the efficiency of our democratic institutions. The swiftness with which the machinery for its execution had to be assembled, however, left room for adjustment and improvement. New Regulations putting these improvements into effect are, therefore, being published to-day. There is no change in the essential obligation of men subject to selection. The first draft must stand unaffected by the provisions of the new Regulations. They can be given no retroactive effect.

The time has come for a more perfect organization of our man power. The selective principle must be carried to its logical conclusion. We must make a complete inventory of the qualifications of all registrants in order to determine, as to each man not already selected for duty with the colors, the place in the military, industrial or agricultural ranks of the nation in which his experience and training can best be made to serve the common good. This project involves an inquiry by the Selection Boards into the domestic, industrial and educational qualifications of nearly ten million men.

Members of these Boards have rendered a conspicuous service. The work was done without regard to personal convenience and under a pressure of immediate necessity which imposed great sacrifices. Yet the services of men trained by the experience of the first draft must of necessity be retained and the Selection Boards must provide the directing mechanism for the new classification. The thing they have done is of scarcely one-tenth the magnitude of the thing that remains to be done. It is of great importance both to our military and to our economic interests that the classification be carried swiftly and accurately to a conclusion. An estimate of the time necessary for the work leads to the conclusion that it can be accomplished in sixty days; but only if this great marshalling of our resources of men is regarded by all as a national war undertaking of such significance as to challenge the attention and compel the assistance of every American.

I call upon all citizens, therefore to assist Local and District Boards by proffering such service and such material conveniences as they can offer and by appearing before the boards, either upon summons or upon their own initiative, to give such information as will be useful in classifying registrants. I urge men of the legal profession to offer themselves as associate members of the Legal Advisory Boards to be provided in each community for the purpose of advising registrants of their rights and obligations and of assisting them in the preparation of their answers to the questions which all men subject to draft are required to submit. I ask the doctors of the country to identify themselves with the Medical Advisory Boards which are to be constituted in the various districts throughout the United States for the purpose of making a systematic physical examination of the registrants. It is important also that police officials of every grade and class should be informed of their duty under the Selective Service Law and Regulations, to search for persons who do not respond promptly and to serve the summons of Local and District Boards. Newspapers can be of very great assistance in giving wide publicity to the requirements of the Law and Regulations and to the numbers and names of those who are called to present themselves to their Local Boards from day to day. Finally, I ask that during the time hereafter to be specified as marking the sixty day period of the classification, all citizens give attention to the task in hand in order that the process may proceed to a conclusion with swiftness and yet with even and considerate justice to all.

WOODROW WILSON.

- E. LOCAL BOARDS.

A. THE PRESIDENT.

Section 20. The President as a reviewing officer.

Section 4 of the Selective Service Law provides:

“The decision of * * * District Boards shall be ^{Appeals to President; see sec. 111.} final, except that, in accordance with such rules and regulations as the President may prescribe, he may affirm, modify, or reverse any such decision.”

Accordingly, the President will consider appeals from the final decisions of District Boards in accordance with the provisions of section 111 hereof.

Section 21. Appeals to the President to be considered when preferred as required by these Regulations and not otherwise.

Section 111 of these Regulations prescribes a method ^{Procedure on appeal to President; see sec. 112.} for appeal to the President of certain classes of cases finally decided by District Boards. Every practicable safeguard against unusual hardship has been provided. Appeals made direct to Washington on *ex parte* statements would have to be investigated locally before action. Due to the unavoidable congestion that must necessarily follow this irregular method, such direct appeals can only result in confusion and delay. Therefore appeals to the President when not preferred in the manner prescribed in sections 111 and 112 of these Regulations, must be returned for compliance with those sections.

B. THE PROVOST MARSHAL GENERAL.

Section 22.—Office of the Provost Marshal General.

Under the Secretary of War the Office of the Provost Marshal General is charged with the supervision of ^{Supervision of draft.} all matters relating to the selective draft.

Provost Marshal General.

Section 23. No communications concerning pending appeals to the President to be received by administrative officials in Washington.

Discussion of appeals forbidden.

All administrative officials of the War Department engaged in the execution of the Selective Service Law are hereby directed to decline to discuss cases in respect of which an appeal to the President is pending, or to entertain any communications, suggestions, or additional evidence or statements concerning them.

Section 24. No communication concerning particular cases pending before District or Local Boards to be received by administrative officials in Washington.

Discussion of claims forbidden.

The law and regulations place the matter of deferred classification within the jurisdiction of Local and District Boards. There is no authority in any other official to interfere with this jurisdiction in particular cases. So to interfere would be subversive of the letter and spirit of the Selective Service Law and these Regulations. All officials of the War Department engaged in the execution of the Selective Service Law are hereby directed to decline to discuss cases pending before Local or District Boards or to entertain any communications, suggestions, or additional evidence or statements concerning them.

Section 25. Correspondence rules of the Office of the Provost Marshal General.

Correspondence to be with Adjutants General; see sec. 31.

Rule A. Except as specifically provided in these Regulations, all communications intended for the Provost Marshal General concerning the execution of the Selective Service Law within a State emanating from individuals within the State or from Local and District Boards or other officials engaged within any State in the execution of the Selective Service Law must be directed to the Adjutant General of the State for reference to the Provost Marshal General. Correspondence sent in violation of this rule to the Office of the Provost Marshal General will be returned to the writer.

Authorized centers of information.

Rule B. The Office of the Provost Marshal General can give no opinion direct to individuals concerning the circumstances of an individual case nor can it make rulings at the instance of an individual writing to the Office of the Provost Marshal General direct on any phase of the Selective Service Law. Each Local and District Board and the Legal Advisory Boards connected with each Local Board are the centers of information for the community over which the Local or District Board has jurisdiction. Individuals must be remitted for information to local authorities, who, if they can not answer the question asked, will promptly proceed as required by Rule C.

Requests referred to Adjutant General of State.

Rule C. Local and District Boards will honor proper requests for information from individuals. Whenever

a Local or District Board receives a request for information which it can not authoritatively answer, or whenever circumstances arise which require the decision of higher authority, the Local or District Board will immediately report the case to the Adjutant General of the State with a request for the necessary information or decision.

Provost Marshal General.

Rule D. The Adjutant General of a State will scan all communications received in accordance with Rules A, B, and C. Such as can be answered will be returned to the writer with the information desired. Such as can not be so answered will be immediately forwarded to the Office of the Provost Marshal General. When a request for a ruling or for administrative action arises from circumstances so urgent as to demand immediate action, the telegraph will be used.

Requests referred to Provost Marshal General.

Rule E. Whenever a request for information is received from State Headquarters by the Office of the Provost Marshal General, an answer will be prepared and returned within 12 hours, and wherever a general ruling results, such general ruling will be circulated to every Local and District Board in the United States, by telegram where urgent, and in any case by bulletins of compiled rulings which will be issued from the Office of the Provost Marshal General from time to time.

Publication of rulings.

Rule F. Whenever an individual feels that he has a grievance against a board or other information which he desires to report to higher authority, he should address his letter to the Adjutant General of the State. Communications of this kind which require the action of the Provost Marshal General should be forwarded to the Provost Marshal General containing recommendation and remarks by State Headquarters.

Submission of complaints.

C. STATE HEADQUARTERS.

Section 26. Authority of Governors and of officials and other persons designated by Governors or by the President to perform duties in the execution of the Selective Service Law.

Governors are charged with the organization of Medical and Legal Advisory Boards throughout their States.

Section 29. Governor to District State and Appoint Medical Advisory Boards.

Governor responsible for organization of Medical Advisory Boards.

The Governor shall call upon all members of the bar within the State, and if necessary, upon competent laymen, to offer their services to such Legal Advisory Boards for the purpose of being present at the headquarters of the Local Boards and rendering aid and advice to registrants. Such persons shall be known as Associate Members, and no formal appointment by the President shall be necessary.

Associate members of legal advisory boards.

For his assistance in this work, the Governor has the active cooperation and assistance of the American Bar Association.

Assistance of Bar Association.

It should be the pride of every lawyer that no registrant within his district is without competent legal advice and assistance in preparing all papers that such registrant is required to submit in the process of the selection of citizens of this Nation for duty in the present emergency.

Duty of lawyers.

Section 31. Adjutants General.

The compensation which may be allowed to interpreters shall not exceed \$1 per hour or \$5 in any one day. These rates are the maximum, and should be kept below the amount authorized wherever possible.

Section 44. Medical Advisory Boards.

Assistance in physical examinations; see sec. 123. There have been provided in the various counties, cities, and other localities throughout the United States, Medical Advisory Boards, who will examine registrants sent to them by Local Boards or State Adjutants General for examination, and will advise such Local Boards or State Adjutants General concerning the physical condition of such registrants. Upon the advice so obtained, Local Boards may proceed to a final determination concerning the physical qualifications of such registrants.

Section 45. Legal Advisory Boards.

Legal advice to registrants. There have been provided in the various counties, cities, and other localities throughout the United States, Legal Advisory Boards, composed of disinterested lawyers, with associate members consisting of capable lawyers and laymen, to be present at all times during which Local Boards are open for the transaction of business, either at the headquarters of Local Boards or at some other convenient place or places, for the purpose of advising registrants of the true meaning and intent of the Selective Service Law and of these Regulations, and of assisting registrants to make full and truthful answers to the Questionnaire, and to aid generally in the just administration of said Law and Regulations.

Section 46. Duties of lawyers and physicians generally.

Assistance of citizens in general. The selection and classification of men for military service is an undertaking that should be regarded as a systematized effort of the citizenry of the whole Nation organized and compacted to meet the present emergency. Every citizen has a duty to give his best endeavor to the success of this undertaking according to his qualifications and talents. All lawyers and physicians should regard it as their duty to identify themselves with the Advisory Boards provided for in sections 44 and 45, and freely and without compensation to give their best service to the Nation. It is inconsistent with this duty for lawyers to seek clients for the purpose of urging and advocating individual cases in any other way than as disinterested and impartial assistants of the Selective Service System.

Physicians will render a most valuable assistance by giving their services to Local Boards and to the Medical Advisory Boards provided in section 44 hereof. Auxiliary organizations.

Section 47. Government Appeal Agents.

The Governor shall designate for each Local Board a person to take appeals for and on behalf of the United States. The duties of the person so designated are: To appeal from any deferred classification by a Local Board, which, in the opinion of the Appeal Agent, should be reviewed by the District Board; to care for the interests of ignorant registrants, and where the decision of the Local Board is against the interests of such persons, and where it appears that such persons will not take appeals, due to their own nonculpable ignorance, to inform them of their rights and assist them to enter appeals to the District Board; and to investigate and report upon matters which are submitted for their investigation and report by Local or District Boards. Appeals; see sec. 104.

It shall also be the duty of such Appeal Agents, where the interests of justice may require, to suggest to the Local Board a reopening of any case; to impart to the Local Board any information which in the opinion of such Appeal Agent ought to be investigated; and also to make such suggestion and impart such information as the case may be to the District Board in order that the District Board may more efficiently exercise its power to instruct Local Boards to take additional proof. Aid to registrants.

Every registrant and, to a certain extent, every person in each community, is interested in the action of the Local Boards on each particular case. There will be many cases in which Local Boards have been imposed upon but in which persons affected do not desire to inform such boards of facts within their knowledge. It shall be the duty of the Government Appeal Agent to receive such information and to prepare such appeals in cases where he considers appeals to be to the interest of the Government. Investigations; see sec. 118.

Section 48. County and City Councils of Defense.

County and City Councils of Defense, Chambers of Commerce, and other civic organizations have, in many cases, offered their services to Local and District Boards in obtaining voluntary clerical service and in facilitating the duties of such boards. Local and District Boards should encourage such offers and should cooperate with such councils as far as is consistent with their duties under the law and regulations. Assistance to boards.

Section 49. Duty of Police Officials of all Classes and Grades to assist Local Boards and to Apprehend Delinquents.

Those who fail to return the Questionnaire, or to appear for physical examination, or to report change of Reopening cases; see sec. 139.

status, or to report for any duty, or to perform any act at the time and place required by these regulations or by directions by Local or District Boards in pursuance thereof, are guilty of a misdemeanor under section 6 of the Selective Service Law. Under authority granted in section 6 of that law, it is hereby made the duty of all police officials of the United States and of any State, or any county, municipality, or other subdivision thereof, to locate and take into custody such persons and to bring them forthwith before Local Boards to determine whether their cases shall be reported to the Federal Department of Justice for prosecution, and to serve the summons to witnesses issued by Local or District Boards, as provided by section 9 hereof.

Persons who, after induction into military service, with intent to evade such service, willfully fail to report to Local Boards for military duty, or fail to entrain for a mobilization camp, or who absent themselves from entrainment or from their parties of selected men en route to a mobilization camp, are deserters and are subject to military law. It is hereby made the duty of all such police officials to apprehend and arrest such deserters and proceed in respect of them as provided in sections 51, 130, and 140.

Section 50. Rewards for the Arrest and Delivery of Deserters.

Certificate of lo-
cal board; see sec.
51.

A reward of \$50 is payable for the apprehension and delivery to a military camp, post, or station of a deserter from the National Army when the person making such delivery presents the certificate of a Local Board prescribed in section 51.

Section 51. Procedure upon Arrest of a Deserter.

Where offense
willful.

Upon the arrest of a deserter the police official arresting him shall take him before a near-by Local Board (preferably the Local Board having jurisdiction of him), which Local Board shall immediately inquire whether his offense was willful and committed with an intent to evade military service, and if it so finds shall make and deliver to such police official a certificate to that effect and direct such police official to deliver the deserter to the nearest Army camp, post, or station. The form for this certificate (Form 1021) will be found in Part X, but no printed form will be furnished.

Form; see sec.
293.

Where offense
not willful.

If the Local Board finds that the offense was not willful and the registrant has been physically examined, the board shall forthwith send him to the proper mobilization camp. If the registrant has not been physically examined, the Local Board shall examine him physically, and if he is found to be physically qualified shall send him to the nearest mobilization camp. In either case the Local Board sending the registrant to camp shall promptly notify the Local Board of origin to furnish the papers

prescribed in section 148 in respect of such registrant. If he is found to be not physically qualified, the case will be reported to the proper mobilization camp, with a request for instructions. Auxiliary or organizations.

Section 52. Duties of Postal Authorities.

Postmasters and all postal employees shall promptly forward all mail of Local Boards, District Boards, and other officials connected with the administration of the Selective Service Law, bearing the frank of the Provost Marshal General. Duties of postal authorities.

They shall also give every aid to Local Boards and other such officials in securing the address of registrants; and, upon request of Local Boards, postmasters shall furnish to them the forwarding address of all registrants whose mail has been forwarded to an address in possession of the postal authorities, for the confidential use only of the Boards and persons charged with the administration of the Selective Service Law and these Rules and Regulations. Postmasters to aid in securing and furnishing addresses of registrants.

Upon the request of the Governor of the State Postmasters shall receipt to Local Boards, upon a list prepared by the latter, for any of the notices prescribed by these Regulations to be mailed by Local Boards to registrants. All such notices shall be delivered to the Post Office arranged in the order in which they appear upon such list so to be signed by the Postmaster. Postmasters to receipt for mail addressed to registrants.

NOTE.—The following order was issued by the Post Office Department October 12, 1917:

Postmasters should exercise every effort to make delivery of letters addressed by Local or District Exemption Boards to registrants under the Selective Service Act and particularly the notices which those Boards send to registrants calling them to places of entrainment. Serious consequences ensue to a registrant who fails to respond to this latter call, as the law classifies him as a deserter, and unless an explanation is made he must be dealt with as such. It is therefore of the greatest importance that postmasters see that such notices reach the addressees if possible.

PART III.

REGISTRATION.

Section 53. Persons subject to Registration.

All persons who, on June 5, 1917, had attained the age of 21 and had not attained the age of 31 are subject to registration, except only persons in the military or naval service of the United States for the time that they are in such military or naval service. (See Note 3; Rule XII; Sec. 79.)

Persons leaving military service.

Persons not subject to registration on account of being in the military or naval service of the United States become subject to registration and are required to register immediately upon leaving such military or naval service.

Aliens entering United States.

Aliens who have not declared their intention to become citizens of the United States and who have entered the United States for the first time since June 5, 1917, are not subject to registration.

Persons returning to United States.

Citizens or persons who have declared their intention to become citizens who have not hitherto registered on account of absence without the territorial limits of the United States are required to register within five days after their return to the United States.

Section 54. How Registration is accomplished.

Registration card; see sec. 275.

Local Boards will accomplish the registration of persons subject to registration who, for any reason, have not been registered on or since June 5, 1917. Registration shall consist in making out a registration card in duplicate (Form 1) and issuing to the registrant a registration certificate (Form 2).

Classification list; see sec. 90.

Immediately upon registration, the Local Board shall enter the name of the registrant at the bottom of the Classification List, and shall furnish him a Questionnaire. When the registration is accomplished in person, the notice on the first sheet of the Questionnaire shall specify its return within seven days from the date of registration; when the registration is accomplished by mail as prescribed in section 55 or from abroad as prescribed in section 56, such notice shall specify seven days plus a reasonable allowance for communication by mail.

Questionnaire; see sec. 91.

Serial numbers; see sec. 67.

Immediately upon furnishing the Questionnaire the Local Board shall (except as prescribed in section 65) forward a copy of the registration card to the Adjutant

General of the State for assignment of a serial number (section 67). Order numbers shall be assigned to such cards as prescribed in section 69. Registration.
Order num-
bers; see sec. 69.

Upon return of the Questionnaire the registrant shall be classified by the Local Board in the usual manner.

Section 55. Registration by mail.

The proper place for filing a registration card is the Local Board having jurisdiction over the place in which the registrant has his permanent home. If, for any reason, it is inconvenient for the registrant to present himself in person to such Local Board, he may accomplish his registration by applying to the Local Board nearest him and having his registration card filled out and certified by such Local Board, and himself mailing his registration card to the Local Board having jurisdiction over the place in which he has his permanent home. In such case the Local Board certifying to the registration card shall not issue a registration certificate, but the Local Board having jurisdiction over the place in which the registrant has his permanent home shall issue a registration certificate upon receipt of the registration card. Where person
is absent from
home.

Registration
certificate; see
sec. 276.

Where persons have attempted to register by mail and it appears that their registration cards have not reached their destination, they should promptly cause themselves to be registered as herein provided. Lost cards.

Section 56. Registration of persons residing abroad.

Citizens, and persons who have declared their intention to become citizens, residing abroad are not required to register, but any such citizen or person may do so by applying to the nearest American consulate to have his registration card filled out. He should in all cases designate on such card a place of permanent home, in the United States. If he has no such actual permanent home, he should designate as his permanent home a place within the United States most convenient to him. The registration card duly certified by an official or agent of the consulate should then be sent by the registrant to a Local Board in the place thus designated as his permanent home. Thereafter he shall be subject to the normal process of selection as prescribed herein, except that his physical examination may be consummated as prescribed in section 142. Upon being ordered by his Local Board to report for military duty he will be required to present himself for such duty in the same manner as other registered persons, except that care should be taken to send out the call in such season as will permit the registrant ample time to respond to it. When the call is so delayed by the ordinary course of mail as to make it impossible for him to comply therewith on the date specified, he may apply to his Local Board for an extension of time. Registration by
consul.

Designation of

Physical ex-
amination; see
sec. 142.

Call for duty;
see sec. 167.

Registration. Section 57. Notice of final classification to take place of registration certificate as a means of identification.

Notice of final classification (see sec. 110) to be kept in possession.

Until notice of final classification is received by a registrant, he should keep always in his personal possession his registration certificate, and he is required to display the same whenever called upon by a police official or a member of a Local or District Board to do so. After receipt of the notice of final classification, prescribed in section 110, it will no longer be necessary to retain the registration certificate, but thereafter the registrant is hereby required to keep always in his possession his notice of final classification and to exhibit the same when called upon to do so by any member of a Local or District Board or any police official.

Section 58. Lost registration certificates and notices of final classification.

Certificates: see sec. 54.
Notices: see sec. 110.

When a registration certificate or notice of final classification is lost, a duplicate may be furnished, but the proper Local Board will write the word "Copy" in bold red ink characters across the face of such duplicate.

Section 59. Double or multiple registration in the same jurisdiction.

Cancellation by lot of one card.

Whenever a Local Board discovers that the same person has two or more registration cards in the jurisdiction of the same Local Board, the case will be reported and all cards forwarded to the Adjutant General of the State. The Adjutant General shall determine by lot which of the numbers shall be continued and shall cancel the others and return the uncanceled card to the board with instructions to correct its lists accordingly.

Section 60. Double or multiple registration in different jurisdictions.

Transfer of procedure; see sec. 144.

A person registered in a jurisdiction not that of his permanent home may not have his registration changed. If he is registered in two jurisdictions he must submit Questionnaires to both boards. He should apply to have all procedure in respect of him transferred to one of the boards, as prescribed in section 144. He must respond to the Local Board which first calls him to report for military duty. Thereafter he should obtain from such Local Board a certificate showing that he has been inducted into military service and should forward the same to the Local Board which has not yet called him. Thereupon the latter Local Board will place him in Class V, noting the reason therefor.

Class V; see sec. 79.

Section 61. Cancellation of registration of persons not subject to registration. Registration.

Whenever a claim shall be made to a Local Board that, through error or fraud, a person is registered who is not subject to registration the board shall require the person to submit his claim in writing, together with such proof as he may care to offer. The Local Board shall forward the claim and the proof with its finding of fact and recommendation to the Adjutant General of the State, who shall examine the proof, and, if he is of the opinion that the person was not subject to registration, shall direct the Local Board to cancel the registration and amend its records accordingly. Adjutant general to direct cancellation.

Section 62. Registration cards to be kept by Local Board.

The registration cards within the jurisdiction of any Local Board shall be safely kept by such Local Board, numbered in a series beginning with number 1, and continuing consecutively until all cards are numbered. These numbers are known as "serial numbers," and appear on the face of each registration card in red ink between the words "Form 1," occurring at the left-hand top of the cards, and the words "Registration card." Copies of all registration cards in the possession of the Local Boards within its jurisdiction shall be kept in the possession of each District Board, segregated in lots corresponding to the Local Boards to which the originals pertain. Each of these copies shall bear the same serial number as its original. Kept in order of serial numbers. Copies kept by district board.

Section 63. Original registration cards to be retained.

In all cases where it is necessary for copies of registration cards to be forwarded only certified copies shall be forwarded. No board shall, under any circumstances, forward an original registration card; and all boards are strictly enjoined to maintain the entire original registration record complete at all times. Original cards; see sec. 62.

Section 64. What to do with registration cards received hereafter.

All registration cards received hereafter by any Local Board shall be copied and a list of the names of all persons whose registration cards are so received made by the Local Board. The original registration card shall be retained by the Local Board, and no "serial number" shall be assigned by such Local Board to any such registration card, except as hereinafter provided. A copy of all such cards and a list of the names of all persons whose registration cards have been so received shall, except as provided in section 65, be forwarded to the Adjutant General of the State to be assigned a serial number as provided in section 67. List of names: Assignment of serial numbers; see sec. 67.

Registration.

Section 65. What to do with card of person required to register after conviction for failing to do so.

To insure immediate induction of persons convicted of failing to register.

Whenever a person who has been convicted of failing to register under the terms of the Selective Service Law has subsequently been registered as provided by section 5 of that law, his registration card shall not be forwarded to the Adjutant General of the State for assignment of a serial number. The Local Board which has jurisdiction of the registration card of any such person shall assign him an order number having a letter attached which will insure his being immediately inducted into military service and shall inquire into his status and cause him to be physically examined. Unless upon such physical examination he is classified in Class V, or unless he is required by the Selective Service Law to be exempted from military service, he shall be immediately inducted into military service and sent to a mobilization camp.

Suspended sentence.

This provision shall also apply in cases where sentence has been suspended on condition that the person who has heretofore failed to register be at once called for military duty by the Local Board having jurisdiction.

Section 66. What to do with improperly numbered registration cards.

Improperly numbered cards forwarded to Adjutant General.

Whenever an examination of a registration card in the possession of any Local Board discloses that it has not been serially numbered, or that it has been improperly, erroneously, or illegibly serially numbered, or has not in some other respect been serially numbered as required by regulations, it shall be the duty of the Local Board having jurisdiction thereof to forward such registration card to the Adjutant General of the State, without assigning any serial number thereto.

Section 67. Adjutant General of State to assign numbers to cards not heretofore numbered.

Copies of cards; see sec. 54.

Whenever an examination of a copy of a registration card received in the office of the Adjutant General of any State, and an examination of the list of the names of all persons whose registration cards are in the possession of the local board which forwarded such copy, discloses that the registration card has not been serially numbered, it shall be the duty of the Adjutant General of the State to assign a "serial number" to such registration card and to certify the number assigned thereto to the Local Board having jurisdiction, as hereinafter provided.

Serial numbers; see sec. 62.

All registration cards lacking serial numbers, or improperly, erroneously, or illegibly serially numbered shall be assigned "serial numbers" by the Adjutant General of the State, as follows:

Card bearing more than one number.

(a) When any registration card is found bearing more than one "serial number" there shall be assigned to such card the lowest in order of the numbers which it bears, provided such number is not borne by any other registration card in the possession of the Local Board having

jurisdiction thereof. The remaining number or numbers appearing on any such card shall be disregarded. Registration.

(b) When two or more registration cards are found bearing the same "serial number," with fractions added to the number for the purpose of distinguishing the cards, or with letters of the alphabet or other distinguishing marks preceding or following the serial number for the same purpose, one card of any such group of cards within the jurisdiction of the Local Board shall be drawn by lot and shall be assigned the common "serial number" which they all bear. All the other cards of any such group shall be regarded as having no "serial number" and shall be assigned serial numbers as herein provided for the case of registration cards having no serial numbers. This rule applies to serial numbers only; it does not apply to order numbers which may have a letter attached thereto, as provided in section 69. Two cards bearing same number.
Same order numbers; see sec. 69.

(c) When the "serial number" on any registration card is found to be illegible and no unused number in the consecutive numbers from 1 upward on the list furnished by the Local Board having jurisdiction of any such card can be found to correspond with it, such card shall be regarded as having no "serial number" and shall be assigned a "serial number" as herein provided for in the case of cards having no serial numbers. Illegible number.

All registration cards hereafter received by any Local Board and copies of which have been forwarded as hereinbefore required to the Adjutant General of the State, and all other registration cards which have been forwarded to the Adjutant General of the State, and which have not been assigned a "serial number" by any Local Board or by the Adjutant General in accordance with the foregoing provisions, shall each be assigned by lot a "serial number" by such Adjutant General under the direction of the Governor. Copies of cards: see sec. 54.

"Serial numbers" so to be assigned to each such registration card shall be determined by lot for cards within the jurisdiction of one Local Board as expeditiously as possible, at such times and places and in such manner and under conditions insuring absolute fairness, impartiality, and the necessary publicity, as may be prescribed by the Governor of the State. Serial numbers determined by lot.

The "serial numbers" so to be assigned by the respective Adjutants General to all such registration cards within the jurisdiction of one Local Board shall consist first of all "serial numbers" on the consecutive list of the names of persons whose registration cards are within the jurisdiction of such Local Board which have not been assigned to any registration card within its jurisdiction. If there are no such "serial numbers" on the consecutive list from 1 upward, or when all such numbers have been assigned to registration cards, the "serial numbers" to be thereafter assigned by the Adjutant General to registration cards within the jurisdiction of such Local Board shall consist of the "serial numbers" in their consecutive Serial numbers, procedure in assigning.

Registration. order beginning with the next "serial number" following the highest "serial number" on the list of persons whose registration cards are within the jurisdiction of such Local Board, filed with the Adjutant General by such Local Board.

Serial numbers, certification to Local Boards. The Adjutant General of the State shall forthwith certify to the Local Boards having jurisdiction of the respective registration cards to which "serial numbers" have so been assigned a list showing the "serial number" assigned to each such registration card. It shall be the duty of such Adjutant General to send a copy of such cards, so serially numbered, to the proper District Board.

Copies of registration cards sent to District Boards.

Section 68. Procedure of Local Boards upon receiving serially numbered cards from the Adjutant General.

Classification List; see sec. 90. It shall be the duty of any Local Board, upon receiving any such list from the Adjutant General of the State, forthwith to assign "serial numbers" to the original registration cards in accordance with such list (unless the original registration card has been assigned a "serial number" by the Adjutant General as hereinbefore provided); and such Local Boards shall thereupon enter upon said card and upon the Classification List the serial number, and the order number, which order number shall be ascertained as prescribed in section 69 hereof.

Order number; see sec. 69.

Section 69. Method of ascertaining and entering order number.

Master list; see Part XI. Upon receipt from the Adjutant General of a State of serial numbers for additional registration cards or registration cards which have been improperly, erroneously, or illegibly serially numbered, the Local Board shall ascertain the proper order number for any such card by consulting the Master List (Part XI). The order in which such serial number appears on the Master List among other serial numbers in the jurisdiction of the Local Board shall be the order of liability of the registrant. If the number designating such order of liability ("order number") has already been assigned to the cards of registrants within the jurisdiction of the Local Board who have not yet been inducted into military service, such number shall, nevertheless, be entered on the registration card and on the Classification List but there shall be added to such number the letter "a," "b," or "c," etc., which will insure that the registrant will be called in his proper order of liability next after registrants whose cards already bear such order number with prior letters of the alphabet (if any) attached.

If the registrant is placed in Class I by the Local Board and if the order number so assigned is such that the registrant would have been called for physical examination had it appeared on the Classification List at an earlier date, then the Local Board shall summon the registrant for physical examination, and if qualified shall forthwith forward him to a mobilization camp.

PART IV.

CLASSIFICATION RULES AND PRINCIPLES.

Section 70. Reasons for and effect of classification.

The military needs of the Nation require that there be provided in every community a list of names of men who shall be ready to be called into service at any time. The economic needs of the Nation, while deferring to the paramount military necessity, require that men whose removal would interfere with the civic, family, industrial, and agricultural institutions of the Nation shall be taken in the order in which they best can be spared. For this reason the names of all men liable to selection shall be arranged in five classes in the inverse order of their importance to the economic interests of the Nation, which include the maintenance of necessary industry and agriculture and the support of dependents.

The group of registrants within the jurisdiction of each Local Board is taken as the unit to be classified. Within each class the order of liability is determined by the drawing, which has hitherto assigned to every man an order of availability for military service relative to all men not permanently or temporarily exempted or discharged. The effect of classification in Class I is to render every man so classified presently liable to military service in the order determined by the national drawing. The effect of classification in Class II is to grant a temporary discharge from draft, effective until Class I in the jurisdiction of the same Local Board is exhausted. The effect of classification in Class III is to grant a temporary discharge from draft, effective until Classes I and II, in the jurisdiction of the same Local Board are exhausted; and, similarly, Class IV becomes liable only when Classes I, II, and III are exhausted. The effect of classification in Class V is to grant exemption or discharge from draft. The term "deferred classification" as used in these regulations is equivalent to the term "temporary discharge."

Influence of military and economic needs.

Order within class determined by drawing; see Part XI.

Effect of classification.

"Deferred classification."

A. CLASSIFICATION IN RESPECT OF DEPENDENCY.

Section 71. Essential principles governing classification in respect of dependency.

Section 4 of the Selective Service Law exempts no person from military service on the ground of dependency. It only authorizes the exclusion or discharge from draft of "those in a status with respect to persons dependent

Object of dependency classification.

Dependency.

Dependency.

upon them for support which renders their exclusion or discharge advisable." The present scheme is designed, by the creation of several classes, arranged in the order of their availability for military service, to defer the induction into the Army of registrants upon whom other persons are mainly dependent for support until persons without actual dependents have been called. While an actual dependency must be established before any kind of discharge can be granted, there are certain conditions of dependency which it is advisable to recognize to a fuller extent than others. The present classification is designed to afford the maximum of protection to dependent relatives consistent with the military necessity of the Nation.

"Reasonably
adequate sup-
port."

It is to be recognized that war must bring inconvenience and sacrifice to all. No person has a right to refuse to sacrifice luxuries. On the other hand, it is not the intent of the law to deprive the dependents whom the law and regulations are designed to protect of a **reasonably adequate support**. No definite degree can be given to the meaning of the term "**reasonably adequate support**" as used in the classification rules and schedule. The adjustment of these relations must be left to Local Boards, who have abundantly shown that they will approach each case with sympathy and common sense, and, while defending the interest of the Nation from selfish and thoughtless claimants on the one hand, will afford the decent protection here designed for meritorious claimants on the other.

Section 72. General classification rules—Dependency.

Sources of sup-
port to be con-
sidered.

RULE I. In determining whether a claimed dependent is "Mainly dependent on a registrant's labor for support" the board will consider all existing or available reasonably certain sources of support other than the labor of the registrant, excepting only public charity, and including:

Income of
claimed depend-
ent.

(a) **Income of the claimed dependent from any source whatever, including gifts, and including also the income (or what reasonably and justly should be the income) from the labor of the claimed dependent; except that where the dependent is the wife or child of the registrant the income (or what should be the income) from the labor of the claimed dependent shall only be considered where its consideration is expressly authorized in the classification schedule.**

Income of regis-
trant.

(b) **Income of the registrant from any source whatever, including gifts and excluding his labor.**

Pay as soldier.

(c) **The contribution which the registrant may reasonably and justly be expected to make,**

or which he is required to make, from his pay as a soldier. (See Part XII.)

Classification
rules.
Dependency.
Support or in-
surance; see Part
XII.

(d) The amount of support which the claimed dependent would receive from any provision of Federal law made or hereafter to be made to support such dependent during the absence of the registrant or to insure such dependent against loss entailed by the death or disability of the registrant. (See Part XII.)

(e) The effect of any moratorium statute, made or hereafter to be made, on the claimed condition of dependency.

Moratorium.

(f) The amount which other persons (who have or have not hitherto mainly or partially supported the claimed dependent and who can reasonably and justly be expected to do so) are able and willing to contribute to the support of the claimed dependent during the absence of the registrant; except that, where the claimed dependent is the wife or child of the registrant, support by persons other than the registrant shall NOT be considered.

Contribution of
others to support.

Exception.

If, considering such of these circumstances as the board is authorized to consider, or other circumstances not herein mentioned, the board finds that the removal of the registrant will deprive the claimed dependent of reasonably adequate support, the board may find that the person claimed to be dependent is mainly dependent upon the registrant's labor for support.

Reasonably
adequate support.
see sec. 71.

NOTE.—The attention of Local Boards is called to the necessity of carefully scrutinizing all claims for deferred classification on the ground of dependency, and the registrant's answers to his Questionnaire, and other proof in support of such claims, in order to ascertain whether or not contributions claimed to be made by the registrant for the support of dependents other than his wife and children are, in whole or part, payment for his own board or subsistence; and in case of claimed dependent parents, to ascertain what other children of such parents have contributed or ought to contribute or are under moral or legal obligation to contribute to such parents. In case of claimed incumbrances on the property of a registrant or a dependent, boards should carefully examine the proofs in order to ascertain whether or not the incumbrance is of such a nature as that the payments on account thereof are in whole or part payment of the purchase price; for example, building and loan association mortgages, monthly-payment plan, etc.

RULE II. Where the claimed dependent is not the wife or child of the registrant, and where persons other than the registrant have contributed to the support of the claimed dependent, or have an equal legal or moral obligation to do so, the board should consider all circumstances stated in Rule I, but it should not find the person "mainly dependent upon the registrant's labor for support" unless it finds that such other persons can not

or child, support

Dependency.

reasonably and justly be expected to undertake the support of the dependent during the absence of the registrant and unless it finds also and specifically that the removal of the registrant will remit the claimed dependent to public charity in part, or in whole, for support.

Definition of
children; see sec.
1, par. p.

RULE III. The term "children," where used without qualification, shall be taken to include an unborn child, and, except as provided in section (a) of Rule VIII, shall be taken to import only children (the issue of the registrant) and stepchildren and legally adopted children. It shall be taken to import boys under 16 and girls under 18 years of age.

Relatives
abroad.

RULE IV. The dependency of relatives residing abroad who are not citizens of the United States or who have not declared their intention to become such, shall not be considered as a ground for deferred classification.

Marriages
since May 18,
1917.

RULE V. On May 18, 1917, every person subject to registration had notice of his obligation to render military service to his country. The purpose of the Selective Service Law was not to suspend the institution of marriage among registrants, but boards should scrutinize marriages since May 18, 1917, and especially those hastily effected since that time, to determine whether the marriage relation was entered into with a primary view of evading military service, and unless such is found not to be the case boards are hereby authorized to disregard the relationship so established as a condition of dependency requiring deferred classification under these regulations.

Section 73. Class I—Dependency.

RULE VI. In Class I shall be placed:

No dependents.

(a) Any registrant who has neither wife, nor child, nor aged, infirm, or invalid parents or grandparents, nor brother under 16 years of age, nor sister under 18 years of age, nor helpless brother or sister of whatever age, mainly dependent on his labor for support.

Failure to sup-
port.

(b) Any married registrant, with or without children, and any father of motherless children, where the wife or children are not mainly dependent on his labor for support for the reason that the registrant has habitually failed to support them for a sufficient time to justify a finding of the board that he has been making no bona fide attempt to support them in the past and can not be relied upon to do so in the future—this regardless of support recently

rendered or tendered for the purpose of evading military service. Dependency.

(c) Any married registrant, with or without children, whose wife and children (if any) are not mainly dependent upon his labor for support for the reason that such wife and children (if any) receive no substantial proportion of their support from the fruit of his labor; but where, on the contrary, such registrant is mainly dependent for his own support on the income (including earnings) of his wife. Income of wife means of support.

(d) Any married registrant with or without children, who is not engaged in any useful occupation, and whose wife and children (if any) are not mainly dependent on his labor for support for the reason that his income or the income of his wife, or both, is amply sufficient to support his wife and children and that the removal of the registrant will not deprive such wife and children of reasonably adequate support. Income net-result of labor.

Section 74. Class II—Dependency.

RULE VII. In Class II shall be placed:

(a) Any registrant with both wife and children or any father of motherless children, where such wife and children or such motherless children are not mainly dependent upon his labor for support for the reason that there are other reasonably certain sources of adequate support (excluding earnings or possible earnings from the labor of the wife), available, and that the removal of the registrant will not deprive such dependents of reasonably adequate support. Other sources of support.

(b) Any married registrant, without children, whose wife, although the registrant is engaged in a useful occupation, is not mainly dependent upon his labor for support, for the reason that the wife is skilled in some special class of work which she is physically able to perform and in which she is employed, or in which there is an immediate opening for her under conditions that will enable her to support herself decently and without suffering or hardship. Wife skilled in work.

Section 75. Class III—Dependency.

RULE VIII. In Class III shall be placed:

(a) Any registrant who has children, not his own issue, but in respect of whom he has in good faith assumed the relation of parent, and has fulfilled the obligations of such rela- Children, not own issue.

tion, when such children are mainly dependent upon his labor for support.

Parents or
grandparents.

(b) Any registrant who has aged and infirm or invalid parents or grandparents mainly dependent on his labor for support.

Brother or sister.

(c) Any registrant who has a helpless brother or sister, regardless of age, mainly dependent on his labor for support.

Section 76. Class IV—Dependency.

RULE IX. In Class IV shall be placed:

Wife or children.

(a) Any married registrant whose wife or children are mainly dependent on his labor for support.

Officials.

B. CLASSIFICATION IN RESPECTS OTHER THAN OF DEPENDENCY, INDUSTRY AND AGRICULTURE.

Section 77. Class III—(continued)—Miscellaneous.

RULE X. In class III shall be placed any registrant found to be—

(d) A county or municipal official who has been elected to such office by popular vote where the office may not be filled by appointment for an unexpired term, and also—

Firemen and
policemen.

(e) A fireman or policeman who is highly trained as such and has been continuously employed and compensated by the municipality which he is now serving for a period of at least three years, and who can not be replaced without substantial and material detriment to the public safety in the municipality in which he is serving.

In Class III shall also be placed—

C. CLASSIFICATION IN RESPECT OF ENGAGEMENT IN INDUSTRY AND AGRICULTURE.

Section 80. Essential principles governing classification in respect of engagement in both industry and agriculture.

Industry and agriculture.

To District Boards will be intrusted the solution of one of the most vital problems of the war. Two things are to be accomplished—to raise armies, to maintain industries and agriculture. As the war proceeds more and more men will be required for the battle line, and yet there are certain industries that must be maintained to the end. Any considerable diminution of man power must interfere to some extent with industry. Since the Army must be raised the diminution must be made, hence it is self-evident that the problem is not absolutely to prevent interference with industry, for that is impossible; it is to reduce interference to a minimum. A balance must be struck and maintained between the military and the industrial needs of the Nation. The very statement of the problem demonstrates most forcibly that in making this economic balance it is the interest of the Nation solely that must be subserved; that the interest of individuals or associations of individuals can not be considered as such, and, indeed, can only benefit from the action of District Boards where the individual interest happens to coincide with the interest of the Nation, and, furthermore, that the success of the Nation's military operations is the dominant object, to which the conservation of certain industries is related as one means to that end.

Balance of military and industrial needs.

Industrial interest must yield to military necessity.

The military necessity being paramount, the task is to foster all necessary industries equally, to the maximum consistent with the military necessity. To accomplish

Industry and agricultural. this purpose, the present regulations and the classified list of persons available for military service are designed. Principle of classification. In its relation to industry and agriculture the essential principle of this classification is—

(1) To defer the calling of indispensable “key” and “pivotal” men of agriculture and industry to the last.

“Key” and “pivotal” men and experts; see secs. 88, 89. For this purpose Class IV was designed. (2) To defer the calling of highly specialized administrative and mechanical experts and “key” and “pivotal” men of a lower grade in both industry and agriculture, until the maximum adjustment of labor supply contributory to industry and agriculture has been exhausted by the demands of the Army. For this purpose Class III was designed.

We come next to consider the difficult problem of making the maximum adjustment of the supply of labor consistent with military necessity.

Two controlling principles must always be kept in mind:

Adjustment of labor supply. (a) Industries, not necessary, can not be protected at all, and, therefore, no deferred classification can be made on the ground of engagement in industry or agriculture not found to be necessary.

(b) At least 80 per cent of the total labor supply appurtenant to any industry, including agriculture, is either wholly removed from the operation of the draft by being under or over the age limit, or is deferred beyond Class II by reason of dependency, alienage, or other grounds of exemption or deferred classification.

Skilled labor, see sec. 87. By placing the supply of skilled labor appurtenant to necessary industry and agriculture in Class II we leave (for the present, at least) available and unimpaired the entire body of men who have fitted themselves for effective engagement in necessary industry and agriculture and place in Class I only persons who are not so necessary for home activities as they are for the battle lines.

Unskilled labor not deferred. To carry this principle into the field of unskilled labor and to place in Class II unskilled labor engaged in necessary industries and agriculture would practically result in such serious inroads into the labor supply appurtenant to purely commercial, auxiliary, and other useful enterprises as to upset the economic balance of the Nation. For this reason unskilled labor can not be segregated into a deferred class.

Section 81. General classification rules applicable to both industry and agriculture.

Particular enterprise must be necessary: See Rule XVII. **RULE XV.** The words “persons engaged in industry, including agriculture,” as used in the Selective Service Law, shall not be construed to mean that a person engaged in industry or agriculture is entitled to deferred classification by reason of the fact that the class of industry in which he is engaged, taken as a whole, or agriculture taken in its entirety,

is necessary to the maintenance of the Military Establishment or the effective operation of the military forces or the maintenance of the national interest during the emergency. In order to support such deferred classification, the evidence must establish that the claimant is engaged in a particular named and designated industrial or agricultural enterprise and that the particular named and designated enterprise is "necessary" in the sense recited in Rule XVII.

Industry and
agriculture.

RULE XVI. In acting on any claim for deferred classification on the ground of engagement in a particular industrial or agricultural enterprise the board shall proceed first to determine whether such enterprise is "necessary" in the sense recited in Rule XVII. If the board does not find that such enterprise is necessary in such sense, the claim is concluded, and the registrant shall be classified in Class I.

If the board determines that the enterprise is "necessary," the board will then proceed to determine whether the registrant is "necessary" to the enterprise in the sense recited in Rule XVIII and in the capacity recited in any of the various Rules in the Classification Schedule. If the board does not find that the registrant is "necessary" in such sense and in any such capacity, the claim is concluded and the registrant shall be classified in Class I.

Registrant
must be neces-
sary. See Rule
XVIII.

RULE XVII. The word "necessary" as applied to any industrial or agricultural enterprise within the meaning of these regulations shall be taken to import that the discontinuance, the serious interruption, or the materially reduced production of such enterprise will result in substantial, material loss and detriment to the adequate and effective maintenance of the Military Establishment, the adequate and effective operation of the military forces, or the maintenance of the national interest during the emergency.

Definition of
"necessary," as
to enterprise.

A particular agricultural or industrial enterprise shall be found to be "necessary" only when it is shown of such enterprise that it is a well-conducted and going concern, contributing substantially and materially to the maintenance of the Military Establishment, the effective operation of the military forces, or the maintenance of the national interest during the emergency; and, further, of a particular agricultural enterprise; that it is apparently producing an appreciable amount of agricultural produce over and above what is

Industry and agriculture. — necessary for the maintenance of those living on the place.

Definition of "necessary," as to individual. **RULE XVIII.** The word "necessary" as applied to the relation of a registrant to an industrial or agricultural enterprise within the meaning of any particular rule governing deferred classification in these regulations shall be taken to import:

(1) That the registrant is actually and completely engaged in the enterprise in the capacity recited in any such rule and that he is competent and qualified in that capacity.

(2) That the removal of the registrant would result in direct, substantial, material loss and detriment to the adequate and effective operation of the enterprise to a degree proportionate to the importance of the capacity recited in the rule.

(3) That the available supply of persons, competent in the capacity recited in the rule, is such that the registrant can not be replaced in such capacity without direct, substantial, material loss and detriment to the adequate and effective operation of the enterprise to a degree proportionate to the importance of such capacity.

NOTE.—In applying Rule XVIII, the Board should consider generally—

Material considerations.

(1) The length of time the registrant has been engaged in the capacity, and especially whether the circumstances of his engagement are such as to convince the Board that he is not now so engaged for the primary purpose of evading military service.

(2) The nature of the claimant's study, training, and experience and the extent and value of his qualification for the capacity in which he is engaged.

(3) The actual condition which would result from his removal.

Section 82. Class I (*continued*)—Agriculture.

RULE XIX. In Class I shall be placed:

PART V.

THE PROCESS OF SELECTION.

A. THE QUESTIONNAIRE.

B. CLASSIFYING REGISTRANTS.

C. PHYSICAL EXAMINATION.

A. THE QUESTIONNAIRE.

Section 90. Preparing classification list.

Classification list; see sec. 267.

The names of persons within the jurisdiction of each Local Board have heretofore been entered on a list (Form 102) in the order of their liability to be called to determine their availability for military service. This list shall be transferred to the Classification List (Form 1000), the pages of which shall be numbered from 1 upward. In transferring names from Form 102 to Form 1000 the address of the registrant shall be omitted, his name shall be entered in column 2, his serial number in column 4, his order number in column 1 and column 30, and, if he is a negro, the abbreviation "col." shall be written or stamped in column 3.

Late registration; see sec. 54.
Change of status; see secs. 120, 121.

When names are to be added to the Classification List, either because of late registration (section 54) or because of change of status (section 120), such names shall be added at the bottom of the Classification List following the names of persons already entered thereon. The proper serial and order number, as soon as assigned, shall be entered opposite the name of each such person in the proper columns. In the left-hand margin of the body of the Classification List, opposite the line in which the registrants order number would have placed his name had there been room to insert it, shall be written the red ink letter "R" followed by the number of the page of the Classification List on which his name appears.

Section 91. The Questionnaire.

Questionnaire; see sec. 268.

(a) The Questionnaire (Form 1001) shall consist primarily of a number of questions, divided into 12 series of questions (addressed to and to be answered under oath by every registrant), designed for the purpose of ascertaining the status of every registrant in relation to the various matters, things, and circumstances constituting ground for exemption or deferred classification. The Questionnaire shall also contain, as an integral part thereof, affidavits in support of claims for exemption or deferred classification in certain cases hereinafter specified. It shall also contain particular and specific regulations and instructions to registrants concerning each

series of questions and the procuring and filing of certificates and affidavits in certain cases. On the first page of the Questionnaire there shall be printed a notification and instruction requiring the registrant (whose name, together with the date of notice, shall be inserted) to fill out and return the Questionnaire in accordance with the regulations. Questionnaire.

(b) The first page of the Questionnaire shall also contain a place for the registrant or other person to claim exemption or deferred classification and a place for a waiver by the registrant or other person of such claim. Claim or waiver.

(c) The answers and affidavits must be signed and sworn to in strict accordance with these regulations, and in strict conformity with the particular rules and instructions relating to the several series of questions in the Questionnaire itself. Signed and sworn to.

Section 92. Mailing the Questionnaire and posting notice.

Beginning on a day and within a period of time to be designated by the Provost Marshal General, each Local Board shall send to the last known address of each registrant whose name appears on the Classification List, a Questionnaire. Before mailing any such Questionnaire, the name, address, telephone number (where procurable), serial number, order number and the stamp of the Local Board shall be entered on the first page of the Questionnaire and on the Cover Sheet (Form 1001-B) of the Questionnaire. The date of mailing shall then be entered on the first page of the Questionnaire, on the Cover Sheet of the Questionnaire, and in column 5 of the Classification List opposite the name of the registrant to whom the Questionnaire is mailed. The notice to the registrant on the first page of the Questionnaire shall then be signed by a member of the Local Board, and the Questionnaire shall be mailed and the Cover Sheet inserted in the files of the Local Board in its alphabetical order. To all registrants on classification list.

Immediately upon the mailing of the Questionnaires the Local Board shall each day post in its office, accessible to the public view, a notice (Form 1002) requiring registrants to whom Questionnaires have been mailed to file their return within seven days after the date of posting of such notice, and advising the public that thereafter the Classification Lists of the Local Board will be open for public inspection, and shall furnish to the press, with a request for publication, a copy of such notice (Form 1002). Cover Sheet; see sec. 270.

In mailing Questionnaires and posting notices on Form 1002 as herein provided, Local Boards shall proceed according to the order number of registrants; and on the day to be named by the Provost Marshal General as hereinbefore provided, and on each day thereafter with the exception of Sundays and legal holidays, shall mail Questionnaires to one-twentieth or five per cent of the registrants within its jurisdiction, Mailing.

Section 93. Notice to registrants and to all interested persons and effect of such notice.

Posting (see sec. 92) constitutes full notice. The posting, at the time of the mailing of a Questionnaire, of the notice by a Local Board prescribed in section 92 shall constitute full notice to all concerned that the process of examination and selection has begun in respect of any registrant whose order number is included in such notice. (See secs. 6 and 7.)

Section 94. Claiming deferred classification.

Deferred classification, how claimed. A claim of deferred classification shall be made by a registrant by placing a cross mark (X) on the first page of the Questionnaire, in the space opposite the division that states the ground of claim and by specifically claiming such deferred classification by his answer to the question at the bottom of such first page. Claims for deferred classification in respect of a registrant by another person shall be made in the same manner, either on the first page of the registrant's Questionnaire or by submitting to the Local Board a specific claim on a duplicate of such first page (Form 1001-A) within seven days after the mailing of the Questionnaire to the registrant, as provided in section 92 hereof. Claims of deferred classification must be made before the Local Board, regardless of whether the claim is to be decided by the Local or District Board. Local Boards shall enter, in column 7 of the Classification List, the date of filing of a claim for deferred classification by another person in respect of a registrant.

Claim by another person; see secs. 97, 98.

(a) None of the printed portions of any of the questions shall be struck out or erased.

Illiterate persons. (b) If the registrant can not read, and the questions are read to him and filled out by some other person, all said questions and his answers thereto shall be read over to him by the officer who administers the oath to him before he signs and swears to the same, and if the registrant can not write, his cross-mark signature to his

answers and to his affidavit must all be witnessed by the same officer. Questionnaire.

(c) Every person making a supporting affidavit must read every question and every answer of the particular series of questions which he is supporting. All blanks in the supporting affidavits must be filled out in the handwriting of the person making the affidavit. Supporting affidavits.

(d) None of the printed matter in the body of the affidavits may be added to, erased, or struck out, except that the word "affirm" shall be struck out by those who swear to the affidavits, and the word "swear" shall be struck out by those who affirm, on account of religious or conscientious scruple against taking an oath. Erasures.

(e) The persons making a supporting affidavit must insert in the proper blank spaces the number of every answer which he swears to be true, and the number of every answer which he swears he believes to be true. Supporting affidavits.

(f) Every registrant who claims exemption or deferred classification, and every person who claims exemption or deferred classification for him, may (and if the Local or District Board shall require it, he or they must) file with the Local Board additional affidavits in support of his or their claim or claims. All affidavits and other written proof (not an integral part of the Questionnaire) filed by the registrant, or by any other person, in support of any claim for exemption or discharge, whether of his or their own motion, or in response to the requirement of the Local or District Board, must be legibly written or typewritten on one side only of white paper of the approximate length, but no longer than a page of the Questionnaire. Additional affidavits.

Section 96. Duty of registrants to return Questionnaire.

The Questionnaire, answered and sworn to in strict accordance with these rules and regulations (and in strict conformity with the specific instructions governing each series of answers, and each separate answer) must be filed with the Local Board on or before the seventh day after the date of mailing of the Questionnaire. It shall be the duty of every registrant to whom a Questionnaire has been mailed, but who, for some reason, has not personally received said Questionnaire; to apply to his Local Board for a copy thereof. Failure to receive the notice and Questionnaire will not excuse the registrant from responding within the time limit, nor shall it be ground for extension of time. Seven days allowed. For computation of time see sec. 8.

When any Questionnaire is returned, the Local Board shall insert in Column 6 of the Classification List, opposite the name of the registrant and on the Cover Sheet the date of the return of the Questionnaire. Failure to receive Questionnaire.

In all cases where the Questionnaire has not been returned within the seven-day period prescribed by these regulations, the registrant shall be treated as provided in Sections 129 and 130 of these regulations, but the failure Return.

Section 97. Limit of time within which persons other than registrant may claim registrant's deferred classification.

Form for claim; see sec. 269.

Time limits; see sec. 196.

Every person other than the registrant who claims exemption or deferred classification of a registrant must make the claim or claims on the first page of the registrant's Questionnaire or on a duplicate of the same (Form 1001-A), and must file the same, with all supporting proof, within seven days after notice to the registrant to answer and file his Questionnaire. In the matter of making claims and other applications, filing the proof in support thereof and noting appeals, every person shall be governed by the same rules as to time limits as the registrant himself.

Section 98. Proof in claims made by claimant other than registrant.

Proof must embody facts required by questionnaire; see sec. 191.

In any case where a registrant has made no claim for exemption or deferred classification, or has failed to prove by his answers and supporting affidavits the facts upon the basis of which some other authorized person claims exemption or deferred classification, or has failed to submit a Questionnaire, the supporting proof to be filed by such other person must embody all the facts in relation to the particular claim which are called for and required by the Questionnaire and these regulations and instructions.

Section 99. Extension of time for filing claims.

When time may be extended.

Local and District Boards shall consider claims for deferred classification by or in respect of a registrant only when such claims are submitted within the time limits prescribed by these regulations, except that the Local or District Board may extend the time for filing claims and proof when a registrant or some other person in respect of a registrant shall show to the satisfaction of the Local or District Board, by affidavit evidence, that the failure to make claim for deferred classification within the prescribed time limits was due to causes other than the fault or neglect of the claimant, or was due to the fact that the claimant is able to produce material evidence bearing upon the merits of the case which would substantially affect the decision of the board, and which did not exist, or which the registrant or other claimant was unable to obtain within the time prescribed. All applications for extension of time and proof in support thereof must be filed with the Local Board and, in cases within the original jurisdiction of the District Board, transmitted by the Local to the District Board, together with any recommendation or finding of fact which the Local Board may desire to submit.

Applications filed with local board.

A minute of the reasons for action of a Local or District Board in extending or refusing to extend time shall be entered in the place provided in the Questionnaire (p. 16) and the date to which time was extended shall be entered on the Cover Sheet.

B. CLASSIFYING REGISTRANTS.

Section 100. Examining proofs and classifying registrants.

Immediately upon the expiration of seven days after the mailing of the Questionnaire and the giving of notice in respect of any registrant, as prescribed in section 92, the Local Board shall proceed to the classification of such registrant into one of the classes prescribed in Part IV hereof.

Mailing and notice; see sec. 92.

In every case where a Questionnaire is returned by a registrant the Local Board shall classify the registrant and mail notice of classification not later than four days after the receipt of the Questionnaire. This shall not affect the duty of Local Boards to proceed to classify in Class 1 registrants failing to return their Questionnaires within the prescribed time.

If, upon examination, the Local Board finds that a Questionnaire does not contain the information required, or contains substantial or material errors which indicate ignorance or lack of knowledge on the part of the registrant, or in case the Local Board shall desire further information, the Board shall require the registrant to appear at a day to be fixed and complete the Questionnaire or correct any substantial or material error which may appear therein, or to furnish such other evidence as the Board may require. Failure on the part of the registrant to appear on or before the day set by the Local Board shall remove the right of the registrant to correct, modify, or add to his Questionnaire.

Errors in questionnaire.

Section 101. Rules governing process of classification by Local Boards.

In classifying registrants Local Boards shall first examine the registrant's entries on the first page of the Questionnaire and also the answers to the Questionnaire and all other proof in the case, and shall proceed to classify the registrant in accordance with the following rules:

RULE XXVII. If the registrant has submitted no Questionnaire, or if neither the registrant nor any person in respect of him has claimed deferred classification, or if the ONLY claim for deferred classification, by or in respect of him, is on the ground of his engagement in industry or agriculture he shall forthwith be classified in Class I, unless he is an alien enemy, or unless the Local Board determines to consider the case for deferred classi-

Alien enemies;
see sec. 79 (e).

Aliens; see sec.
79 (f).

NOTE.—Local Boards will be held strictly responsible that no alien enemy is placed in any class other than Class V. No alien (not an alien enemy) who has not declared his intention to become a citizen of the United States shall be placed in any class other than Class V unless such nondeclarant has stated, in answer to Question No. 2, of Series No. VII of his Questionnaire, that he does not claim exemption on the ground of his alienage.

Local Boards are especially enjoined to scrutinize carefully any claim for exemption of a registrant on the ground of alienage, and, before classifying an alleged alien in Class V, to satisfy themselves beyond reasonable doubt, that the registrant claiming such exemption is not a citizen of the United States and has not declared his intention to become a citizen.

When an alien has declared his intention to become a citizen, regardless of how long ago, he is still liable to draft, even though he has not in the meantime applied for final papers.

Declarants.

Aliens who have declared their intention since June 5, 1917, are subject to draft. Thousands of such declarations have been made. In particular cases Local Boards can determine whether or not such declaration has been made by inquiry of the Deputy Commissioner of Naturalization, Washington, D. C., who will be glad to furnish the information promptly.

Physically unfit; see sec. 79 (g).

RULE XXVIII. In every case in which it shall appear from a registrant's answers to the questions concerning his physical condition, under Series II of questions in the Questionnaire, that he is permanently, and totally physically disqualified for military service; and in every case in which the Board shall receive credible information that a registrant is suffering from some physical, mental, or nervous disability which renders him permanently totally disqualified for military service, the Local Board may proceed at once, in a summary way, to satisfy itself concerning the facts, either with or without physical examination; and after so doing, the Local Board may, by unanimous vote of all three members, place such registrant in Class V without reference to any other fact, if it decides, upon the facts, that the registrant is totally and permanently disqualified.

Consideration
of claims.

RULE XXIX. In any case not involving a claim for deferred classification on the ground of engagement in industry or agriculture, if the registrant, or any person in respect of him claims deferred classification, or if consideration is determined upon by the board without formal claim, the Local Board shall proceed to consider the case for deferred classification.

Cases involving
Class V; see sec.
79.

RULE XXX. If the case is one requiring consideration for classification in Class V, the board shall proceed first to a consideration as to that class. If the board decides to classify the registrant in Class V, it need not proceed to any other classification, unless, after an appeal by the Government Appeal Agent, the

District Board should reverse the said classification, in which event the Local Board shall reopen the case and reclassify it in accordance with these regulations, from which reclassification the registrant, or any authorized person in respect of him, may appeal in accordance with the rules governing appeals generally.

More than one claim.

RULE XXXI. If claim is made for deferred classification on more grounds than one (other than engagement in industry or agriculture), the Local Board shall proceed to a decision on each claim and make a classification as to each claim and shall record its decision as to each claim on the cover sheet (Form 1001-B) of the Questionnaire. The board shall then record on the Classification List only the most deferred classification. Thus, if the registrant or other person presents proof which convinces the Local Board that he should be classified in Class II on one ground and in Class IV on some other ground, both classifications shall be entered on the Cover Sheet of the Questionnaire, but only a record of classification in Class IV will be entered on the Classification List as prescribed in section 102.

Classification by Local Boards.

Cover sheet; see sec. 270.

Entry on classification list; see sec. 102.

RULE XXXII. If claim is made for deferred classification on the ground of engagement in industry or agriculture (whether there be any other claim or not), the Local Board shall in all cases indorse upon the Questionnaire, in the place provided (page 16), its recommendation as to the merits of such claim and its findings as to any fact bearing on such claim as it desires to have considered in support of such recommendation.

Industry and agriculture, recommendation of local board.

RULE XXXIII. The Local Board shall, in every case, indorse upon the Questionnaire in the place provided (page 16) a minute of its decision and the reasons for the classification on all grounds of classification within the jurisdiction of the Local Board.

Minute of reasons.

Section 102. Entering classification on Classification List and on the Cover Sheet.

Immediately upon classifying a registrant, the Local Board shall record the most deferred classification by placing a cross mark (X) in column 8, 9, 10, 11, or 12, as the case may be, of the Classification List opposite the name of the registrant. If the registrant is found to be available for noncombatant service only, as provided in Rule XIV, the symbol zero (0) shall be entered instead of the cross mark (X).

Noncombatants.

Immediately after recording the classification on the Classification List, the classification on every ground will be entered on the Cover Sheet of the Questionnaire by placing in the rectangle designating the classification, the

Classification by Local Boards. letter corresponding to the division on the first page of the Questionnaire that states the ground upon which the board made its classification.

Section 103. Notifying the registrant of classification.

Notices mailed each day; see sec. 277. At the conclusion of each day's business the Local Board shall mail to the last known address of each registrant who has been classified on that day a notice (Form 1005) of its classification of the registrant on all grounds of classification and of the class in which he has been recorded on the Classification List. Immediately upon the mailing of such notice the Local Board shall insert in column 13 of the Classification List and on the Cover Sheet of the Questionnaire the date of mailing said notice.

Classification list; see sec. 102.

Section 104. Appeals from Classification by Local Board.

Time; see sec. 8. Within five days after the mailing of notice of classification by a Local Board as prescribed in section 103, any person who has made a claim for deferred classification of a registrant may file with the Local Board a claim of appeal from the decision of the Local Board denying the claim.

Claim of appeal. To file an appeal, the person claiming the same should enter, or should deputize some other person to enter for him, his claim of appeal, in the place provided in the registrant's Questionnaire (p. 16), at the office of the Local Board.

Entry on Questionnaire.

Appeal agent; see sec. 47.

The Government Appeal Agent or any person specially or generally designated by the Provost Marshal General or by the Governor of the State to take appeals in behalf of the Government may file an appeal from any decision of a Local Board at any time.

Transmission of records.

Immediately upon the filing of any such appeal the Local Board shall enter, in column 14 of the Classification List, the date of filing such appeal.

Section 105. Forwarding certain records to the District Board.

The only cases to be forwarded to the District Board are those containing an agricultural or industrial claim, and those in which a claim of appeal has been duly made. Such cases will be forwarded as follows:

Claim; see sec. 80.

(1) Where the only claim in the case is agricultural or industrial, the case will be forwarded immediately upon the expiration of the seven-day period prescribed in section 92.

Appeal; see sec. 104.

(2) Where the case contains no agricultural or industrial claim it shall be forwarded immediately upon the proper filing of a claim of appeal as prescribed in section 104, and not otherwise.

Claim and appeal.

(3) Where the case contains an agricultural or industrial claim, and also another claim, it shall be forwarded after the expiration of the five-day appeal period pre-

scribed in section 104 unless claim of appeal is made before the expiration of that time, in which event the case shall be forwarded immediately.

Transmitting records to District Boards.

In all the foregoing cases the complete record before the Local Board shall be sent to the District Board, except the Cover Sheet, in lieu of which the Local Board shall forward an exact duplicate of the Cover Sheet (Form 1001-C).

What forwarded.

At the time the record is sent forward to the District Board the Local Board shall insert in Column 15 of the Classification List, and on the Cover Sheet, as the case may require, the date on which such case is sent forward.

Entry in classification list.

Section 106. Docket of District Boards.

District Boards shall proceed immediately upon promulgation of these Rules and Regulations to arrange all duplicate copies of registration cards in alphabetical order in separate sections, one section for each Local Board, and shall hereafter insert in proper alphabetical order in the respective sections all duplicate registration cards forwarded by the Adjutant General of the State, as provided in Section 67.

Copies of registration cards; see sec. 62.

When the record of any registrant is received from a Local Board the District Board shall enter in Columns 1, 2, and 3 of the Docket Book (Form No. 1006) the name, order number, and serial number of the registrant, and shall note on the back of the duplicate registration card of the registrant the page of the Docket Book on which said entry has been entered.

Docket book; see sec. 278.

Name and numbers.

Upon receipt of the record of any registrant, either on appeal or because it contains an agricultural or industrial claim, the District Board shall enter in the Docket in Column 4 or in Column 10, or in both, as the case may require, the date on which such record was received from the Local Board.

Receipt of record; see sec. 108.

Immediately upon classification or reclassification of any registrant, the District Board shall enter in the proper column or columns of the Docket, by cross mark (X) or cipher (0), as the case may be, the classification as determined by the District Board.

Classification, see secs. 107, 121.

When the record is returned to the Local Board the District Board shall enter the date of return in Column 16 of the Docket.

District Boards shall immediately segregate from the appeals of each Local Board in their jurisdiction, enough cases in the first class only, to permit each Local Board to finally classify a sufficient number of men to meet the next quota. These cases must be decided at the earliest possible moment. Thereafter the District Boards will proceed as expeditiously as possible to decide all cases before them, giving preference always to those cases which Local Boards have placed in Class 1. The work should be so distributed that all Local Boards in the jurisdiction shall be enabled to continue the furnishing of quotas without delay.

Return of record; see sec. 108.

Boards.

Receipt of phys-
ical examination
record see sec.
125.

Action and re-
turn; see sec. 126.

Upon receipt of the physical examination record of a registrant on appeal from the finding of any Local Board, the District Board shall enter in Column 17 of the docket the date on which such record was received from the Local Board. The action of the District Board on such appeal shall be entered in the proper columns of the Docket by cross mark (X) or cipher (0), as the case may be, and the date of the return of the physical examination record to the Local Board shall be entered in Column 21 of the Docket.

tached to case.

RULE XXXIV. In considering cases received from Local Boards, District Boards shall at all times give preference to cases in which the only classification by the Local Board is Class I and shall proceed to the consideration of other cases only when there are no such preferred cases before them.

RULE XXXV. In classifying registrants, whether in industrial and agricultural cases, or in cases where appeal has been taken from classification made by Local Boards, District Boards shall be governed by the Classification Rules.

RULE XXXVI. In considering a case on appeal from a Local Board the District Board shall not receive or consider any evidence which was not considered by the Local Board. In appealed cases in which the District Board desires additional evidence, it may return the record of such case to the Local Board with instructions to the Local Board to secure additional evidence concerning matters indicated by the District Board, and to return the record, with such additional evidence, within a time to be fixed by the District Board.

In such cases the Local Board, after having secured the additional evidence required by the District Board, may review its former classification, and if it should reclassify the case in accordance with the original claim for deferred classification, it need not return the case to the District Board, but in such case must notify the District Board of its action.

RULE XXXVII. No evidence in support of claims for deferred classification on an industrial or agricultural ground shall be filed originally with the District Board except where the District Board, after receiving the record from the Local Board, shall call upon the claimant or other person to file with it additional evidence.

RULE XXXVIII. In every case where evidence in industrial or agricultural claims is originally filed with the District Board such

evidence must be attached to the case and returned with the record to the Local Board after the District Board has made its classification.

RULE XXXIX. Upon receipt, by a District Board from a Local Board, of a case containing no claim of appeal, but disclosing a claim for deferred classification on the ground of engagement in industry or agriculture, the District Board shall, without considering other claims for deferred classification, classify the registrant in respect of his claim on the ground of engagement in industry or agriculture.

RULE XL. Upon receipt by a District Board from a Local Board of a case containing a claim of appeal from Classification by a Local Board the District Board shall consider—

appeal.

1. Each classification by the Local Board on a ground, other than engagement in industry or agriculture but only where an appeal has been duly and properly made from the classification by the Local Board on such ground. Where such is the case, and not otherwise, the District Board shall, by reclassification, either affirm, modify, or reverse the classification by the Local Board on such ground.

2. Each claim for deferred classification on the ground of engagement in industry or agriculture (if any there be) and shall classify the registrant in respect of his claim on such ground.

RULE XLI. Immediately upon classification or reclassification the District Board shall enter a statement of its classification or reclassification on the Cover Sheet and a minute of its reasons for such classification or reclassification in the place provided for such purpose in the Questionnaire (page 16).

Minute of rea-
sons for classifica-
tion.

RULE XLII. When the District Board modifies or reverses on appeal the classification of the Local Board, it shall enter, in the place provided in the Questionnaire (page 16) for such purpose, a minute of its reason for modifying or reversing such classification.

sons for action on

RULE XLIII. Immediately upon classification or reclassification of any case, the District Board shall return to the Local Board the entire record in the case.

ord.

Section 108. Procedure of Local Board upon return of record from District Board.

When the record is returned by the District Board to the Local Board the Local Board shall enter the date of return in column 16 of the Classification List, and, if the District Board changes the classification previously made

Entry of new classification; see sec. 102.

Section 109. Notifying the registrant of classification by a District Board.

Notice of classification by district board; see sec. 277.

On the day of entering the date of return of a record from the District Board in column 16 of the Classification List, the Local Board shall mail to the last known address of such registrant a notice (Form 1005) of the classification by the District Board on all grounds of classification within the jurisdiction of the District Board and of the class in which he has been recorded by the Local Board on the Classification List as a result of such classification by the District Board.

Section 110. Notice of final classification.

Notice of final classification; see sec. 279.

Whenever a case has been finally decided, in all respects except physical examination, by both Local and District Boards, or whenever it has been finally decided by a Local Board, and the period of time for claiming appeal to the District Board has lapsed, and regardless of the right of appeal in certain cases to the President, a notice of final classification (Form 1007) showing only the class in which the registrant stands recorded on the Classification List shall be sent to every classified registrant by the Local Board. Since these notices of final classification are tantamount to temporary discharge certificates in Classes II, III, IV, and V, and to selection certificates in Class I, they should be very carefully prepared and mailed. Where practicable the portions to be filled in by the board should be written in attractive script. There should be no delay in furnishing these notices of final classification, regardless of whether notices of tentative classification have just been furnished. This certificate of final classification should be kept by every registrant at all times on his person; and all persons within the ages liable to military service are hereby required to exhibit their notice of final classification when called upon to do so by any member of a Local or District Board or by any police official of any quality or condition whatsoever.

Must be exhibited to police on demand.

Section 111. Appeals to the President from decisions of District Boards.

Appeals to the President may be claimed only in accordance with the provisions of this section.

(a) Classification from which an appeal may be claimed.

Such appeals may be claimed only by or in respect of a registrant classified by a District Board in Class I, or by or in respect of a registrant classified by a District Board in a class more deferred than Class I, when and after the immediately preceding class is exhausted; and only when there has been at least one dissenting vote in the District Board.

(b) Who may claim appeal.

Such appeals may be claimed only by the person who preferred the claim of deferred classification to the District Board (either originally, in an industrial or agricultural case; or by appeal, in a dependency case).

(c) Classes of cases in which an appeal may be claimed.

Such appeals may be claimed from a classification by the District Board which is less deferred than the classification claimed before such District Board in the following cases only:

1. In industrial or agricultural cases.

When the appeal is accompanied by the written and signed recommendation of one member of the Local Board, and either the Government Appeal Agent or the Adjutant General of the State, or

Industry or
agriculture; see
sec. 80.

2. In dependency cases:

When the appeal is accompanied by a signed statement of one member of the Local Board and either the Government Appeal Agent or the Adjutant General of the State certifying that the case is one of great and unusual hardship, stating the circumstances of hardship that will follow the induction of the registrant into military service, and specifically recommending a reconsideration of the case.

Dependency;
see sec. 71.

(d) Time within which an appeal may be claimed.

An appeal by or in respect of a registrant classified by a District Board in Class I may be claimed within five days after the mailing by the Local Board, as prescribed in section 109 of the notice of classification by the District Board.

Time; see sec.

Notice; see sec.
109.

An appeal by or in respect of a registrant classified by a District Board in a class more deferred than Class I may be claimed at any time within 10 days after the class preceding the one in which the registrant is placed is exhausted by calls into military service. The fact of such exhaustion must be certified by the Local Board and attached to the Questionnaire of the registrant.

(e) How the appeal may be claimed.

The person claiming the appeal shall enter or shall dep-
utize some person to enter for him, his claim of appeal at the office of the Local Board, in the place provided in the Questionnaire of the registrant for that purpose (p. 16):

Procedure on appeal to President.

Section 112. Procedure by Local Boards upon receiving a claim of appeal to the President.

Local board examines claim of appeal as to compliance with rules; see sec. 111.

When a claim of appeal to the President is made in accordance with the provisions of section 111, the Local Board shall examine the statements and recommendations filed therewith to see if they comply with the pertinent rules in section 111. Where a noncompliance with such rules is due to error in preparation of the papers, the papers shall be returned for correction. Where such noncompliance is due to the fact that the case does not come within the meaning of such rules, the statements and recommendations in support of the claim shall be returned to the claimant with a statement of their shortcoming, and the case shall not be forwarded. There shall be no appeal from such action by the Local Board.

Forwarded to Provost Marshal General.

Where such statements and recommendations comply with the pertinent rules of section 111, the Local Board shall forward direct to the Provost Marshal General for consideration of the President the complete record of the case, together with the duplicate of the cover sheet of the Questionnaire provided in section 105, retaining in their own records the original of the cover sheet of the Questionnaire, and shall thereupon enter in column 17 the date of forwarding such record to the President.

Section 113. Order by the President that appeal shall operate as a stay of induction into military service.

Local board notified to stay induction.

If, upon the receipt of the record in any case, the President shall decide that induction into military service should be stayed pending his final decision in the case, the Provost Marshal General shall forthwith notify the Local Board to stay the induction of the registrant into military service pending further orders. In this and in no other case shall an appeal to the President operate as a stay of induction into military service.

Section 114. Return to the Local Board of cases appealed to the President.

Immediately after the decision of the President on any case duly appealed to him the Provost Marshal General shall return the record to the Local Board with an indorsement showing the action of the President.

Section 115. Procedure of Local Board upon return of record from the President.

Entries on classification list; see sec. 108.

When a record containing the President's decision on an appeal is returned by the Provost Marshal General to the Local Board, the latter shall enter the date of return in column 18 of the Classification List, and if the President has changed the classification previously made by the District Board, the Local Board shall proceed to change the entries on the Classification List in the method prescribed by section 108 hereof; and shall immediately

Notice; see sec. 110.

mail to the last-named address of such registrant a new notice of final classification on Form 1007 indorsing on the face of Form 1007 the words "Final Classification by the President." Classification.

Section 116. Registrants to report change of status.

Every registrant shall, within five days after the happening thereof, report to his Local Board any fact which might change or affect his classification.

Failure to report change of status as herein required, or making a false report thereof, is a misdemeanor punishable by one year's imprisonment. Effect of failure to report.

Section 117. Reclassification upon change of status to be made on motion of board and not upon claim of registrant.

Registrants must report change of status as prescribed in section 116, but all reclassification on account of change of status in relation to matters other than engagement in industry or agriculture shall be made on the motion of the Local Board, and all reclassification on account of change of status as to engagement in industry or agriculture shall be made upon the motion of the District Board. Reclassification on change of status.

Whenever any such reclassification is made by either Local or District board, the registrant shall be notified in the usual manner, and thereafter the case shall proceed in accordance with these regulations as though it were one of original classification, with the usual notices, rights of appeal, and periods of time as herein prescribed, but no registrant shall have any right to submit a claim for reclassification on the ground of change of status; no Local or District Board shall have jurisdiction to receive a claim for reclassification on the ground of change of status; and from the failure of the Local or District Board to reclassify on the ground of any alleged change of status there shall be no appeal. Registrant may not claim reclassification on change of status.
No appeal from refusal to reclassify on change of status.

Section 118. Local Boards to keep informed of the status of registrants in deferred classes.

Local Boards shall keep themselves informed as to the status of registrants in deferred classes. They may call upon a registrant to report at any time or at stated intervals in regard to his status; they may request the local police authority or the Government Appeal Agent to investigate the status of any registrant; or they may investigate such status themselves and summon witnesses to testify in relation thereto as prescribed in section 9. It is hereby made the duty of any police official or Government Appeal Agent to report to Local Boards any fact that may come to his attention respecting the change of status of a registrant in a deferred classification and to investigate and report upon the status of any registrant when requested to do so by a Local Board. Witnesses; see sec. 9.
Duty of police to investigate.

Change of status reported by Local to District Board.

Section 119. Local Boards to report to District Boards any change of status of registrant requiring reclassification on the ground of engagement in industry or agriculture.

Whenever, through the report of a registrant or in any other manner, a Local Board obtains information indicating that a reclassification of a registrant should be made on the ground of his engagement in industry or agriculture, the Local Board shall report all the facts so obtained to the District Board together with a specific recommendation as to whether or not a reclassification should be made.

Section 120. Procedure for reclassification by a local Board.

Entry on classification list, see sec. 90.
Notice; see sec. 103.

Whenever a Local Board decides to reclassify a registrant on any ground other than engagement in industry or agriculture, it shall enter the name of the registrant at the bottom of the Classification List as prescribed in section 90, shall proceed to reclassify the registrant, and shall send him a notice of classification as prescribed in section 103. Thereafter the case shall proceed in accordance with these regulations as though it were one of original classification.

Section 121. Procedure for reclassification by a District Board.

District Boards' reclassification.

Whenever, either on information obtained by itself or on information reported by a Local Board, a District Board decides to consider a case for reclassification it shall request the Local Board to send up the record in the case. The Local Board shall promptly forward the complete record except the Cover Sheet, in lieu of which shall be forwarded an exact duplicate thereof. Upon receipt of the record the District Board shall either reclassify the case or adhere to the former classification and shall return the record to the Local Board with its action indorsed thereon in the usual manner. If a reclassification has been made upon the motion of a District Board as herein provided, the Local Board shall enter the name of the registrant at the bottom of the Classification List, as prescribed in section 90, shall notify the registrant of the reclassification by the District Board as prescribed in section 109. Thereafter the case shall proceed in all respects as though it were one of original classification by the District Board.

Entry on classification list; see sec. 90.
Notice; see sec. 109.

C. PHYSICAL EXAMINATION.

Section 122. Physical examination.

See Part VIII.

Beginning on such date or dates as the Provost Marshal General shall hereafter fix for the beginning of the physical examination of all or any number or proportion of registrants, and after a registrant has been placed in Class I by a District Board (regardless of any appeal to

the President in his case) or, if no appeal or claim is made before the District Board, then after the lapsing of time for appeal from the placing of the registrant in Class I by the Local Board, the Local Board shall mail to the last known address of any registrant placed in Class I a notice (Form 1009) to appear for physical examination at a time and place to be designated in said notice (which time shall be five days from the date of the mailing of the notice), and shall enter the date of mailing of said notice in Column 19 of the Classification List.

Physical examination.

Time for appeal; see sec. 104.

Notice to appear; see sec. 281.

Upon appearance of the registrant he shall be examined as provided in Part VIII hereof, and the date of his examination shall be entered in column 20 of the Classification List. The examining physician shall immediately enter his report and recommendation in triplicate on the report of physical examination (Form 1010), shall then and there inform the registrant of his conclusion as to whether the registrant is qualified or disqualified for general military service or qualified for limited military service in some specified capacity, and shall forthwith submit his report to the Local Board.

Report of physical examination; see sec. 282

If the registrant is not satisfied with such conclusion he shall then and there record, in the place provided on Form 1010, a request to be sent before a Medical Advisory Board. Failure to make this request on the day the registrant is examined and informed of the examining physician's conclusion shall foreclose the right of the registrant to appeal the finding of the Local Board on the physical qualification of the registrant.

Request to be sent before medical advisory board.

The same procedure as to physical examination provided in these regulations for registrants in Class I shall also apply to all registrants who have been placed in a class more deferred than Class I, so soon as the immediately preceding or earlier class has been exhausted by calls into the military service and not before, except as provided in sections 128, 149, and 150.

Other classes; see also sec. 128.

NOTE.—Whether the examining physician of the Local Board is in doubt or not as to the physical qualification of a registrant for military service he shall nevertheless definitely report the registrant either as qualified or disqualified, and if he is in doubt as to such qualification or disqualification he may request to have the registrant sent before a Medical Advisory Board as prescribed in section 123.

Section 123. Sending doubtful cases to a Medical Advisory Board.

If the examining physician is in doubt as to whether the registrant is to be held for military service, or if the examining physician finds the registrant to be qualified for military service and either the Government Appeal Agent, the registrant, or two members of the Local Board, are dissatisfied with such finding, such examining physician, Government Appeal Agent, members of the Local Board, or registrant may apply to the Local Board to have the registrant sent before the nearest Medical Advisory Board (provided in sections 29 and 44 hereof) for an exhaustive reexamination. Such application shall be

Doubtful cases, or where held qualified.

Medical Advisory Board; see sec. 29.

made by entering it in the place provided in Form 1010. Thereupon the Local Board shall, unless it decides by unanimous vote that the case is one in which there is no room for reasonable doubt, immediately send the registrant before such Medical Advisory Board, forwarding to the Medical Advisory Board the examining physician's report (Form 1010) in triplicate and, where necessary, and when the registrant is not sent at his own request, furnishing the registrant with transportation and meals, and lodging tickets for the time during which he will be before such Medical Advisory Board, in no case to exceed three days.

Where held disqualified.

If the registrant is held to be physically disqualified by the examining physician, the Local Board shall, unless it decides by unanimous vote that the disqualification is so obvious as to leave no room for reasonable doubt, send the registrant before such Medical Advisory Board in the manner just provided.

Findings recorded on Form 1010.

Upon reference of a case from a Local Board as just provided, the Medical Advisory Board shall examine the registrant, record its findings in triplicate on Form 1010, and return all three copies of Form 1010 to the Local Board, with the conclusion and recommendation in the case.

Section 124. Finding by Local Board as to physical qualification.

Advisory board's report; see sec. 123.

Upon receipt of the report and recommendation of the Medical Advisory Board as provided in section 123, or, if the case has not been sent to the Medical Advisory Board, then upon the receipt of the report of the examining physician, the Local Board shall make its decision as to the physical qualification of the registrant. If the registrant is found physically disqualified for general military service, the Local Board shall cancel the cross mark (X) or cipher (0) which has already been entered in a classification column by drawing a red-ink line through such cross mark or cipher and shall enter the classification of the registrant in Class V, column 12. If the registrant is found, in accordance with section 122 hereof, to be physically disqualified for general military service, but qualified to perform special and limited military service, his place in the classification column shall not be changed, but the Local Board shall, with red ink, inscribe a bold circle around the cross mark (X) or cipher (0) in such classification column. (See Sec. 188, Part VIII.)

Entry of finding; see sec. 102.

Qualified for special service; see sec. 122.

While men found disqualified for general military service but qualified for special and limited military service are not placed in Class V, they are subject to induction into military service only when a special or specific call for men disqualified

for general military service and qualified for special military service only is made.

Physical examination.

If the finding of the Local Board is not in accord with the recommendation of the Medical Advisory Board, the Local Board shall make a special report to the District Board of its reason for rejecting the recommendation of the Medical Advisory Board.

Findings of local and advisory boards at variance.

The Local Board shall, on the day of its decision as to the physical qualification of any registrant, mail to such registrant a notice (Form 1011) of the result of such decision and shall enter the date of such mailing in column 21 of the Classification List (Form 1000).

Notice of decision; see sec. 283.

Section 125. Appeal from finding of Local Board as to physical qualifications.

Within five days after the date of the notice prescribed in section 124 any registrant may make a claim of appeal to the District Board from the finding of the Local Board as to his physical qualification for military service. Claim of appeal shall be made by entering the claim in the place provided for that purpose on all three copies of the physical examination report (Form 1010). No registrant may make a claim of appeal unless, upon being notified of the examining physician's finding as to his physical qualification, as prescribed in section 122, and before final decision by the Local Board, such registrant shall have entered an application to be sent before a Medical Advisory Board, as provided in section 122. The Government Appeal Agent may make a claim of appeal on behalf of the United States at any time, but ordinarily he shall not do so when the decision of the Local Board follows the recommendation of the Medical Advisory Board. **He shall always do so when such is not the case.**

Notice; see sec. 124.

Physical examination report; see sec. 282.

Registrant must have applied for examination by advisory board, see sec. 122.

Appeal by appeal agent.

Immediately upon filing of an appeal from the decision of the Local Board as to physical qualification, the Local Board shall transmit to the District Board all three copies of the record of physical examination (Form 1010) in the case, together with any additional evidence as to physical qualification which may have been submitted to the Local Board, and shall enter the date of forwarding such record in column 22 of the Classification List and in the place provided on the Cover Sheet.

Record of examination sent to district board.

Section 126. Action by District Board upon appeal as to physical qualification.

In considering a case appealed on the ground of physical qualification, the District Board shall neither conduct any new physical examination nor shall it receive or consider any evidence which was not considered by the Local Board, but shall, upon consideration of the record sent to it as prescribed in section 125, either affirm, modify, or reverse the decision of the Local Board and promptly enter its finding on all three copies of Form

Decision on record; see sec. 125.

NOTE.—Attention of District Boards is invited to the fact that registrants appealing the result of their physical examination have already been twice examined, one of which examinations was the most thorough that could reasonably be provided in the community, and that before induction into military service they will again be exhaustively examined at a mobilization camp.

Section 127. Procedure of Local Board on return of physical examination record from District Board.

Changes in classification list; see sec. 124.

If the action of the District Board on appeal as to physical qualification changes or affects the classification of the registrant, the Local Board shall make the necessary changes in the Classification List. Whether the action of the District Board changes or affects the Classification by the Local Board or not, the Local Board shall mail to the registrant a notice (Form 1011) of the result of the decision by the District Board, and shall enter the date of mailing of such notice in column 23 of the Classification List.

Notice to registrant; see sec. 283.

Section 128. Physical examination of persons not in Class I.

Classification in Class V; see sec. 79.

Local Boards may, upon the application of registrants in Classes II, III, or IV, examine such registrants physically, pass upon their physical qualifications and, if they are found to be permanently disqualified, to classify them in Class V. This is not a right of the registrant, but it is a privilege that may be accorded by the Local Board where the according of the privilege will not interfere with the prompt and orderly execution of the Selective Service Law.

A. DELINQUENTS.

Section 129. Registrants who fail to return Questionnaires to be placed in Class I.

Any registrant, except an alien enemy, who fails to return the Questionnaire on the date required shall be deemed to have waived all right for filing claims and proof for deferred classification, shall stand classified in Class I, and be so recorded by the Local Board, subject, however, to the rights and privileges of other persons to apply to the Local Board for deferred classification of the registrant, and to the right of the registrant or other persons to apply for an extension of time, as provided in section 99.

Classification in Class I; see sec. 101.
 Extension of time; see sec. 99.

Section 130. Registrants failing to return their Questionnaires or to report for physical examination to be reported to police authority.

The names of persons who fail to return their Questionnaire or to report for physical examination when ordered to do so shall forthwith be sent to the local police authority (see sec. 1, par. (o)), with a request (Form 1012) immediately to visit, in person or through deputies, all such named persons and to bring them before the Local Board. Such names, with a statement of the delinquency of each, should, at the time they are reported to the police, also be reported to the press with a request for publication.

Police; see sec. 1(o).

If the local police authority brings such persons before the Local Board, they shall be treated as provided in section 135 hereof.

Treatment; see sec. 135.

If the local police authority is unable to produce such persons within five days, he shall immediately report to the Local Board all information he may have obtained concerning the delinquent registrants, or if he has no such information he shall report that fact.

Police unable to apprehend.

Local Boards and police may request of postmasters the forwarding address of registrants in respect of whom mailed notices have not been returned as undeliverable. Should the postmaster refuse to give this information, the refusal should be reported to State headquarters, in order that it may be brought to the attention of the Provost Marshal General.

Postmasters to furnish forwarding address; see sec. 52.

Delinquents.

Section 131. Report to the Adjutant General of the State in cases of registrants who fail to return their Questionnaires, or who fail to report for physical examination, and who can not be located.

Police to report;

Report to Adjutant General;
see sec. 285.

Persons found
to be in military
service.

Immediately after receiving the report, prescribed in section 130, from police authority concerning delinquents who can not be located, or if no such report is received, then as soon as practicable after the fifth day following the delinquency, the Local Board shall report the names of such registrants to the Adjutant General of the State (Form 1013), and shall attach to said report all information which may be in the hands of the Local Board respecting such registrants, and a copy of the registration card of each of them, being especially careful to include any information that they may have tending to show that such registrants have enlisted in the military or naval service of the United States, or of a nation at war with the enemy of the United States, or that they are serving with the armies of the United States or of such other nations in some noncombatant capacity. Immediately upon forwarding this report to the Adjutant General of the State the Local Board shall enter the date of the report in column 28 of the Classification List. When it appears to the complete satisfaction of the Local Board that any such delinquent registrant is enlisted in the military or naval service of the United States, the board may forthwith classify him in Class V, and in such case he should not be reported as a delinquent as provided in this section.

Note 1.—It is possible that there will be necessity to report a registrant to the Adjutant General of a State twice as a delinquent. In such case, both dates will be entered in Column 28.

Note 2.—In some cases it has been found that men called by Local Boards who fail to report have already enlisted in the military or naval service of the United States or in hospital or ambulance units abroad or in the armies of nations at war with the enemy of the United States. All such persons are in default, but where the attention of the Local Board or of the Adjutant General of the State is called to the whereabouts of any such person, a full statement of the circumstances shall be included in the report of delinquency prescribed in section 136 to the Adjutant General of the Army, who will decide upon the disposition that is to be made of such case and as to whether the delinquents are to be posted and considered as deserters from the National Army. It therefore behooves all persons who have any interest in such men to inform Local Boards and Adjutants General of States of their whereabouts.

Section 132. Adjutant General to number "Delinquent Orders" serially and to keep a file of such orders.

Delinquent
orders; see sec. 133.

The orders hereinafter prescribed to be given by Adjutants General to delinquents are all to be written on postal-card forms. Adjutants General shall keep copies of all such orders, which shall be serially numbered and the number of each such order entered on the original and copy thereof under the caption "Delinquent Order No. ____" in the upper left-hand corner of the card.

Section 133. Adjutant General to order delinquents to report. Delinquents.

Upon receipt of Form 1013, the Adjutant General of the State shall forthwith notify (Form 1014) the persons named therein to report to him for instructions by mail, telegraph, or in person not later than a day and a hour to be specified by such Adjutant General in such notice, which day and hour shall not be less than 10 days from the date of the notice. Notice to re-
port; see sec. 286.

The day and hour shall be specified by the Adjutant General of the State as the day and hour from and after which such registrants shall be in the military service of the United States, unless, upon the registrant reporting as ordered, the Adjutant General shall stay or rescind such order into military service. In military
service, when.

If the order into military service is not stayed or rescinded by the Adjutant General by a subsequent order in writing prior to the arrival of the day and hour so specified, then from and after the day and hour so specified such person shall be in the military service of the United States, and after the arrival of such day and hour the Adjutant General of the State has no power to stay or rescind such order. Thereafter ad-
jutant general
can not stay
order.

Section 134. Delinquents reporting to Adjutant General of State prior to induction into military service to be ordered to report to Local Board.

If, before the arrival of the day and hour specified for induction into military service, the delinquent person reports to the Adjutant General as ordered, the Adjutant General may, by a written direction (Form 1015) to the delinquent, stay the operation of the order into military service for a period not to exceed 10 days and direct the delinquent to report forthwith in person to his Local Board. If the delinquent is so far distant from his Local Board that it will work hardship for him to report in person to his Local Board, he may apply at once for transfer as prescribed in section 144 hereof, and if his Local Board grants such application, it will write on the face of its order to the board of transfer the word "Delinquent." Whenever, in accordance with this section, the Adjutant General stays the operation of an order into military service pending report to a Local Board, a copy of the order of stay will be sent to the Local Board in the same mail in which the original is sent to the delinquent. Stay of order
into service; see
sec. 287.

Section 135. Action by Local Board when delinquent not yet inducted into military service reports to it.

When a delinquent reports or is transferred to or is brought by a police officer before a Local Board prior to his induction into military service the board shall, in all cases, require him to file a Questionnaire. The board

If the Board finds no reasonable excuse for the delinquency, it may consider the failure to claim deferred classification as a waiver of the right to do so before either Local or District Board, both in their original jurisdiction or on appeal, and may refuse to extend time or reclassify the registrant.

Refusal to extend time. If the delinquency was a failure to report for physical examination, the Local Board should in all cases proceed to physical examination.

Physical examination; see sec. 122. Whether the delinquent is reclassified or not, whenever the delinquency appears to have been willful, the board shall report the case to the nearest representative of the Federal Department of Justice.

Report to Department of Justice. Where a delinquent has reported to the Local Board, pursuant to the orders of the Adjutant General of a State, the board shall, in all cases and on the same day, report the fact to the Adjutant General of the State (Form 1016), who shall at once, by an order in writing (Form 1017), rescind the order for the delinquent's induction into military service.

Report; see sec. 283.

Stay of induction; see sec. 289.

Section 136. Delinquents not reporting to the Adjutant General of a State before induction into military service.

If the delinquent does not report to the Adjutant General of the State before the day and hour specified for his induction into military service, as provided in section 133, the Adjutant General shall, unless he has reason to believe that the failure to report is due to an intent to escape military service, delay five days before reporting the case to The Adjutant General of the Army, as provided in this section; but if after five days from the day specified for induction into military service the registrant has still failed to report, the case will be reported to The Adjutant General of the Army (Form 1018), inclosing a copy of the order of induction into military service (Form 1014) and a copy of the registration card of the delinquent, together with such other information as may be available concerning the delinquent.

Report of delinquents to Adjutant General of Army; see sec. 290.

Section 137. Delinquents reporting to Adjutant General of the State within five days after induction into military service.

If the delinquent reports to the Adjutant General of the State within five days **after** the date set for induction into military service, such Adjutant General shall order him to report to the nearest Medical Advisory Board or to any examining physician of a Local Board for physical examination, and shall defer reporting him to The Adjutant General of the Army until the result of such examination is known. The Medical Advisory Board or such

examining physician shall forthwith examine him and report the result (Form 1010) to the Adjutant General of the State. If the delinquent is found qualified for military service, he shall be ordered by the Adjutant General (Form 1019) to report forthwith to his Local Board for military duty and immediate transportation to a mobilization camp. Where it is impracticable to order the delinquent to report to his own Local Board, he may be ordered to report to another Local Board, whereupon the Adjutant General shall notify the delinquent's Local Board of the order and the case shall thereafter be treated as prescribed in section 148.

Delinquents.

Report of examination; see sec. 282.

Order to report for duty; see sec. 291.

No report is necessary to The Adjutant General of the Army in this case, but the Adjutant General of the State shall make a full report of all circumstances of the case in a letter addressed to the Commanding Officer of the mobilization camp, but sent to the delinquent's Local Board, together with the order of induction into military service (Form 1014), the order to report to such Local Board for military duty, and three copies of the report of the Medical Advisory Board or examining physician (Form 1010). The Local Board shall forthwith send the man to the mobilization camp in the usual manner, inclosing with Form 1029 the special report of the Adjutant General of the State, the order of induction into military service (Form 1014), the order to report to the Local Board for military duty (Form 1019), the report of the Medical Advisory Board in duplicate, and a copy of the delinquent's registration card in duplicate.

Report to camp.

Sent to camp; see Part VII.

If the delinquent is found to be disqualified for military service, the Adjutant General of the State shall report the case to the Commanding Officer of the mobilization camp direct, by letter, inclosing copies of the order of induction into military service (Form 1014) and the report of the Medical Advisory Board or examining physician. Such Commanding Officer shall, in his discretion, forthwith order the delinquent discharged from military service or shall order him before a court-martial, as the interests of the service may require.

Report of delinquents found disqualified.

Section 138. Delinquents reporting to the Adjutant General of State more than five days after induction into military service.

If the delinquent reports to the Adjutant General of the State after his case has been reported by the Adjutant General of the State to The Adjutant General of the Army, the procedure prescribed in section 137 shall be followed except that a special report (Form 1020) shall be made to The Adjutant General of the Army by the Adjutant General of the State of the fact that the delinquent has reported and of the result of his physical examination by the Medical Advisory Board or examining physician.

Special report to Adjutant General of Army; see sec. 292.

Delinquents. **Section 139. Delinquents inducted into military service by order of Adjutant General of State—Special circumstances of hardship.**

There are a few cases where, even after all the ample notice provided by these regulations, the induction of a delinquent into military service under orders of the Adjutant General of a State results in great hardship on men whose delinquency is not willful, or upon others dependent upon them for support. After induction into military service, Local and District Boards have no authority to discharge from draft, but the relief can be granted by the Commanding Officer of a mobilization camp. Such Commanding Officers are hereby authorized to order such discharges upon recommendation of Adjutants General of States, made as hereinafter provided, and not otherwise.

When such cases come to the attention of the Adjutant General of a State he may direct the Local Board to receive from the delinquent a Questionnaire, across the front sheet of which shall be written by the Local Board in large characters, in red ink, the words "Recommendation only."

Classification.

The Local Board shall thereupon proceed to classify the registrant in the usual manner. The Government Appeal Agent shall enter an appeal. The District Board shall review the case and send the Questionnaire showing final classification to the Adjutant General of the State, who shall indorse thereon his recommendation and forward it to the Commanding Officer of the mobilization camp. Upon receipt of the Questionnaire, the Commanding Officer of the mobilization camp may order the registrant discharged from military service for the convenience of the Government.

The Questionnaire will be returned by the Commanding Officer to the Local Board.

If discharged from military service, the registrant shall thereafter stand classified for service in accordance with the classification determined by the Local and District Board in all respects as though such classification had been made in the usual manner.

Important Note.—This is the only case in which a case can be reopened by a Local or District Board after induction into military service.

Section 140. Persons inducted into military service failing to report to a Local Board for transportation to a mobilization camp when directed to do so, or who fail to entrain, or who absent themselves from entrainment.

Deserters; see
sec. 49.

Persons inducted into military service who absent themselves therefrom with an intent to evade military service **ARE DESERTERS.** The names of all selected men inducted into military service as hereinbefore provided, who shall fail to report to their Local Board for

military duty when ordered by their Local Board to do so, or who shall absent themselves from the jurisdiction of such Local Board during the period they are under orders of the Local Board as prescribed in section 157 hereof, or who shall absent themselves from entrainment or from their party en route to a mobilization camp, shall be reported by the Local Board to the local police authority on Form 1012 with copies of their registration cards.

If such local police authority is unable to produce such persons within 48 hours, the Local Board shall immediately report the names of such persons to The Adjutant General of the Army direct on Form 1018, inclosing a copy of the order of induction into military service (Form 1028), the registration card (Form 1), and the report of physical examination (Form 1010) in respect of each of such persons, and shall enter the date of mailing of such report in column 25 of the Classification List.

If the local police authority produces such delinquents within 48 hours, or if such persons present themselves to the Local Board before or after the expiration of 48 hours, the Local Board shall inquire into the cases of each of such persons, for the purpose of determining whether the delinquency was willful. If the Local Board determines that the offense was not willful, the delinquents shall not be treated as deserters, the police authority shall forthwith surrender them to the Local Board and may collect no reward from the Government for their apprehension. If the offense is determined by the Local Board to be not willful, the Local Board shall send such persons to a mobilization camp in the usual manner, making a report of all the circumstances of the case to the Commanding Officer of the mobilization camp. If it does not clearly and unquestionably appear that such offense was not willful, the Local Board shall furnish the police authority with the certificate prescribed by section 51 and turn the delinquent over to the police for delivery to the nearest Army camp, post, or station as a deserter, as provided in section 51 hereof.

B. TRANSFERRED CASES.

Section 141. Transfer of Physical examination.

A registrant who is so far distant from his home when called to report to his Local Board for physical examination or when his physical examination is imminent, as to make it a hardship for him to so report, may, at his own expense, request of his Local Board, by mail or telegram, permission to be examined by the nearest Medical Advisory Board (naming it) provided in sections 29 and 44 hereof. Upon receipt of such a request the Local Board shall mail to the registrant an order to report to such Medical Advisory Board (Form 1022) for examination, and to the Medical Advisory Board (Form

Examination by nearest medical advisory board; see sec. 44.

Order; see sec. 294.

Transfers. 1022A) a request that he be so examined. Thereupon the Medical Advisory Board shall examine the registrant, fill out Form 1010 in triplicate in respect of him, and forward all three copies to the Local Board, which will then pass upon the physical qualifications of the registrant and notify him of its action in the usual manner.

Section 142. Physical examination of persons residing abroad.

Either before or upon receiving a notice to report for physical examination, a registrant residing in a foreign country in a place too far for exacting a journey to the United States may, at his own expense, apply by mail, cable, or telegram to be physically examined by a nearby physician to be appointed by the American consul to make the examination. Thereupon the Local Board should forward to the applicant four copies of Form 1010 and a copy of these regulations. Upon receipt thereof the applicant shall present himself to the consul. The consul shall appoint a competent physician to make the examination and shall indorse the appointment upon the face of three copies of Form 1010. Thereupon the examination shall be made and the consul shall return the report of physical examination, in triplicate, to the Local Board. Upon receipt of such report, the Local Board may proceed to a decision as to the physical qualification of the registrant.

Places adjacent to United States.

The foregoing rule does not apply to the places adjacent to the United States reasonably accessible. In such cases the registrant should return to his Local Board, or apply for a transfer of physical examination to a Local Board in the United States under the provisions of section 141.

Section 143. Mariners actually employed on the Great Lakes.

A mariner employed on the Great Lakes may apply to the Local Board which has called him to have his physical examination made by any board hereinafter named, and upon such application his Local Board may issue an order designating any Local Board having jurisdiction in any of the following cities or towns or any division thereof to make such physical examination:

Cities designated for examination of mariners.

Buffalo, N. Y.; Erie, Pa.; Conneaut, Ashtabula, Fairport, Painesville, Cleveland, Lorain, Huron, Toledo, and Sandusky, Ohio; Detroit, Marquette, and Escanaba, Mich.; Ashland, Superior, Sheboygan, and Milwaukee, Wis.; Duluth and Two Harbors, Minn.; Chicago, Ill.; Gary, Ind.

The order should state that any Local Board having jurisdiction in any of the above cities or any division thereof may make the examination instead of stating that any particular board may make the examination.

Section 144. Transfer of Classification.

Transfers.

Any registrant who is so far distant from his Local Board as to make it a hardship for him to respond to and comply with notices and requirements to perform any duty or duties under the Selective Service Law and these Regulations, or who expects thereafter to be at such distance, may apply to his Local Board to have his classification and all future procedure in respect of him, transferred to another Local Board and support his application with such evidence of necessity as he cares to submit.

Application for transfer.

Before making such application the Questionnaire of the registrant must, in all cases, be submitted to the Local Board of origin.

Upon receipt of such an application the Local Board of origin shall consider the application, and, if it appears to be meritorious, shall issue an order permitting classification to be made by another Local Board and shall notify both the registrant and the Local Board of transfer on Form 1023. The Local Board of origin shall then make an exact duplicate of the Cover Sheet, shall write at the top of both original and duplicate of the Cover Sheet the word "**Transferred**" and shall forward to the Local Board of transfer the Questionnaire and original cover sheet, retaining in its own files the duplicate of the cover sheet.

Order of transfer; see sec. 296.

Important note.—Very great care should be taken by Local Boards to whom applications for transfer are made to insure that the application is not made for the purpose of evading military service. Transfer should be granted only where hardship would follow its refusal. If the board is in doubt as to the good faith of a request it may transfer the case to a board located near the one to which transfer is requested rather than to the board to which transfer is requested.

Careful scrutiny required.

The Local Board of transfer shall receive the Questionnaire of the registrant, **but it shall not change the stamped local board designation on the first sheet thereof.** The jurisdiction of transfer (both Local and District Board) shall then proceed to a classification in all respects as though the case had originated within its jurisdiction, except that:

Procedure by board of transfer.

(1) The case shall not be entered on the same Classification List as that for persons within the jurisdiction of transfer **but each Local Board shall keep a separate Classification List for cases transferred to it in which all entries shall be made in red ink.** In the box preceding the caption, "Classification List," shall be entered the word "**Transferred.**" In column 29, opposite the name of each registrant whose case has been transferred, shall be entered the designation of the board from which it was transferred.

Call for service;
sec sec. 157.

(3) Transferred registrants shall not be called for military service by a Local Board of transfer in the order in which their serial number would send them if they were registered in the jurisdiction of transfer, but they shall be called by the Local Board of transfer only when such board of transfer receives from the Local Board of origin orders for such registrant to report for military duty to the Local Board of transfer, and then strictly in accordance with section 148 of these regulations.

Section 145. Suspension of action on transfer of classification.

Board of origin
to suspend action
until receipt of
Form 1007.

When a case has been transferred from a Local Board of origin to another Local Board, for classification, the Local Board of origin shall not treat the registrant as a delinquent or deserter or take any action concerning him until it has received the report (Form 1007) from the Local Board of transfer.

Board of trans-
fer to send Form
1007 immediately
on classification.

A Local Board of transfer to which a case has been transferred for classification shall immediately upon final classification of the transferred registrant send its report (Form 1007) to the Local Board of origin.

Section 146. Entry of transferred cases on classification lists of Local Boards of origin.

When a case is transferred, the Local Board of origin shall retain the name of the registrant on the Classification List and shall note in column 29 in red ink, opposite the registrant's name, the name of the Local Board to which the case has been transferred and the date of transfer.

Notice of class-
fication; see sec.
144 (2).

When the copy of Form 1007 is received by the Local Board of origin, as prescribed in section 145 hereof, the Local Board of origin shall enter on its Classification List the classification made by the jurisdiction of transfer.

Call for service;
see sec. 144 (3).

When the order of call of such transferred persons is reached by the Local Board of origin, such persons shall be called for military service, as provided in section 148 hereof.

Section 147. Registrants absent from the jurisdiction of their Local Boards may, under certain circumstances, be sent to a mobilization camp with the contingent of another Local Board.

Order to report;
see sec. 157.

When the order to report for military duty (Form 1028) finds a registrant absent from the jurisdiction of his Local Board, he may apply in person to another Local Board to be ordered to report for military duty to the latter Local Board, which shall immediately pass upon such application and notify the Local Board of origin of its decision. Such permission shall be granted only in cases where its refusal would cause hardship and where the Local Board to which application is made is convinced that the application

is meritorious and is not a mere attempt on the part of the registrant to select the mobilization camp that he personally prefers. Transfers.

Where such permission is granted, the case will be treated as provided in section 148 hereof. Procedure; see sec. 148.

Section 148. Sending men whose cases have been transferred, and men who apply or are ordered to be sent with contingents of other Local Boards to mobilization camps.

The following methods will be used by Local Boards of origin in sending to mobilization camps registrants whose cases have been transferred as provided in section 144 or whose applications to be sent with the quota of another board have been granted as provided in section 147, or who have been ordered by the Adjutant General of a State to be sent from another board as provided in section 137. Transfer; see sec. 144.
Sent with another quota; see sec. 147.
Order by adjutant general; see sec. 137.

When it becomes necessary to send any such registrant to a mobilization camp, the Local Board of origin shall make out and forward to the Local Board of transfer: Board of origin forwards papers.

(1) Form 1028 (order to report for military duty) in respect of the registrant, ordering him to report for military duty to the Local Board of transfer and leaving blank the date and hour. See sec. 301.

(2) Four copies of Form 1029 in respect of the registrant, filling in the name of the proper mobilization camp, and leaving blank the day and hour for reporting. See sec. 303.

(3) Two copies of Form 1 (registration card) in respect of the registrant. See sec. 275.

(4) (In cases mentioned in section 147 only.) Two copies of Form 1010 in respect of the registrant. See sec. 282.

Upon receipt of these papers the Local Board of transfer shall fill in the day and hour for reporting in Form 1029 and Form 1028, shall transmit to the registrant his order to report, and shall forward him in the usual manner to the mobilization camp, using the four copies of Form 1029 sent by the Local Board of origin. Order to report; see sec. 157.

C. SPECIAL CASES OF INDUCTION INTO MILITARY SERVICE.

Section 149. Induction into military service of technical and other experts and of registrants highly skilled in some special line of work.

The deferred classification of experts and men highly skilled in industry or agriculture is intended to prevent the waste incident to induction into military service of men whose special qualifications render them more valuable to the national interest in some other capacity.

There are, however, circumstances in which the need of the military establishment for men expert or highly skilled is such that the national interest is better served

Special cases of induction. by inducting such men into military service than by leaving them engaged in industry or agriculture.

In such circumstances, neither deferred classification on the ground of engagement in industry or agriculture, nor the order numbers heretofore assigned by lot, can be permitted to defer the call of such men into military service.

Method of requisition. When there is need for the services of men expert or highly skilled in any special class of work, The Adjutant General of the Army shall make requisition on the Provost Marshal General for the number and class of men needed.

Call upon Governors. Thereupon the Provost Marshal General shall call upon the Governors of one or more of the several States for such number of the total required as will distribute the burden equally among the States as far as practicable.

Call upon boards. Thereupon the Adjutant General of the State shall call upon one or more Local Boards to examine the Questionnaires of registrants within their jurisdiction, and to prepare a list of registrants with the qualifications required, who stand in any of the first four classes (including as to registrants standing in a deferred class only those placed therein on the sole ground of engagement in industry or agriculture) together with a memorandum showing, as to each such registrant, his order number and a statement of his qualifications along the lines indicated; such memorandum to include, after inquiry by the Local Boards, a specific statement as to whether or not, in view of the Nation's need for men of his qualifications, he consents to be inducted into military service.

Examination. Thereupon the Adjutant General of the State shall examine the lists and memoranda and shall order the immediate physical examination and induction into military service of such men as will best meet the requirements specified, not to exceed the number called for from the State. Among registrants whose qualifications are equal, those who consent to induction into military service shall be selected first, and those who do not consent shall be selected in the order determined by their class and order number; but only men fully meeting the requirements called for shall be sent, and this regardless of the consent or less deferred classification of men less well equipped to meet the requirements of the Nation. No man standing in a deferred class on any ground other than engagement in industry or agriculture, shall be inducted into military service, except upon special order of the Secretary of War.

Order in which taken. Men so inducted into military service shall be mobilized in the usual manner and shall be sent to such place as may be specially directed by the Provost Marshal General.

Mobilization;
see part VII.

Section 150. Induction into military service out of order.

Requirements. Any registrant, not an alien enemy, whose order number is so low that he is not within the current quota of

his Local Board, may be inducted immediately into military service on his own written request by complying with the following requirements: Special cases of induction.

(a) If he is in Class II, III, or IV, he shall file with his Local Board a waiver of all claims of deferred classification.

(b) If he is in Class IV, on the ground of dependency, he must accompany his application and waiver with a waiver from those persons in behalf of whom he was so placed in Class IV. No waiver from children or persons *non compos mentis* shall be recognized by a Local Board.

Upon receipt of such application and waiver, the Local Board shall examine him physically and, if he is found qualified for military service, shall immediately induct him into such service by issuing, in respect of him, the usual order of induction into military service, specifying the date desired by him (but not later than seven days after the date of his application) for induction into military service. The Local Board shall thereupon send him in the usual manner to the nearest mobilization camp for assignment to duty, but not as or with any part of the current quota of such Local Board.

Nothing in this section shall be construed as authorizing any Local Board to send less than the total quota called for from the Local Board composed entirely of registrants whose induction into military service was not advanced under the provisions of this section. Credits for such registrants so inducted into military service out of their order will be allowed to Local Boards on the quota called for next after their induction into military service.

Section 151. Voluntary enlistment and commissioning of registrants.

Except in the following cases, no registrant may enlist voluntarily in the military or naval service of the United States:

(a) Upon presentation to a recruiting officer of a certificate by his Local Board to the effect that his class and order number are so low that he is not within the current quota of his Local Board, any registrant may enlist voluntarily in the Navy or in the Marine Corps and thereafter, upon presentation by the registrant to his Local Board of a certificate of a Commissioned Officer of the Navy or Marine Corps stating that he has been so enlisted, such certificate shall be filed with the Questionnaire and the registrant shall be placed in Class V on the ground that he is in the naval service of the United States.

(b) Under such regulations as the Surgeon General may prescribe and upon receiving permission from the Surgeon General to do so, any medical student, hospital interne, dentist, dental student, veterinarian, or veterinary student may enlist in the enlisted reserve corps of

There is no other ground upon which such persons (as such) may be placed in a deferred classification.

(c) Any registrant at any time, regardless of classification and order number, may be commissioned in the Army, Navy, or Marine Corps, or appointed an army field clerk, and thereafter, on presentation by the registrant to his Local Board of a certificate of his Commanding Officer stating that he has been so commissioned or appointed, such certificate shall be filed with the Questionnaire and the registrant shall be placed in Class V on the ground that he is in the military or naval service of the United States.

D. REGISTRANTS EMPLOYED UNDER GENERAL SUPERVISION OF NAVY OR EMERGENCY FLEET CORPORATION IN THE BUILDING OR FITTING OF SHIPS.

Section 152. The Emergency Fleet Classification List.

Classification; see Part IV.

Employment under the general supervision of the Navy or the Emergency Fleet Corporation in the building or fitting of ships shall not be regarded as ground for deferred classification, and all registrants so employed shall be classified by Local or District Boards without regard to such employment. Every Local Board shall, however, maintain a special copy of the Classification List, preceding the caption of which, in the box there provided, shall be written in bold characters the words "Emergency Fleet."

Section 153. Entering certain registrants on Emergency Fleet Classification List.

Request; see sec. 297.

Immediately upon receipt from the Commandant of any Navy Yard or Naval Station, the Naval Officer charged with the inspection of vessels and their equipment being constructed for the Navy, the Principal Representative of the Emergency Fleet Corporation in any Shipyard, the Superintendent of any Emergency Fleet Corporation District, or the General Manager of the Emergency Fleet Corporation, of a request (Form 1024) that any registrant whose name and serial number and the designation of whose Local Board are stated in the request, shall be placed upon the Emergency Fleet Classification List, and certifying that such registrant is employed under supervision of the Navy or the Emergency Fleet Corporation

in the building or fitting of ships, the Local Board shall forthwith enter the name of such registrant on the Emergency Fleet Classification List, and shall enter in Column 29 of the Original Classification List, opposite the name of such registrant, the letters "E. F." in red ink. The classification of such registrant and all process herein prescribed in respect of him shall not be changed, except that, so long as he remains on the Emergency Fleet Classification List, he shall be regarded as not available for military service and, in all respects, as though he stood classified in Class V.

Section 154. Removing registrants from Emergency Fleet Classification List.

(a) Immediately upon discharge or removal of any registrant, who has been entered on the Emergency Fleet Classification List, from employment in the building and fitting of ships under the supervision of the Emergency Fleet Corporation or of the Navy, the officer who has requested his entry on that list, as prescribed in section 153 hereof, is required to report (Form 1025) to his Local Board the fact of his removal or discharge.

(b) Within five days after the 1st of every month, any officer specified in section 153 who has requested that a registrant be placed upon the Emergency Fleet Classification List of any Local Board, and who has not rendered the report prescribed in paragraph (a) of this section in respect of such registrant, is required to report to such board (Form 1025) that such registrant is still employed under the circumstances upon which he was placed on such list and to request the continuance of such registrant upon such list.

(c) On the 10th of each month Local Boards shall carefully check up the reports received since the 1st of the month in respect of registrants entered on the Emergency Fleet Classification List.

(d) Whenever the report prescribed in paragraph (a) hereof is received, or whenever, upon the check prescribed in paragraph (c) hereof, it appears that the report prescribed in paragraph (b) hereof has not been received in respect of any registrant on the Emergency Fleet Classification List, the name of such registrant shall be stricken forthwith from such list by drawing a red-ink line through it. The letters "E. F." shall be likewise removed from their place on original Classification List opposite the name of such registrant, and the registrant shall thereafter stand classified as though his name had never been entered upon the Emergency Fleet Classification List. He shall not be eligible for reentry on the latter list for a period of one month from the date of his removal therefrom. If his class and order number have been reached or passed by calls into military service he shall be immediately inducted into military service in the normal manner, and, after the order for him to

Section 155. Officers of the Navy or the Emergency Fleet Corporation to number reports and requests serially and to keep a file of the same.

Officers making reports and requests, see sec. 153.

The reports and requests concerning registrants engaged in the building or fitting of ships are to be made on postal card forms. Each officer authorized by Section 153 to make such reports and requests shall keep copies thereof, which shall be serially numbered and the number of each such report or request shall be entered on the original and the copy thereof under the caption "Emergency Fleet Report (or Request) No. —" in the upper left-hand corner of the card.

E. PERMITS FOR PASSPORTS.

For passports. Section 156. Permits for passports and to go to Canada.

The State Department issues passports to persons subject to draft only when the application is accompanied by a permit of the Provost Marshal General to leave the country.

To Canada. No passport is required by the State Department to go to Canada, but persons subject to draft who desire to cross the line are often subjected to delay while their cases are being investigated.

Issued by Local Board.

When any registered person desires a passport or to go to Canada, he may apply to his Local Board for a permit. The Local Board shall consider the application, and if the person is not likely to be called within the period of the proposed absence, or if the board is otherwise assured that favorable action will not result in evasion of or interference with the execution of the law, the Local Board shall take from the applicant a statement of his address while absent, and an engagement to keep himself informed of any call that may be made upon him and to return immediately upon call. Thereupon the Local Board may issue the permit.

Forms, see secs. 299, 300.

The forms for this application (Form 1026) and permit (Form 1027) will be found in Sections 299 and 300, but no printed forms will be furnished.

Applicants distant from own board.

If the applicant is so far distant from his own Local Board that it would work hardship for him to apply thereto for a permit, he may apply to the nearest Local Board to investigate his case and at the registrant's expense to telegraph or write to the registrant's Local Board for authority to issue the permit with a recommendation as to the advisability of issuing it. Upon receipt of such authority the Local Board to which the registrant applies may issue the permit.

PART VII.

MOBILIZATION.

Section 157. The order and notification of induction into military service.

The Provost Marshal General is charged with the mobilization of selected men and with all matters relating to their assembly, entrainment, and transportation up to the time they arrive at a mobilization camp and including supervision of the preparation of schedules for entrainment and transportation. The Provost Marshal General shall notify each State Adjutant General to furnish, at a specified time or times and place or places, the net quota of the State or any proportion or part thereof; whereupon the Adjutant General of the State shall notify each Local Board of the exact number of selected men to be furnished by such Board, and of the date, place, and hour of entrainment. Upon receipt of this notification from the Adjutant General of the State, the Local Board shall enter in column 24 on the Classification List, after the name of each registrant to be called for entrainment, the day and hour on which the registrant is to report to the Local Board, which day and hour must be not more than 24 nor less than 6 hours in advance of the time set for entrainment.

Notification of quotas.

Entry in classification list; see sec. 267.

Immediately upon making such entries in column 24 of the Classification List opposite the name of each such registrant the Local Board shall mail to the last-known address of each such registrant an order (Form 1028, including Form 1028A) to report to the Local Board for military duty at the hour, day, and place specified in said order, which hour and day shall be the same as that stamped or written in column 24 of the Classification List after the name of such registrant. From and after the day and hour thus specified each such registrant shall be in the military service of the United States, and either the entry of such date after the name of any such registrant on the Classification List or the mailing to any such registrant of the order into military service as provided in this paragraph shall constitute the giving of notice to such registrant that from and after such day and hour he will be in the military service of the United States, and of his duty to report to the Local Board at the hour and on the day specified.

Notice to registrants; see sec. 301, and 302.

In military service.

Orders to report to a Local Board for military duty (Form 1028) should be issued in ample time for selected men to compose their affairs before leaving home.

Mobilization.

Section 158. Selecting qualified men for entrainment.

The men to be ordered into military service by a Local Board in filling any part of its quota shall be selected in the order of their liability within their class as shown on the Classification List, including noncombatants, except that—

Advancement of time.

(a) Any registrant whose order number is so early that, although he is not within the particular part of the quota which is to be sent, he is within the total quota, may make application to the Local Board to be ordered into military service and entrained with that part of the quota of the Local Board to be sent next after such application. **If the granting of the application would increase the number ordered by the Adjutant General to be entrained by more than two men, the application will be denied.**

Postponement of time.

(b) To relieve cases of special hardship, or cases of persons temporarily disabled by reason of sickness or injury, the Local Board may delay the call of any registrant whose order number is within the part of the quota to be sent, and may call in place of him another registrant whose order number, while not within such part, is within the total quota. Great care must be taken to see that no hardship is imposed on the person sent in place of the registrant whose call is thus delayed. The authority granted herein must be exercised sparingly and only in cases of special hardship or temporary disability shown to the satisfaction of the Board.

See sec. 124.

(c) No man physically disqualified for general military service but physically qualified for special and limited service shall be inducted into military service except upon a special and specific call by the Adjutant General of the State for men physically disqualified for general military service and physically qualified for special and limited military service only.

"Finally classified"; see sec. 110.

(d) No man whose classification is still pending before a Local or District Board shall be ordered into military service, but the fact that the classification of men with earlier order numbers is still pending before a Local or District Board shall not defer the order into military service of any registrant who has been finally classified and whose place on the Classification List (excluding the names and numbers of men whose classification is pending before a Local or District Board) makes him next for call.

Limitations on change in time.

Nothing in this section shall be construed as authorizing a Local Board to send to military service any registrant whose order number is so late that he is not within the current quota of the Board, or to delay beyond the date when the last of the quota is ordered into military service the order

into military service of any registrant whose number is within the quota, or to send less than the total number called for by the Adjutant General of the State, or more than two men in excess thereof.

Mobilization.

Section 159. Preparing mobilization papers to go to camp.

After the mailing of the orders into military service prescribed in section 157 and in ample time before entrainment the Local Board shall prepare the following papers:

(a) Four copies of a list on Form 1029 of men ordered to report for military duty as prescribed in section 157 hereof. The Local Board shall place on this list after the name of any man found to be a noncombatant in accordance with section 79 the symbol zero (0).

List, see sec. 303.

(b) Two certified copies of the original registration card of each person whose name is included on Form 1029.

Noncombatants.

Copies of registration card.

(c) Two copies of the report of physical examination in respect of each person whose name is included on Form 1029. These are two of the copies of Form 1010 already prepared. The Local Board shall retain the third copy in its files.

Copies of physical examination.

These papers must be prepared with the greatest care and particularity, especial attention being paid to the correct spelling and accurate entry of names.

Section 160. What to do with mobilization papers.

The Local Board shall divide these papers into two sets, the first set to contain two copies of Form 1029 and one copy each of the registration card and of the physical examination report in respect of each person whose name is entered on Form 1029. The papers in this set are to be delivered to the man in charge of the party, to be handed by him to the military authorities immediately upon the arrival of the party at the mobilization camp.

Papers; see sec. 159.

Papers carried with party; disposition; see sec. 172.

The second set is to contain one copy of Form 1029 and one copy each of the registration card and report of physical examination in respect of each person whose name is entered on Form 1029. The papers in this set are to be mailed to the Adjutant at the mobilization camp by registered mail by the Local Board immediately upon the entrainment of the party. The fourth copy of Form 1029 is to be retained with the records of the Local Board.

Papers mailed.

Section 161. Providing meals and lodging.

If it should be necessary to provide meals and lodging for any selected man or men who have been ordered to report to a Local Board for entrainment, the Local Board shall, in ample time before such persons are ordered to report, make the necessary arrangements with hotels, restaurants, or lodging houses for the accommodation of such selected man or men, inspect the sleeping places to see that the arrangements are decent and sanitary, and

Meals and lodgings provided by local boards.

Mobilization. inspect the food ordinarily furnished to see that it is wholesome and properly and cleanly prepared and served. A selected man can be provided with meals and lodging only during the interval between the time specified for his reporting to the Local Board for military duty and the time of his arrival at the mobilization camp.

Order to report;
see sec. 157.

Meals and lodging thus furnished will be paid for by the Local Board in meal tickets. Not more than four such tickets shall be used for the food and lodging for one man for one day.

Section 162. First roll call and orders.

List; see sec. 159.

At the time and place specified for the selected men to report for military duty, the Local Board will check on its copy of Form 1029 the men who report for duty and shall instruct these men, by order of the Provost Marshal General—

Roll call.

1. That they must report in person at a specified hour to the Local Board for roll call.

Entrainment.

2. That they are to report in person to the Local Board at a specified hour on the day of entrainment.

Punctuality.

3. That they are now in the military service of the United States and that unpunctuality and failure to report are grave military offenses in time of war.

Section 163. Roll call and orders.

Roll calls.

At roll calls all selected men will be required to form themselves in a single rank and remain in that formation until dismissed.

Leader of party.

The Local Board shall designate one member of the party, selected by reason of his experience, age, character, and personality to be in charge of the party from the hour of roll call until they are delivered to the mobilization camp, and, with the same considerations in mind, shall select and designate one assistant or squad leader for each eight men of the party.

Assistants.

The leader shall then and there be called upon to step out of ranks and shall be pointed out to the men. The leader shall at once call the roll. He shall, in the presence and under the supervision of at least one member of the Local Board, instruct the selected men by order of the Provost Marshal General—

Entrainment.

1. That they shall report for entrainment to the Local Board at a place and time to be then and there specified by the Local Board at least one hour before train time plus an ample allowance of time to get from the place of assembly to the railroad station.

Articles to be
taken

2. That they will be allowed to take with them only light hand baggage or bundles containing toilet articles, one extra pair of comfortable shoes, not to exceed four extra suits of underclothing, and six pairs of socks, and also, if they so desire, one woolen blanket, preferably of a dark or neutral shade, tightly rolled, bound together at the ends of the roll, and slung over the left shoulder.

3. That from the time of entrainment they will be under charge of the leader and his assistants, that he and

the assistant leaders are authorized to give them orders, and that insubordination or disobedience of the orders or directions of the leader or his assistants is a grave military offense that will subject them to military punishment and possible trial by court-martial immediately upon arrival at the mobilization camp.

Mobilization.
Obedience to
orders.

He shall then direct the assistant leaders to step to the front and face the rank.

He shall divide the contingent into groups of eight by separately directing sections of the rank comprising eight men to step forward, backward, or to one side.

Groups of eight.

He shall then assign an assistant leader to each group of eight men and direct each assistant to take a list of the names of the men in his group.

Each assistant shall make, and thereafter keep in his possession, a list of the names of the men in his group, and shall point out and impress upon each man in the group some object in the immediate vicinity near which the assistant leader will be found at the time specified for assembly, and shall direct each man to come to the object pointed out at the hour specified. As soon as these duties are performed each assistant shall notify the leader that his group is ready to be dismissed.

Directions for
reassembly.

When all groups are reported ready to be dismissed, and not before, the leader shall report that fact to a member of the Local Board, who shall dismiss the contingent.

Dismissal.

Section 164. Assembly on the day of entrainment.

In any locality where crowds are expected at the railroad station, each member of a Local Board who is to accompany a contingent of selected men to the railroad station, and each selected man, should wear a ribbon of muslin, silk, or other light cloth with the designation of the Local Board printed or written thereon, and arrangement should be made for station gatekeepers and police to recognize this badge as designating members of boards and selected men.

Badges.

Whether this is necessary or not, each selected man shall be provided with such a badge; and a tag bearing his name and a similar designation shall be tied to his hand baggage. Before arrival at mobilization camp each selected man shall be required to fasten his badge on the lapel of his coat.

At the hour specified for final assembly each selected man shall report to his assistant leader at the place which was appointed by the assistant leader at roll call, as prescribed in section 163. The assistant leader shall check the names on his list and report at once to the leader either that all men in his group are present or that certain named men are absent. The leader shall compile a list of names of absentees and report them to the Local Board. The Local Board shall check such names on that copy of Form 1029 which is to remain in its possession.

Report to assistant
leader; see sec.
163.

Absentees; see
sec. 168.

Mobilization. The contingent will then be conducted to the railroad station in one body if practicable, and whether in one body or not, each group of eight men shall follow and remain with the assistant leader in charge of his group.

Conducted to railroad station.

Transportation. At the railroad station the Local Board shall immediately deliver to the man in charge of the party the necessary railroad transportation and the papers which he is to deliver to the military authorities at the mobilization camp.

Papers; see sec. 159.

Section 165. Checking the mobilization papers.

Accuracy necessary in lists; see sec. 159. The necessity for absolute accuracy in the lists to go forward with selected men can not be too strongly impressed on Local Boards. The check hereinafter prescribed must insure that no names of men not actually forwarded remain on the list (Form 1029) and that there is a registration card (Form 1) and report of physical examination (Form 1010) in respect of every man whose name remains on the list.

List checked on entrainment. The list must be carefully checked on entrainment by the Local Board, and in any event prior to the arrival of the party at the mobilization camp. This should be done, if possible, immediately prior to entrainment by requiring the assistant leaders to report to the Local Board the names of any absentees and then checking the cards and reports against the list; but should conditions be such that it is not possible to complete this work accurately at that time a representative of the Local Board shall accompany the men on the train until the checking of the list is accomplished.

Absentees. Upon the final checking of the list a line shall be drawn through the name of any selected man who is absent, and the registration card (Form 1) and the report of physical examination (Form 1010) of any such men shall be removed from the papers in possession of the leader and returned to the office of the Local Board by its representative. Such erasures shall also be made on the lists which are to be mailed to the mobilization camp.

Section 166. Telegraphic report to mobilization camp of departure of men.

Immediately upon the departure of the train the Local Board shall send to the mobilization camp the following telegram, marking it "Official business, War Department, account P. M. G. O.":

THE ADJUTANT,
Camp _____,
_____:

Party of _____ men from Local Board _____ left here at _____ m.; to arrive via _____ Railroad at _____ m., _____. (Insert day of week.)

If final checking of the list shall not have been completed at place of entrainment, the telegram shall be sent, adding the word "approximately" before the number of men.

Section 167. Mailing duplicates of papers to mobilization camp. Mobilization.

Immediately upon the completion of the checking and revision of the list the Local Board shall dispatch, by registered mail, addressed to the Adjutant of the mobilization camp, the papers already prepared for that purpose, as directed in section 159 hereof. It is of the greatest importance that the papers be mailed within six hours after the dispatch of the party. Papers; see sec. 159.

Section 168. Local Board to investigate cases of absentees and report same.

The Local Board shall forthwith make preliminary inquiry concerning the whereabouts of any men who have failed to report to the Local Board for military duty, or who, after reporting, have absented themselves from the point of entrainment and were not forwarded to the mobilization camp. If such persons can not immediately be located, their cases will be treated as provided in section 140 of these regulations. Treatment; see sec. 140.

Section 169. Filling deficiencies in any part of the quota.

Immediately after the time of entrainment the Local Board shall proceed to call and entrain a sufficient number of selected men to fill the deficiency, if any, in its quota. Deficiencies caused by absentees, see sec. 163.

Immediately upon receipt of notice from the mobilization camp that any selected men of the contingent of a Local Board have been rejected, or, though entrained, have failed to reach such camp, the Local Board shall proceed to call and entrain a sufficient number of selected men to fill vacancies in its quota. Men sent to fill deficiencies shall be given at least 24 hours' notice to appear for entrainment. Deficiencies caused by rejections, see sec. 177.

When men are sent singly or in small groups to mobilization camps the records in respect of them must be prepared and forwarded with all the particularity heretofore prescribed, but such changes as may be deemed necessary in the prescribed formalities of roll calls, assemblies, and entrainment may be made by the Local Board. Small parties, formalities.

Section 170. Transportation requests.

Local Boards shall deliver transportation requests to the local ticket agent and procure one party ticket for the number of men who are to be entrained. Great care must be taken that the number of men entered on the party ticket is the same as the number to be entrained, and in all cases the leader of the party and the representative of the Local Board who accompanies the party (if any) are instructed to indorse on such ticket the number of men actually transported before turning over the ticket to the conductor. One party ticket.

Mobilization. **Section 171. Relieving cases of great and unusual hardship.**

Postponement of entrainment. If at any time after the date and hour set for induction into military service and before entrainment circumstances of great and unusual hardship shall arise, due to the sudden serious illness and apparently approaching death of a wife, child, parent, brother, or sister of a registrant, the Local Board may defer entrainment for not to exceed 48 hours. If a greater delay is demanded by the circumstances related above, the Local Board may, at the expense of the registrant, telegraph the circumstances to the Commanding Officer of the mobilization camp with its recommendation and a request for a furlough not to exceed 10 days.

This authority should be used very sparingly.

Section 172. Duties of leader of a party of selected men after entrainment.

Leader, see sec. 163. The leader shall keep in his personal possession the railroad and meal tickets of the party. He shall accompany the conductor through the train, identify the men of his party, and, before delivery of the ticket to the railroad agent or conductor, shall indorse thereon the actual number of men for whom transportation is furnished.

Meals. He shall make the necessary arrangements at eating places, identify the members of his party, and furnish the purveyor of meals with a meal ticket showing by indorsement on the face thereof the number of meals actually furnished.

Liquor. He shall make frequent inspections of the cars and will take every precaution to see that no liquor is furnished to the men of his party and that none of his party is left at stops along the road.

Badges, see sec. 64. Just prior to arrival at mobilization camp he shall inspect the party to see that they are ready to leave the train and that each man has attached to his lapel the badge prescribed in section 164.

Arrival at camp. On arrival at camp the leader shall keep his men together in one compact group until they are taken in charge by an officer or noncommissioned officer. The leader is responsible for the safe-keeping of the mobilization papers of his party and for their prompt delivery to the officer or noncommissioned officer at the mobilization camp who is authorized to receive them.

Papers, see sec. 159.

The leader is responsible for the safe arrival and good conduct of his party. In case of necessity, he may telegraph to a station ahead for such police assistance as he may need. In case of accident, protracted delay, or other incident requiring instructions he should inform the adjutant of the mobilization camp by telegram and request instructions.

Section 173. Duty of assistants to leader of party of selected men. Mobilization.

Each assistant is, under the supervision of the leader, in charge of the group of selected men assigned to him. He is required to obey the orders and directions of the leader and to render such assistance as he may be directed by the leader to render. Assistants, see sec. 163.

Section 174. Lists of selected men to be completed at mobilization camps.

Upon arrival at the mobilization camp, the date of arrival of each man in the party shall be entered by the adjutant in the proper column on the list of selected men (Form 1029) brought with the party. Such lists shall be retained at the mobilization camp until the physical examinations are complete, when the date of acceptance or rejection of each man named thereon will be entered in the proper column, and the column totals of men reporting and accepted or rejected will be added and entered. By this time the mailed copies of the lists should have arrived. If the copies have not arrived, true copies of the lists, complete in all entries, shall be prepared. After the proper entries are made on the account of quotas (Form 187) as prescribed in section 178 hereof, the lists shall be duly certified in triplicate. One copy will be returned to the Local Board, one copy will be sent to the Adjutant General of the State in which the Local Board is situated, and one copy will be retained. Entries on list, see sec. 159.
Account of quotas, see sec. 178.
Disposition of lists.

Section 175. Entries of acceptance or rejection.

Immediately upon receiving Form 1029 from the mobilization camp the Local Board shall enter in column 26 or 27 of the Classification List the date of the acceptance, rejection, or discharge from military service of each man forwarded to the mobilization camp and at the same time shall make the proper entries on the Cover Sheet of the Questionnaire of each of said men. Form 1029; see sec. 174.

Section 176. Credits to Local Boards on quotas.

Local Boards shall receive credit only for persons actually delivered to a mobilization camp or other station and there accepted for military service. Local Boards shall not receive credit for persons reported to The Adjutant General of the Army as delinquents or deserters from military service, unless such persons are accepted for military service and restored to duty. No Local Board shall receive any credit for any person inducted into military service in violation of these regulations. If any such credit is accorded and the registrant for whom credit has been accorded is afterwards discharged by the military authorities as having been erroneously inducted into military service, the credit account of the Local Board shall forthwith be debited by such discharge, and the Local Board shall be notified (Form 1029). Delinquents; see sec. 129 et seq.

Mobilization. **Section 177. Disposition of men rejected or discharged from military service at mobilization camp.**

When any selected man is rejected or discharged at a mobilization camp, the commanding officer thereof will promptly notify his Local Board of the fact, cause, and date of rejection or discharge, using Form 1029.

Form 1029; see sec. 303.

Aliens, alien enemies, and physically unfit.

Dependency, etc.: Reclassification.

If the rejection or discharge is on account of the fact that the registrant is an alien, or an alien enemy, or that he is physically disqualified for general military service, the Local Board shall place the registrant forthwith in Class V. If the discharge or rejection is on account of dependency or any other cause for deferred classification prescribed by these regulations, the Local Board shall proceed to reclassify the registrant in accordance with his status as determined by the action of the military authorities in discharging him.

Section 178. Account of quotas to be kept at mobilization camp.

Account of quotas; see sec. 304.

Credits entered when list certified back; see sec. 176.

At each mobilization camp there shall be kept, in respect of each Local Board which furnishes selected men to that mobilization camp, an account of quotas (Form 187), showing the balance of the net quota due at the end of each third of each month. Separate sheets shall be kept for each State from which men are sent or may hereafter be sent to such mobilization camp. Only men actually reporting and finally accepted as physically qualified for military service shall be entered on the account as credited to the quota of any Local Board. The entries in the credit columns shall be made under the date on which the list (Form 1029) was certified back to the Local Board and from the totals reported on such list to the Local Board and to the Adjutant General of the State as accepted.

Section 179. Method by which a Local Board shall obtain credit for selected men ordered to a place other than mobilization camp.

The credit account of each Local Board is kept at the mobilization camps. Whenever, under competent orders, a Local Board sends a registrant to a place other than a mobilization camp, it shall send to the commanding or other officer to whom such selected man is sent for duty copies of such orders in triplicate, requesting that, when the registrant reports in compliance with such orders, and is accepted for military duty, the fact of acceptance shall be indorsed by such officer on the face of all three copies of the orders, and that the orders be returned to the Local Board.

Copies of orders.

Form 1029; see sec. 303.

Upon receipt of such orders, so indorsed, the Local Board shall make out, in triplicate (Form 1029), in respect of the registrant, shall attach the indorsed copies of the order thereto, and forward Form 1029 and the orders to

the mobilization camp. Upon receipt of Form 1029, the commanding officer shall credit the Local Board with the men so shown to have been accepted for military service and shall thereafter treat the case for all purposes of recording and accounting of credits in all respects as though a man had been received instead of a voucher for a man. Mobilization.

Section 180. Account of quotas to be kept at State headquarters.

At each State headquarters there shall be kept an account of quotas (Form 187) with each Local Board within the State, showing the balance of the net quota due at the end of each third of each month. Only men actually reporting and finally accepted into military service as shown on the lists (Form 187A) received from the mobilization camps shall be credited, and the entries in the credit columns shall be made as of the date of the certificate of the Commanding Officer of the mobilization camp on the lists, and not as of the date of receipt of the lists. Account of quotas; see sec. 304.
Lists; see sec. 174.

Section 181. Reports of account of quotas to be made every 10 days by mobilization camp.

At the end of each third of each month mobilization camps shall report, on Form 187A, to the Provost Marshal General direct, the state of the accounts of quotas with each Local Board from which men are received, as shown on the account of quotas (Form 187). A separate report will be made for the Local Boards of each separate State which furnishes, or which may hereafter furnish, men to that camp. A copy of each report for the Local Boards of each separate State shall also be sent to the Adjutant General of the State. A report (Form 187B) showing the account of the quota of each Local Board shall at the same time be made to each such Local Board. Report; see sec. 305.
Account of quotas; see sec. 178.
Report to boards; see sec. 305.

PART VIII.

PHYSICAL EXAMINATION.

Section 182. Preliminary statement.

Form: See sec.
282.

The examining physician will first take the statement of the person to be examined (p. 1, Form 1010 P. M. G. O.). He will then proceed with the physical examination.

Section 183. Place, order, and method of examinations.

Attempts at de-
ception.

The physical examination should take place in a large, well-lighted room. The person examined is to be stripped. The examining physician should remember that a certain proportion of men will endeavor to obtain exemption by dissimulation, varying from exaggeration of an existing condition not disqualifying to downright malingering, and he should be on his guard to protect the Government and himself against such attempts at deception. The physical examination should be made in substantially the following order:

General condi-
tion.

(a) **General condition; weight, height, and measurements.**—Observe the general condition of the skin, scalp, and cranium, ears, eyes, nose, mouth, face, neck, and chest. Take weight, height, and chest measurements; all chest measurements to be taken on a level just above the nipple, with the tape horizontal. Accepted measurements are as follows:

A.				B.			
Standard accepted measurements.				The following variations from the standard shown in column A are permissible when the applicant is active, has firm muscles, and is evidently vigorous and healthy.			
Height.	Weight.	Chest measurement.		Height.	Weight.	Chest measurement.

78	211	38½	4	78	175	35½	3

There should be no departure from the prescribed standards of height. Men of 64 inches in height and over may be accepted when below the minimum weights specified above, provided the underweight is due to temporary causes and can, in the opinion of the medical examiner, be reasonably explained. To be acceptable, men below 64 inches in height must be of good physique, well developed, and muscular. Unless exceptionally well proportioned, men above 78 inches in height should be rejected.

Physical examination.

Below weight.

Variations in weight above the standard are not disqualifying, unless sufficient to constitute such well-marked obesity as to interfere permanently with normal physical activity.

Above weight.

(b) **Rupture.**—The arms being extended above the head, backs of hands together, the applicant is required to cough vigorously; any form of rupture may now be discovered by the hand and eye, but still better by the index finger passed up to the external ring.

(c) **Genitals.**—The arms remaining extended above the head, the applicant is required to take a long step forward with the right foot and bend the right knee; the genital organs are now conveniently exposed and varicocele and other defects in the scrotum may be recognized.

Rejection, see sec. 184 (m).

(d) **Anus.**—The man is required to separate the buttocks with his hands, at the same time bending forward; this exposes the anus to examination.

Rejection, see sec. 184 (l).

(e) **Chest, heart, and lungs.**—The chest should be carefully examined by inspection, palpation, percussion, and auscultation.

The examination of the heart and blood vessels should in all cases include:

Heart; rejection, see sec. 184 (j).

(1) Location and determination of character of apex impulse.

(2) Auscultation of the heart sounds over apex, lower sternum, and second and third interspaces to right and left of sternum, noting accentuation of sounds and murmurs.

(3) Inspection of root of neck and upper thorax and percussion of first interspace on each side of manubrium for evidence of aneurism.

(4) Count of radial pulse, observation of its rhythm, and palpation of radial arteries for unusual thickening or high tension.

(5) Immediately after the exercise prescribed in paragraph (g) auscultation should be repeated with particular reference to the detection of murmurs previously inaudible. Note should be made of the degree of breathlessness and increase in rate produced by exercise.

(6) Symptoms of circulatory failure such as cyanosis, breathlessness, and edema should be looked for and noted if present.

Physical examination.

Lungs; rejection, see sec. 184 (i).

The examination of the **lungs** should in all instances include the following procedures:

Each registrant should be required to exhale his breath, cough, and immediately breathe in. The chest should be auscultated during this process. All men who show moist sounds during cough or during respiration should be classed as doubtful cases. All cases should be also classed as doubtful in which there is well-marked dullness on percussion, increased transmission of voice, harsh respiration, and prolonged expiration, even though there be no râles present. Men under weight or with sunken or deformed chests should be considered with special care, and if the conditions are marked should be classed as doubtful, even though definite signs of tuberculosis are not detected.

Rejection, see sec. 184 (o).

(f) **Upper extremities.**—Make sure that all joints are free and supple from the phalanges to the shoulder. Note tremor of hands, if present.

Rejection, see sec. 184 (p).

(g) **Lower extremities.**—The person under examination is required to leap directly up, striking the buttocks with the heels; to hop the length of the room on the ball of first one foot and then the other; to make a standing jump as far as possible, and repeat it several times; to run the length of the room several times; heart is now reexamined.

Rejection, see sec. 184 (a).

(h) **Mental.**—The mental examination should be such as to develop whether or not the man examined is possessed of sound understanding. Obtain history of mental disorders, epilepsy, or serious chronic disease of the nervous system, if present.

Rejection, see sec. 184 (q).

(i) **Vision.**—To determine the acuity of vision, place the person under examination with back to window at a distance of 20 feet from the test types. **Examine each eye separately, without glasses,** covering the other eye with a card (not with the hand). The applicant is directed to read the test types from the top of the chart down as far as he can see, and his acuity of vision recorded for each eye, with the distance of 20 feet as the numerator of a fraction and the size of the type of the lowest line he can read correctly as the denominator. If he reads the 20-foot type correctly, his vision is normal and recorded 20/20; if he does not read below the 30-foot type, the vision is imperfect and recorded 20/30; if he reads the 15-foot type, the vision is unusually acute and recorded 20/15, etc.

Men may be accepted whose vision is 20/100 or better in each eye, correctable by appropriate lenses to 20/40 or better in at least one eye, provided no organic disease exists in either eye.

Examine condition of pupils, their size, shape, and motor reaction to light and to accommodation. Abnormalities should be considered with reference to disease of the nervous system as well as of the eye.

(j) **Hearing.**—To determine the acuity of hearing, place the applicant facing away from the assistant, who is 20 feet distant, and direct him to repeat promptly the words spoken by the assistant. If he can not hear the words at 20 feet the assistant should approach foot by foot, using the same voice, until the words are repeated correctly. Examine each ear separately, closing the other ear by pressing the tragus firmly against the meatus. The examiner, whose hearing should be normal, faces in the same direction as the candidate and closes one of his own ears in the same way as a control. The assistant should use a low conversational voice (not a whisper), just plainly audible to the examiner, and should use numerals, names of places, or other words or sentences until the condition of the applicant's hearing is evident. The acuity of hearing is expressed in a fraction the numerator of which is the distance in feet at which the words are heard by the candidate and the denominator the distance in feet at which the words are heard by the normal ear; thus 20/20 records normal hearing, 10/20 imperfect hearing, etc. If any doubt should exist as to the correctness of the answers given, the candidate should be blindfolded and a watch should be used, care being taken that the individual does not know the distance from the ear at which it is being held; the watch used should be one whose ticking strength has been tested by trial on a normal ear. The hearing with both ears open should not be below 10/20.

Physical examination.

Rejection: see sec. 184 (c).

Section 184. Causes for rejection.

The following defects are causes for rejection:

(a) **Mental and nervous.**—Lack of normal understanding; insanity; epilepsy; tabes; chorea; organic nervous diseases. Examination: see sec. 183 (h).

(b) **Skin.**—Chronic, contagious, and parasitic diseases, when severe and extensive; chronic ulcers, deep or extensive. Examination: see sec. 183 (a).

(c) **Head.**—Abrupt depression in skull, the consequence of old fracture. Examination: see sec. 183 (a).

(d) **Spine.**—Caries and abscess. Curvature (postural kyphosis and scoliosis) is cause for rejection only when it is sufficient to interfere with function, or to constitute marked deformity when in uniform. Examination: see sec. 183 (a).

(e) **Ears.**—Any chronic discharge from the middle ear. Perforation of the tympanic membrane in a dry ear is not disqualifying, provided hearing is 10/20 or better. Examination: see sec. 183 (j).

(f) **Eyes.**—Acuity of vision below the requirements of Section 183, (i); serious chronic conjunctival affections, including trachoma; entropion; permanent and well-marked strabismus; serious diseases of the lachrymal apparatus; exophthalmos; nystagmus. Examination: see sec. 183 (i).

(g) **Mouth, nose, and fauces.**—Deformities interfering with mastication or speech; chronic ulcerations; Examination: see sec. 183 (a).

Physical exam-
ination.

fissures or perforations of the hard palate; loss of voice or manifest alteration of it; chronic obstruction of both nostrils, or foul discharges. Nasal polypi are not a bar to acceptance for military service. Hypertrophied tonsils are not disqualifying; but if the hypertrophy is sufficiently marked to interfere with respiration or phonation, the registrant shall be advised to have the large tonsils removed immediately, pending receipt of orders to report for duty.

(h) Neck.—Exophthalmic goiter; pronounced simple goiter, when sufficient to interfere with the wearing of the military collar; ulcerations or great enlargement of the cervical glands.

Examination;
see sec. 183 (a).

(i) Lungs.—Disease of lungs. A history of pulmonary tuberculosis should be taken into consideration in connection with the physical examination of the lungs, but undue weight should not be given to statements not supported by physical signs.

Examination;
see sec. 183 (e).

(j) Heart.—In examining the heart care must be taken not to ascribe to disease the hurried, sharply accentuated action sometimes due to nervousness, fright, or embarrassment, or the irregular action caused by the excessive use of tobacco. Ordinarily no murmur should be declared organic unless secondary physical signs, such as cardiac enlargement, edema, cyanosis, etc., can be demonstrated.

Causes for disqualification are: Marked enlargement of the heart; definite organic valvular disease as indicated by secondary signs or symptoms in addition to murmurs; aneurism in every situation; complete irregularity, but not dropped or premature beats; marked high blood pressure, over 200 mm. systolic or 120 mm. diastolic. Definite symptoms of circulatory failure, such as breathlessness, marked cyanosis, or edema.

(k) Abdomen.—Chronic inflammations of the gastrointestinal tract, including chronic diarrhea and dysentery and other serious diseases of the abdominal organs. Great care should be exercised before exempting for these conditions. A history of appendicitis without present symptoms is not a cause of rejection. Hernia in any location disqualifies.

Examination;
see sec. 183 (d).

(l) Anus.—Hemorrhoids of a pronounced type, prolapsus, fistula, fissures if of a disabling character.

Examination;
see sec. 183 (c).

(m) Genito-urinary organs.—Tight urethral stricture; undescended testicle if located in the inguinal canal; marked hydrocele. Chronic disease of the bladder and kidneys, if confirmed by laboratory tests. Varicocele does not constitute a cause for rejection unless it is so large as to interfere with locomotion.

Syphilis is a cause for rejection only when permanently incapacitating. Syphilis in the primary and secondary stages, that is, during the infectious period, chancroid, and gonorrhea, acute and chronic, are not disqualifying, but individuals so affected should be advised immediately

to secure appropriate medical treatment pending receipt of orders to report for duty. Physical examination.

The fact that registrants have been found to be afflicted with the above-mentioned venereal diseases should be noted on the papers that are sent with them when they report for duty.

(n) **Affections common to both extremities.**—Chronic rheumatism and disabling diseases of the joints; irreducible dislocation or false joints; old dislocations if attended with marked impairment of motion or distortion of the joint; chronic synovitis; caries; necrosis; atrophy or paralysis; badly united fractures; extensive or adherent scars and permanent contraction of muscles, when sufficient to cause marked disability.

(o) **Hands.**—Webbed fingers of right hand if disabling; permanent flexion, extension, or loss of motion of one or more fingers; loss or serious mutilation of either thumb; total loss of index finger of the right hand; total loss of any two fingers of the same hand, or loss of the second and third phalanges of all the fingers of either hand. Examination; see sec. 183 (f).

(p) **Lower extremities.**—Pronounced varicose veins, especially when attended with edema or marks of ulceration; pronounced knock-knees; clubfeet; well-marked flat feet, especially if attended with subjective symptoms; large and painful bunions; overriding or marked displacement or deformity of any of the toes. Hammer-toe is cause for rejection if it is well marked and interferes with the wearing of ordinary shoes. Examination; see sec. 183 (g).

The shin bone, if rough, nodulated, and tender, suggests syphilis.

A broad, flat sole is common in laboring classes, particularly among negroes, and is in no way disabling. In the flat foot which renders a man unfit for service the arch is so far gone that the entire border rests upon the ground, with the inner ankle lowered and very prominent and the foot apparently pushed outward.

Section 185. Dental requirements.

The person must have at least eight serviceable natural masticating teeth, either bicuspid and molar, four above and four below opposing, and six serviceable natural incisors or canines, three above and three below opposing. These teeth must be so opposed as to serve the purposes of incision and mastication. There must be one molar above and one below on one side which occlude; the remaining six opposing masticating teeth may be either bicuspid or molar. Bicuspid and molar.

Teeth restored by crown or fixed bridge work, when such work is well placed and thoroughly serviceable, are to be considered as serviceable natural teeth within the meaning of the above paragraph. Crown work.

A well-fitting artificial denture, plate, or removable bridge is allowed to take the place of missing teeth. Artificial denture.

Physical examination.

viding the serviceable natural teeth on one side of the mouth are sufficient to meet one-half the masticating (bicuspid or molar) requirements fixed above as the minimum.

Dental work.

If dental work will restore the teeth so as to meet the requirements outlined in the preceding paragraphs, the man should be accepted and sent to his cantonment, where the dental work needed to bring him within the requirements will be carried out.

Section 186. Degree of deficiency for disqualification.

Degree of deficiency.

Any of the physical deficiencies mentioned above must be present in such degree as clearly and unmistakably to disqualify the man for military service before he can be found to be physically deficient and not physically qualified for military service.

Examining physicians of local boards should consider the regulations as a guide to their discretion rather than a set of arbitrary rules destroying their discretion. The object is to procure men who are physically fit for the rigors of field service, and the determination of this question is left to the guided and learned discretion of medical men and not wholly to a chart of arbitrary rules.

Medical Advisory Board, secs. 29, 44.

Where serious doubt exists as to the fitness of the registrant, the case should be referred to the Medical Advisory Board for consultation.

Section 187. Temporary defects.

Temporary defects.

Temporary effects of acute disease or of an injury are not to be regarded as justifying a finding that the person so affected is physically deficient and not physically qualified for military service, but such conditions justify a reasonable delay in completing the physical examination in order that an opportunity for recovery may be afforded.

Section 188. Special report in case of men physically disqualified for general military service, but able to do special or limited military service.

Special report as to limited qualification.

In each case in which the registrant is found to be physically disqualified for general military service, the examining physician will ascertain the nature of the trades, professions, or other civil occupations of the registrant, and will report to the Local Board, in the proper place on form for physical examination, whether in his judgment the registrant is physically capable of rendering special or limited military service in any such trade, profession, or occupation, or in a similar capacity. This information is desired in order that, if the exigencies of the war so require, the War Department may call upon such men for service other than active military service in the field. In deciding upon the registrant's qualifications for

Physical examination.—such service, the examining physician shall consider that the service here contemplated is not active military duty on the firing line, or any other class of duty necessitating greater physical development or endurance or more perfect vision or hearing than is necessary in the same class of work in civil life. (See sections 122-124, Part V.)

PART IX.

DISBURSEMENT REGULATIONS.

A. DISBURSING OFFICER.

Section 189. Bond and oath of disbursing officers.

Disbursing officers, see sec. 31 (b).

No person shall enter upon the duties of disbursing officer until he shall have qualified as such by furnishing an official bond approved by, and with penalty in a sum fixed by, the Secretary of War, and shall have taken the oath of office.

B. COMPENSATION.

Section 190. Double compensation.

No person shall receive compensation from Federal funds for two positions held under the Selective Service Law, nor shall any person receive compensation from the appropriation for "Registration and Draft" when receiving salary from any other Federal appropriation.

Section 191. Assistant to the Adjutant General.

Assistant Adjutant General: See sec. 31 (a).

The officer in the National Army or Reserve Corps appointed as assistant to the Adjutant General, shall receive the pay and allowance of his grade in the Army, and shall be paid by the Department Quartermaster of the Department in which the State is located.

Section 192. Inspectors.

Inspectors: See sec. 31 (c).

Inspectors appointed by the Governor as provided in section 31 (c) may be paid \$5 per day for each day actually engaged in such duties.

Section 193. Gratuitous services.

The duty of members of District and Local Boards and other persons appointed to perform duties in the execution of the Selective Service Law is patriotic service of so high and important a character that a great majority of those acting in this capacity have felt that they should render it gratuitously. The Government desires to accept such gratuitous service wherever it can be rendered without great hardship to the individual. There are citizens whose services the country needs in this capacity but who can not without disproportionate loss and hardship longer absent themselves from their private business without compensation. The services of these men can not be spared by the Government at this time. The rate of compensation for members of Local and District Boards, specified in sections 194 and 195, is prescribed to relieve this condition. Wherever members of

Compensation for boards: See sec. 194, 195.

Local or District Boards feel that they can, with justice, to their families and to themselves, decline compensation for their services, the Government will gratefully accept their patriotic tender, but members of such boards whose circumstances are such that they can not do so should submit vouchers at the rates hereinafter prescribed.

Disbursement
regulations.

Section 194. District Boards. Compensation.

Members of District Boards may be paid a compensation of \$1.25 per hour for each hour that they are actually present at the office of the board and wholly engaged in the duties prescribed by these regulations for members of District Boards, and also for each hour they are actually traveling and are actually engaged in the duties prescribed by these regulations, in no case to exceed \$10 for any single day or \$200 for any single month.

District boards:
See sec. 32.

Section 195. Local Boards. Compensation.

Members of Local Boards may be paid a compensation of \$1 per hour for each hour that they are actually present at the office of the board and wholly engaged in the duties prescribed by these regulations for members of Local Boards, in no case to exceed \$7.50 for any single day or \$150 for any single month.

Local Boards:
See sec. 37.

Section 196. Examining physicians not members of Local Boards. Rate of pay.

It is the duty of any physician who is a member of a Local Board to make physical examinations, and additional examining physicians should be compensated only where acceptable gratuitous service can not be obtained, and where, in accordance with section 42 the compensation of an examining physician in addition to the physician member of the board is authorized.

Examining
physicians: See
sec. 42.

Examining physicians not members of Local Boards may receive compensation at the same rates and under the same conditions and limitations as are prescribed for members of Local Boards.

Compensation
examining physi-
cians. See sec. 195.

Section 197. Allowance of clerical assistance to be regarded as a maximum.

The allowances of clerical assistance and compensation thereof as prescribed in section 43 should be regarded as maximum limits, and every effort should be made by all concerned in the execution of the Selective Service Law to keep the expenses of the Government in the emergency down to the absolute minimum consistent with efficient service. Uncompensated and volunteer service should be encouraged and accepted. The great task of segregating and classifying registrants may be made very much easier for members of Local and District Boards if clerical assistance is utilized to the fullest extent in preparing and segregating Questionnaires for the consideration of the Board. Much of this preliminary work can be done by

Clerical allow-
ance, see sec. 43.

Volunteer serv-
ice.

Disbursement regulations. volunteer clerical assistance in the evening and every encouragement should be extended to patriotic citizens, women as well as men, to assist in this work.

Section 198. Authority for civilian clerical assistants.

Authorization of governor; see sec. 306. The form of authorization required to be made by the Governor of the State before a claim for salary of a civilian clerk for a Local or District or Medical Advisory Board, or for State Headquarters, may be paid will be found in section 306 but no printed forms will be furnished. The Governor shall not authorize any allowances or compensation in excess of the allowances and compensation fixed in section 43, nor in excess of that authorized by the law of the State, or that usually paid for similar services in the State. The number of the authorization should be entered in the place provided on every voucher on which a salary is paid.

Rates of compensation; see sec. 43. This authorization will be made in triplicate. One copy will be sent to the Board or office, one copy will be sent to the Disbursing Officer and Agent for the State, and the original will be sent to the Provost Marshal General. The original only is required to be signed.

Copies of authorization.

Section 199. Action by the Provost Marshal General.

When the Provost Marshal General deems the employment of any clerical or other assistant unnecessary, or the salary authorized excessive, he will order the discontinuance of such employment or reduction of salary and will so notify the Governor.

Section 200. Travel.

Travel orders; see sec. 201. The Provost Marshal General and, when authorized by the Provost Marshal General, the Governors of the several States may direct any person to travel when such travel is necessary in the execution of the Selective Service Law. District Boards by resolution of the Board may direct members and employees of the Board to travel when such travel is necessary in the execution of the Selective Service Law.

By common carrier. Travel must, when such means of transportation is available or less expensive, be performed by common carrier.

Allowances. When travel is performed in compliance with orders issued as authorized in this section, cost of transportation and Pullman accommodations over the shortest usually traveled route will be allowed and payment may be made of a per diem of \$4 in lieu of subsistence while traveling, and while the person ordered to travel is required by duty to be absent on duty from the city in which such person resides.

When travel includes fractional parts of a day, the allowance for such fractional parts shall be \$1 for each six hours or major fractional part thereof.

Section 201. Travel orders.

All orders for travel must state that the travel is necessary in the public service and in the execution of the Selective Service Law.

Disbursement Regulations.

Travel; see sec. 200.

The proper forms for travel orders will be found in sections 307 and 308, but no printed forms will be furnished.

Forms, see secs. 307, 308.

Furniture and typewriters that can not be obtained in the lease of offices as above prescribed should be rented or purchased second hand. All concerned should keep in mind that the active period of classification will be comparatively short, after which there will be necessity for only a very limited amount of office furniture, and that the Government should be spared the expense of accumulating a great quantity of furniture necessary for the accommodation of approximately 5,000 boards when such furniture is needed for so short a time.

Section 208. General Expenses.

The Provost Marshal General may authorize such lawful expenditures as he may deem necessary in the execution of the Selective Service Law.

Section 210. Telegrams.

Such note or certificate shall be authenticated by the signature of the chief clerk of the board. (See Section 17.)

Memorandum

The memorandum voucher attached to the original is filled out in exactly the same way, except that no signatures are placed on the memorandum copy. The use of a typewriter with carbon paper between the original and memorandum voucher is recommended, as this will insure the memorandum being an exact duplicate of the original. If typewriter is not used, the voucher, both original and memorandum, must be made out in ink.

Section 214. Pay rolls.

When four or more employees at a Local or District Board or State Headquarters are to be paid at the same time, much time will be saved by using War Department Form 334 (pay roll) in lieu of individual vouchers on Form 335.

The cost shall be entered in the column headed "Amount." The date of the performance of the work shall be entered in the column provided for that purpose. For the performance of other work, the wording shall be changed to suit the particular work done. The voucher shall be signed on the line following the certificate—

I certify that the above account is correct, and that payment therefor has not been received.

This signature must be exactly the same name that appears at the head of the voucher. If the work was done by a company or corporation, the voucher must be signed with the company or corporation name, followed by the signature of an individual having authority to sign for said company or corporation, thus: "Riggs Transfer Co., per John Jones, member of firm (president, secretary, treasurer)," etc. The voucher then must be certified by a member of the board beneath the certificate which begins as follows:

I certify that the above articles have been received by me in good condition, etc.

In the blank space "No." in this certificate, fill in the figure "4." After the word "lettered" fill in the capital letter "C." The voucher shall then be certified by a member of the board as above stated. On the back of this voucher, under that part called "Form of Agreement," the word "oral" should be written opposite "C" and over the words "(state character)." The voucher thus completed shall be forwarded to the disbursing officer of the State for payment.

The memorandum voucher is filled out in exactly the same manner as the original, except that it requires no signatures. The use of a typewriter with carbon paper between the original and memorandum voucher is recommended, as this will insure the memorandum being an exact duplicate of the original. If a typewriter is not used, the voucher, both original and memorandum, must be made out in ink.

Section 217. Bill to accompany voucher for supplies.

Disbursement
regulations.

Vouchers for supplies, or for services other than by the day or month, submitted in support of payments for all work authorized, may, if desired, be accompanied by the original bills submitted by the creditor and dated and signed by him or by his authorized representative, and vouchers with such bills attached will be made out in favor of the creditor, giving his address, and stating the account in general terms, with the aggregate amount only extended, and the words "as per bill hereto attached," or words of like import, added.

When desirable, the creditor may place the certificate of the creditor, which is printed on the voucher, upon the original bill, and when so placed the certificate upon the voucher need not be signed, provided that the bill be attached to and made a part of the voucher.

D. INSTRUCTIONS TO DISBURSING OFFICERS.

Section 218. Appropriations.

Congress has made two appropriations for the purpose of carrying out the Selective Service Law. The first one was approved June 15, 1917, and is entitled "Registration and Selection for Military Service, 1917-18, Act June 15, 1917." The second one was approved October 6, 1917, and is entitled "Registration and Selection for Military Service, 1918." These two appropriations and any others which may be made in the future must be treated separately on accounts current by being carried in the separate columns there provided. The proper designation of the appropriation to which it pertains must be shown on each voucher.

rent: see secs. 236-
243.

Section 219. Requests for funds.

Necessary funds to cover disbursements shall be placed to the credit of a disbursing officer with the Treasurer of the United States upon application therefor to the Provost Marshal General.

A request for funds shall be made in the form of a letter which must be accompanied by an estimate showing the purpose for which the funds are required, such as "Pay of officials," "Pay of employees," "Per diem allowances," "Rental," "Drayage," etc.

Only one request for funds should be submitted each month except to cover unforeseen and urgent claims, in which case a full explanation of the reason for the special request should accompany the same.

Request for funds shall be made sufficiently in advance of the time they will be needed for disbursement to permit timely action by officials of the Treasury Department. The average time required for the Treasury Department to act on a request

for funds and place the same to the credit of a disbursing officer is 10 days. Estimates for funds necessary to meet the disbursements of any particular month should be forwarded before the 10th of the preceding month except from disbursing officers in Pacific Coast States and the Territories, whose requisitions should be forwarded on the 1st of the preceding month.

Disbursement regulations.

E. CHECKS.

Section 220. Obtaining check books.

As soon as each disbursing officer and agent has qualified, i. e., as soon as his bond has been approved, the Provost Marshal General will make request on the Treasury of the United States to furnish him with a symbol number and a supply of official checks, and upon receipt of same the disbursing officer shall receipt for them to the issuing office.

Disposition; see sec. 253.

Section 221. Only official checks to be used.

All blank checks for use by disbursing officers are issued by the Division of Printing and Stationery, Treasury Department, to which all correspondence relating thereto should be addressed; and only blank checks thus issued will be used in drawing checks on the Treasury of the United States.

Only official checks to be used.

Section 222. Care of checks.

The greatest care must be exercised in safeguarding blank checks. Check books should be kept under lock and key when not in use.

Signature in blank prohibited; see sec. 256.

Section 223. No checks to be drawn until funds are deposited and numerical symbol ascertained.

The disbursing officer and agent will not draw an official check until after he has received official notification by the Treasury or Provost Marshal General that funds are deposited with the Treasurer of the United States to his credit.

Deposit of funds; see secs. 219, and 253-262.

Section 224. Pigment to be used.

In writing checks on the protective surface-tinted blanks furnished by the Treasury Department the ordinary typewriter with plain type, or rubber stamps, may be used instead of pen and ink in filling in the names and amounts. Only typewriter record ribbons, writing black or blue, the ink of which must be heavy and of a permanent nature, or stamp pads inked with a permanent black ink, shall be used for the purpose.

Pen, typewriter, or rubber stamps.

Section 225. Erasures.

Should a disbursing officer and agent make an erasure or alteration on any of his checks, he shall certify across the face of the check as to the correctness of such erasure or alteration.

Section 226. Date.

Disbursement
regulations.

The date on the check stub or register of checks issued shall be the same as on the check to which it relates.

Section 227. Canceled checks.

Spoiled or canceled checks shall be sent quarterly by each disbursing officer and agent directly to the Auditor for the War Department. A record of the date of cancellation and transmission will be entered on the stub.

Section 228. Lost, stolen, or destroyed checks.

Affidavit and
indemnity bond.

Duplicate
check.

Whenever an original check of a disbursing officer is lost, stolen, or destroyed, the owner, to better protect his interest, should notify the Treasurer of the United States of the fact of such loss, stating the name of the disbursing officer and agent by whom it was drawn, describing the check, giving, if possible, its date, number, and amount, and requesting that payment of the same be stopped. In order to procure the issue of a duplicate check the party in interest must furnish the disbursing officer and agent who issued the original check with an affidavit explaining the loss, and an indemnity bond, both of which should be prepared on the form furnished for the purpose by the Treasury Department. The form contains full instructions as to the proper method of preparation. Upon the filing of these papers a duplicate check may be issued after the expiration of 30 days and within three years from the date of issue of the original, and such duplicate check, with the affidavit and bond, will be forwarded directly to the Secretary of the Treasury for approval. In case the disbursing officer who issued the original check is no longer in the service, the notice and proof of loss and the indemnity bond will be sent to the Secretary of the Treasury, and it becomes the duty of the proper accounting officer, under section 3647, Revised Statutes, to state an account in favor of the owner of the lost check and to charge the amount thereof to the account of the disbursing officer. No disbursing officer or agent is authorized to issue a duplicate check except as prescribed in this paragraph.

Section 229. Object of expenditure to be stated on check.

In making payments for purchases and services only official checks will be used, drawn payable to the order of the person to whom the money is due, except when drawn for a cash payment; and on each voucher will be noted the number of the check, the date of its issue, the party in whose favor the check is drawn, and the amount. On the face of the check will be stated the object of the expenditure and also the number or other necessary description of the voucher it covers. This statement of purpose must be made in brief form, but must clearly indicate the object of the expenditure, as, for instance: "Pay of Local Board" (inserting designation of board as prescribed in section 18), "Purchase of supplies," "Rent," etc.

F. PAYMENT OF ACCOUNTS.

Section 230. Payment, when authorized.

A disbursing officer and agent will not pay an account until it is due. In case of contracts for the performance of services or delivery of articles, payments shall not exceed the value of services rendered or articles actually delivered. An officer and agent, before making any payments whatever from funds placed to his credit, must carefully observe all regulations governing expenditures and money accountability. The regulations are binding and will be strictly followed in passing upon the officer's money accounts.

Disbursement
regulations.

Purchases; see
secs. 207, 209.

All disbursements or expenditures must be evidenced by proper vouchers. A claim can be paid only when such payment is authorized by law or by regulations made as authorized by law.

Vouchers; see
secs. 212-216.

The expenses for meals, lodging, and transportation of registrants after having been inducted into the military service, are not payable from the "Appropriations Registration and Selection for Military Service," and will not therefore be paid by the disbursing officers and agents of the various States.

Section 231. Checking vouchers.

Disbursements shall be made by the disbursing officer and agent upon properly executed vouchers received from Local or District Boards within his State. These vouchers when received should be carefully checked to ascertain if they have been executed in compliance with the law and regulations and contain sufficient data to insure the amount being credited to the account of the disbursing officer and agent when the voucher is audited in the Treasury Department.

Vouchers; see
secs. 212-216.

Section 232. Vouchers to be numbered consecutively.

Vouchers written in pencil shall not be accepted. Vouchers which show erasures shall not be accepted, unless accompanied by an authenticated statement explaining the erasures.

When more than one article of the same kind and quality is listed on a voucher the unit price must be shown.

A signature on a voucher by mark must be witnessed by a disinterested person, with his address.

Vouchers should be numbered consecutively, and so recorded on the abstract of payments. Such numbers should not be repeated during any fiscal year.

Section 233. Fact of payment by check to be entered on voucher.

If payment is made by check to the order of any company (incorporated or unincorporated) or firm, or individual by name, the fact that the check has been so

drawn should be stated on the voucher, giving the number, date, and amount, and the certificate on the voucher may be signed by an officer, attorney, or agent of the company, or by an officer or agent of the firm or individual, stating the capacity in which he signs, without filing with the voucher evidence of his authority to sign. The disbursing officer in all such cases will deliver the check to such person only as he is satisfied is authorized by the principal to certify to the voucher and receive the check.

Section 234. Identification before payment.

When an account is presented by an individual who is not known to the disbursing officer and agent, the latter will require him to be identified.

The form of the signature to the certificate, and to the receipt when required, and the name of the person or business firm as entered at the head of an account **must be literally alike.**

Section 235. Rules for computation of time.

When applicable, the following rules for the computation of time in payment for services will be observed:

Monthly rate.

For any full calendar month's service, at a stipulated monthly rate of compensation, payment will be made at such stipulated rate without regard to the number of days in that month.

When service commences on an intermediate day of the month, 30 days will be assumed as the length of the month, whatever be the number of days therein.

When the service terminated on an intermediate day of the month, the actual number of days during which service was rendered in that calendar month will be allowed.

When the service embraces two or more months or parts of months, but one fraction will be made, thus: From September 21 to November 25, inclusive, will be calculated—September 21 to October 20, inclusive, one month; from October 21 to November 20, inclusive, one month; from November 21 to 25, inclusive, 5 days, making the time allowed 2 months and 5 days.

When two fractions of months occur and both are less than a whole month, as from August 21 to September 10, the time will be determined thus: August 21 to 30, inclusive (ignoring the 31st), 10 days; from September 1 to 10, inclusive, 10 days, making the time allowed 20 days.

Services commencing in February will be calculated as though the month contained 30 days, thus: From February 21 to 28 (or 29), inclusive, 10 days. When the service commences on the 28th of that month 3 days will be allowed, and if on the 29th 2 days.

If service commences on the 31st day of the month, payment will not be made for that day.

Unauthorized absence on the 31st day of a month results in the loss of one day's pay.

For services of persons employed at a per diem rate, and in paying for rent, payment will be made for the actual number of days during which service actually was rendered or the premises occupied. When services are rendered from one given date to another, the account will state clearly whether both dates are included.

In computing the wages of persons employed at a per diem rate, the day on which service begins and the day on which it ends will be allowed in the computation.

Disbursement
regulations.
Per diem rate.

G. ACCOUNTS CURRENT.

Section 236. Original vouchers to accompany accounts current.

The State disbursing officer will forward to the Provost Marshal General, Washington, D. C., for transmission to the Auditor for the War Department, with his account current at the close of business for the preceding month, the original vouchers in support of the account current and will retain the memorandum for his files.

Original vouchers will, if possible, accompany the account current; if subsequently forwarded, suitable explanation will be made; copies will not be accepted unless duly certified and accompanied by satisfactory evidence of the loss or destruction of the originals.

Vouchers; see
sec. 212-216.

Section 237. Time of rendition.

Every disbursing officer and agent must send, by indorsement, to the Provost Marshal General, Washington, D. C., within 10 days following the end of the month to which it relates, an account current of all money received, expended, and remaining on hand during the month. The actual date of forwarding the account should be stated in the indorsement in order that the officials of the Treasury Department may satisfy themselves whether the requirements of law have been complied with. The establishment of 10 days as the period allowed to an officer to prepare and forward his accounts is a statutory provision, the purpose of which is to secure the prompt rendition of accounts of disbursing officers and agents, and to forbid the advancing of money to those officers and agents who are delinquent in forwarding accounts. Any irregularities in the mail service or want of blank forms will not excuse a failure to comply with the statutory provision.

Section 238. Transactions to be shown.

All transactions coming within the time covered by an account current shall be reported therein. No payments or collections not actually made during the period of an account shall be indicated therein. When a fraction of a cent less than one-half occurs in the footing of a voucher it will be disregarded. If the fraction be one-half or greater, it will be reckoned as a cent.

Section 239. Account to be rendered whether disbursements made or not.

Disbursement
regulations.

Accounts current must be rendered promptly, whether disbursements have been made or not, until all funds remaining to the credit of the officer have been deposited to the credit of the Treasurer of the United States.

Balances.

The balances acknowledged by disbursing officers and agents and their analyses thereof must actually represent the state of their business at the close of the last day for which the accounts are rendered. They must so order their business that they may, whenever called upon so to do, close immediately their accounts and analyze their acknowledged balances.

Section 240. Disposition of copies and of supporting vouchers.

Vouchers; see
secs. 212-216.

The account current will be made in duplicate, one copy to be retained by the disbursing officer and agent as his record of the financial transactions comprised therein, and the other, accompanied by the abstract of expenditures, and all vouchers will be forwarded to the Provost Marshal General, Washington, D. C., as stated above, for administrative examination and reference to the Auditor for the War Department. With the account current will be forwarded all orders or authorities, or copies thereof, covering the expenditures, and other papers upon which the officer and agent relies to have himself relieved from responsibility for funds placed to his credit.

Section 241. Name of appropriation to be stated.

The account current will show funds only under the titles of the general appropriations from which the funds were received.

Section 242. Debit and credit items.

Balances; see
sec. 239.

The accounts current must show, under debits, the balance, by appropriations, on hand from last account, together with all moneys received during the month, with dates thereof and from what source received; under credits the total amounts expended under the general appropriations, amount of deposits to the credit of the Treasurer of the United States, and the balances due the United States, as shown in the certificate on the account current.

Section 243. Cash account.

The cash account on the reverse of the account current is intended to show only cash received, expended, and remaining on hand during the month. Funds placed to the official credit of a disbursing officer and agent and payments made by check should not be exhibited therein. If there are no cash transactions during the month, the negative character of the cash account should be indicated by appropriate entry on its face. If there is any cash balance in the hands of an officer at the time of the

rendition of his account current, such cash balance should be counted, verified, and certified to by a disinterested officer, preferably the property and disbursing officer of the State.

Disbursement
regulations.

H. CASHBOOK.

Section 244. Preparation, care, and preservation of cashbook.

Every disbursing officer and agent is required to keep a cashbook showing the amount disbursed under each appropriation and apportionment, and the total funds on hand under each. Such cashbooks should be balanced monthly, and the totals must agree with the account current. The cashbooks are supplied by the Provost Marshal General and each officer is required to provide himself with one. The cashbook is the property of the Federal Government, and shall not be removed from the office of the disbursing officer. The officer and agent to whom issued will see that it is carefully preserved as a part of the records of the Federal Government, that the entries are properly made, and that the book is transferred to his successor. In making a transfer of a cashbook, the officer and agent should take a memorandum receipt therefor from his successor.

Care.

Enter only such appropriation headings as are required by the appropriations being handled by the disbursing officer and agent whose accounts the cashbook carries.

Entries.

The debit column under each appropriation and under miscellaneous receipts should exhibit figures of all receipts of whatever character thereunder, and the corresponding credit column should show the figures of all disbursements, transfers, and deposits of funds to the credit of the Treasurer of the United States.

It is not necessary that each and every transaction affecting cash should be entered separately. Report of cash sales may be carried to the cashbook on one line, the entry in the column heads "From what source," etc., reading "Cash sales as per vouchers."

Funds received should be entered on a single line, as "War warrant No."

Cash collections from whatever source received and the proceeds of sales, which under the regulations are required to be deposited to the credit of the Treasurer of the United States, will be so deposited at once.

In addition to the above, a daily record of all actual cash transactions will be kept in a memorandum book or blotter. The totals of the day's transactions should be entered, using one line for each class of funds.

Disbursing officers and agents who do not, for any reason, receive from the Treasury Department the monthly statement in time for them to analyze their balances as shown on their accounts current should not delay the rendition of their accounts, but should compute their

Disbursement
regulations.

net balances from their check stubs, state that such balances are so computed, and make a further statement in explanation that the balances have been computed from check stubs for the reason that no monthly statement had been received from the Treasury Department.

I. AUDITING AND ACCOUNTING.

Section 245. Accounts to be audited by Auditor for War Department.

Auditor's state-
ment of account.

Upon receipt of a disbursing officer and agent's account by the Provost Marshal General, it will be examined as to legality of payments and completeness of all papers. The complete account will then be forwarded to the Auditor of the Treasury for the War Department who will audit all papers comprising the account. Upon completion of the audit the auditor will send the disbursing officer and agent a statement of account, and if the balance found due the United States differs from that of the officer, a detailed statement called a "Statement of differences" will accompany it. In this, each voucher will be either suspended or disallowed. A "suspended" voucher means that credit for the amount paid on the voucher is withheld until further evidence is furnished as called for. As long as a voucher is suspended, the auditor has jurisdiction and all correspondence pertaining to the suspension must be directed to him. If a payment is in violation of law, or represents an overpayment, or if for any other reason it is held by the auditor to be an improper charge against Federal funds, the auditor may disallow same. If the action of the auditor is not acquiesced in, the disbursing officer has the right of appeal to the Comptroller of the Treasury any time within one year from the date of the disallowance. If the Comptroller should sustain the auditor's disallowance, the amount in question must be at once deposited to the credit of the Treasurer of the United States or refunded in cash by money order or cash to the auditor.

J. INSPECTION OF ACCOUNTS.

Section 246. Inspection to be under direction of Provost Marshal General.

Inspection of accounts of disbursing officers and agents will be made at irregular intervals by officers designated for this purpose. The frequency of these inspections will be regulated by the Provost Marshal General.

Section 247. Method of inspection.

Inspectors will inquire as to the necessity, economy, and propriety of all disbursements, their strict conformity to the law appropriating the money, and whether the disbursing officers and agents comply with the law in keep-

ing their accounts and making their deposits. A statement of receipts and expenditures and of the distribution of funds, with lists of outstanding checks, on forms furnished by the Provost Marshal General, will be submitted by the disbursing officer and agent to the inspector, who should immediately transmit the lists of outstanding checks to the Treasury Department. Upon return from the Treasury Department balances will be verified and noted on the inspection report, which will then be forwarded to the Provost Marshal General, with a copy of each list of outstanding checks and the indorsements thereon. The original lists will be retained by the inspector to be used at the next inspection of the officer's accounts and then sent to the Provost Marshal General.

Accounts of disbursing officers and agents must be kept separately under each bond. Should it become necessary to give a new bond, the disbursing officer and agent should close his account under his former bond by depositing to his personal credit any unexpended balance remain-

WAIVER OF CLAIM FOR EXEMPTION OR DEFERRED CLASSIFICATION.

IMPORTANT NOTICE TO REGISTRANTS AND OTHER INTERESTED PERSONS.

CAREFULLY READ, OR HAVE READ TO YOU, EVERYTHING ON THIS AND THE FOLLOWING PAGE BEFORE PROCEEDING FURTHER.

GENERAL RULES GOVERNING THE ANSWERING AND FILING OF THIS QUESTIONNAIRE.

Every registrant shall, immediately upon notice, proceed as follows:

He shall first carefully read the regulations and instructions printed on this and the next page of the Questionnaire, and also the particular rules and instructions printed in the Questionnaire with each series of questions.

He shall take up each series of questions, beginning with Series I, and answer all questions which he is required to answer, and sign his name where required by the instructions.

He shall make no mark upon page 1, nor answer nor sign the question and waiver on page 1, until he has answered the twelve series of questions; but after having done so, and before he executes his affidavit at the end, he shall answer the question at the bottom of page 1, and sign his name thereto. If he wishes to waive such claim for exemption or deferred classification, he shall sign the waiver at the bottom of page 1.

He shall then, upon the first page of the Questionnaire, place a cross mark (X) in the space opposite the description of his status in relation to every person, matter, thing, and circumstance which constitutes the ground or basis for exemption or discharge. The registrant is not limited to making one cross mark (X) indicating his status as to exemption or deferred classification, but may make a sufficient number of marks to indicate his status in relation to every ground for exemption or deferred classification which exists in his case.

He shall then swear or affirm to the truth of his answers by executing the "Registrant's Affidavit" at the end (page 15).

The Questionnaire contains twelve series of questions.

Every registrant must answer all the "GENERAL QUESTIONS" under Series I, and questions as to his "physical fitness" under Series II, and so many more of the questions under Series II as, under the specific instructions relating to Series II, may be applicable to his case. He must then answer the first question of each of the other series from Series III to Series XII, inclusive. His answer to the first question of each of said series shall be either "Yes" or "No," as the fact may be. His answer to the first question in each of Series III to XII, inclusive, will determine (as indicated by the specific instructions as to each separate series of questions) whether or not he need answer any or all of the remaining questions of said series.

Supporting affidavits of other persons must be secured by every registrant who claims exemption or deferred classification in the following classes of cases: Divinity students (Series V); persons having dependent relatives (Series X); persons necessarily engaged in essential industrial enterprises (Series XI); and persons engaged in essential agricultural enterprises (Series XII). Upon failure to secure such supporting affidavits, his claim will not be considered either by the Local Board or the District Board.

The Questionnaire, answered and sworn to in strict accordance with these rules and regulations, must be filed with the Local Board on or before the seventh day (excluding Sundays and legal holidays) after the date upon the first page of the Questionnaire.

The term "deferred class" includes the second, third, fourth, and fifth classes of the five classes into which registrants shall be placed. All registrants placed in Class V have been exempted or discharged, and all registrants placed in Classes II, III, and IV have been temporarily discharged; all classifications being conditioned upon the continuing existence of the status of the registrant which is the basis of his classification.

Section 70. Reasons for and effect of classification. * * *

* * * * *

The group of registrants within the jurisdiction of each local board is taken as the unit to be classified. Within each class the order of liability is determined by the drawing, which has hitherto assigned to every man an order of availability for military service relative to all men not permanently or temporarily exempted or discharged. The effect of classification in Class I is to render every man so classified presently liable to military service in the order determined by the national drawing. The effect of classification in Class II is to grant a temporary discharge from draft, effective until Class I in the jurisdiction of the same Local Board is exhausted. The effect of classification in Class III is to grant a temporary discharge from draft effective until Classes I and II in the jurisdiction of the same local board are exhausted; and, similarly, Class IV becomes liable only when Classes I, II, and III are exhausted. The effect of classification in Class V is to grant exemption or discharge from draft. The term "deferred classification" as used in these regulations is equivalent to the term "temporary discharge."

NOTICE TO REGISTRANTS.

Section 7. Notice to registrants and to all interested persons and effect of such notice.

(a) The process of examination and selection of registrants, under these rules and regulations, shall begin by the posting of notice in the offices of the Local Boards on Form 1002, and by mailing a Questionnaire (Form 1001) to every registrant included within such posted notice, as provided in Section 92 hereof; and notice of every subsequent action taken by either the Local or District Board in respect of each registrant shall be given by entering a minute or date of such action on the Classification List (Form 1000) in the office of the Local Board, and in addition to such entries, by mailing to the registrant (and in some cases to other claimants) a notice of such action.

(b) Whenever a duty is to be performed or a period of time begins to run within which any duty is to be performed by any such registrant, or within which any right or privilege may be claimed or exercised by or in respect of any such registrant, a notice of the day upon which such duty is to be performed, or such time begins to run, shall be mailed to the registrant, and the date of such mailing of notice shall be entered opposite the name of such registrant on the Classification List (Form 1000), which is always open to inspection by the public at the office of the Local Board.

(c) In addition to the mailing of such notice to registrants, notice of the disposition of claims of other persons in respect of registrants shall be mailed to such other persons.

(d) Either the mailing or the entry of such date in the Classification List shall constitute the giving of notice to the registrant and to all concerned, and shall charge the registrant and all concerned with notice of the day upon which such duty is to be performed or the beginning of the running of the time within which such duty must be performed or such right or privilege

lege may be claimed, regardless of whether or not a mailed notice or Questionnaire is actually received by the registrant or other person.

(e) Failure by any registrant to perform any duty prescribed by the Selective Service Law or by the Rules and Regulations, at or within the time required, is a misdemeanor punishable by imprisonment for one year, and may result in loss of valuable rights and immediate induction of such registrant into military service.

(f) Failure of the registrant or any other person concerned to claim and exercise any right or privilege on the day or within the time authorized by these Rules and Regulations shall be considered a waiver of such right or privilege, and shall foreclose such person from thereafter claiming the same, subject only to the privilege granted by these Rules and Regulations to apply for an extension of time.

(g) All registrants and other persons are required and strictly enjoined to examine from time to time said notice, Form 1002, so posted by the Local Board, and the Classification List (Form 1000) upon which said dates are to be entered, in order to be informed of the time for the performance of any duty or the exercise of any right or privilege; and it is the duty of every registrant concerning whom any notice is posted, but who for some reason has not received the Questionnaire or notice, as the case may be, to apply to his Local Board for a copy thereof. Failure to receive notice or Questionnaire will not excuse the registrant from performing any duty within the time limit, nor shall it be in itself ground for extension of time.

FAILURE TO RETURN QUESTIONNAIRE.

Section 129. Registrants who fail to return Questionnaires to be placed in Class I.

Any registrant, except an alien enemy, who fails to return the Questionnaire on the date required shall be deemed to have waived all claim for deferred classification, shall stand classified in Class I; and be so recorded by the Local Board subject, however, to the rights and privileges of other persons to apply to the Local Board for deferred classification of the registrant, and to the right of the registrant or any other person to apply for an extension of time, as provided in section 99.

OATHS.

Section 10. By whom oaths may be administered.

Any oath required by these Rules and Regulations (except oaths to persons called before Local or District Boards to give oral testimony) may be administered—

- (1) By any Federal or State officer authorized by law to administer oaths generally;
- (2) By any member of any Local or District Board having jurisdiction of the registrant;
- (3) By any Government Appeal Agent in regard to any case pending before any Local or District Board with which he is connected;
- (4) By any person designated to act in the capacity of legal aid or advisor to registrants; and
- (5) By any postmaster within the same local jurisdiction as the registrant.

Any member of any Local or District Board may administer oaths to any persons called before such Board for oral examination in regard to facts and matters relating to a case pending before it.

When the oath or oaths are administered by any of the persons named in Classes 2, 3, 4, and 5 hereof, there shall be no fee or charge for the same.

AID AND ADVICE TO REGISTRANTS.

Section 45. Legal Advisory Boards.

There have been provided in the various counties, cities, and other localities throughout the United States Legal Advisory Boards, composed of disinterested lawyers and laymen, to be present at all times during which Local Boards are open for the transaction of business either at the headquarters of Local Boards or at some other convenient place or places, for the purpose of advising registrants of the true meaning and intent of the Selective Service Law and of these regulations, and of assisting registrants to make full and truthful answers to the Questionnaire and to aid generally in the just administration of said Law and Regulations.

CHANGE OF STATUS.

Section 116. Registrants to report change of status.

Every registrant shall, within five days after the happening thereof, report to his Local Board any fact which might change or affect his classification.

Failure to report change of status as herein required, or making a false report thereof, is a misdemeanor punishable by one year's imprisonment.

REVOCATION.

Section 4. Revocation of exemption and discharge.

All exemptions and discharges made prior to the date of these Rules and Regulations, and all certificates in evidence thereof, are hereby revoked, and all such certificates heretofore issued shall have no further validity.

In any case of deferred classification made under these Rules and Regulations the Secretary of War may order such deferred classification, and any certificate issued in evidence thereof, to be revoked and rescinded, and the registrant to be transferred to any less deferred class designated by the Secretary; except only as to such registrants as have been placed in Class V on account of legal exemption.

IMPORTANT NOTICE TO REGISTRANTS.

**UNDER JURISDICTION OF THIS LOCAL BOARD
WHOSE ORDER NUMBERS ARE BETWEEN**

No. and No., inclusive.

There has this day been mailed to you a questionnaire which you are required by law to execute and return within seven days from date hereof.

Failure to do so constitutes a misdemeanor punishable by not to exceed one year's imprisonment; and such failure may also deprive you of valuable rights and result in your immediate induction into military service and trial by court-martial.

Date.....
Member of Local Board.

NOTICE TO THE PUBLIC AND TO REGISTRANTS.

Any person desiring to claim a deferred classification by either Local or District Board on any ground in respect of any registrant designated herein may, within seven days from the date hereof, and not later, submit such claim to this Local Board, accompanied by such affidavit evidence as such person may desire to have considered.

Such claims, either by a registrant or by another in respect of any registrant, may be submitted either by entering the same in the place provided on the first sheet of the registrant's questionnaire or by submitting such claim to this board on a duplicate of such first sheet (Form 1001-A). If it is desired to submit affidavit evidence in support of such claim and in addition to the evidence contained in the registrant's questionnaire, such affidavits must be prepared on paper of the same size as the questionnaire, and should be responsive to the questions asked the registrant respecting the ground of such claim in the pertinent division of the questionnaire.

Section 7 of the Selective Service Regulations provides:

The process of examination and selection of registrants, under these rules and regulations, shall begin by the posting of notice in the offices of the Local Boards on Form 1002, and by mailing a questionnaire (Form 1001) to every registrant included within such posted notice, as provided in section 92 hereof; and notice of every subsequent action taken by either the Local or District Board in respect of each registrant shall be given a minute or date of such action on the classification list (Form 1000) in the office of the Local Board, and in addition to such entries, by mailing to the registrant, and in some cases to other claimants, a notice of such action.

Whenever a duty is to be performed or a period of time begins to run within which any duty is to be performed by any such registrant, or within which any right or privilege may be claimed or exercised by or in respect of any such registrant, a notice of the day upon which such duty is to be performed, or such time begins to run, shall be mailed to the registrant, and the date of such mailing of notice shall be entered opposite the name of such registrant on the classification list (Form 1000), which is always open to inspection by the public at the office of the Local Board. In addition to the mailing of such notice to registrants, notice of the disposition of claims made by other persons in respect of registrants shall be mailed to such other persons. Either the mailing of such notice or the entry of any such date in the classification list shall constitute the giving of notice to the registrant and to all concerned, and shall charge the registrant and all concerned with notice of the day upon which such duty is to be performed, or the beginning of the running of the time within which such duty must be performed or such right or privilege may be claimed, regardless of whether or not a mailed notice or questionnaire is actually received by the registrant or other person.

Failure by any registrant to perform any duty prescribed by the Selective Service Law or by these Rules and Regulations, at or within the time required, is a misdemeanor punishable by imprisonment of one year, and may result in loss of valuable rights and immediate induction of such registrant into military service.

Failure of the registrant or any other person concerned to claim and exercise any right or privilege on the day or within the time authorized by these Rules and Regulations shall be considered a waiver of such right or privilege, and shall foreclose such person from thereafter claiming the same, subject only to the privilege granted by these Rules and Regulations to apply for an extension of time.

All registrants and other persons are required and strictly enjoined to examine from time to time said notice (Form 1002), so posted by the Local Board, and the classification list (Form 1000) upon which said dates are to be entered, in order to be informed of the time for the performance of any duty or the exercise of any right or privilege; and it is the duty of every registrant concerning whom any notice is posted, but who for some reason has not received the questionnaire or notice, as the case may be, to apply to his Local Board for a copy thereof. Failure to receive notice or questionnaire will not excuse the registrant from performing any duty within the time limit, nor shall it be in itself ground for extension of time.

Section 302. Notice to Men Ordered to Report for Military Duty.

[To be inclosed with each order into military service (Form 1028) sent to a selected man.]

Important Notice to all Men Selected for Military Service and Ordered to Report to a Local Board for Military Duty.

The day and hour specified on the Classification List of this Local Board, and on the order and notice of induction into military service which accompanies this notice for you to report to this Local Board for military duty, is the time that marks your actual obligation as a soldier of the United States.

Failure to report promptly at the hour and on the day named is a grave military offense, for which you may be court-martialed. Willful failure to report, with an intent to evade military service, constitutes desertion from the Army of the United States, which in time of war is a capital offense.

Upon reporting to your Local Board, you will not need, and you should not bring with you, anything except hand baggage. You will not be permitted to take trunks or boxes with you on the train. You should take only the following articles: A pair of strong, comfortable shoes to relieve your feet from your new regulation marching shoes; not to exceed four extra suits of underclothing; not to exceed six extra pairs of socks; four face and two bath towels; a comb, a brush, a toothbrush, soap, tooth powder, razor, and shaving soap. It will add to your comfort to bring one woolen blanket, preferably of dark or neutral color. This blanket should be tightly rolled, the ends of the roll should be securely bound together, and the loop of the blanket thus formed slung from your left shoulder to your right hip.

You should wear rough, strong clothing and a flannel shirt, preferably an olive-drab shirt of the kind issued to soldiers.

NOTE.—Local Boards may have prepared, in the form of a rubber stamp, and stamp in below or on the back hereof any special instructions, such as a direction to request permission to eat and spend the last night at home, as it may desire to give.

 The authority for this lease is

These articles of agreement, entered into this day of, 19...., between Quartermaster Corps, United States Army, for and in behalf of the United States of America (hereinafter designated as lessee), of the first part, and (a corporation existing under the laws of the State of), of in the County of and State of (hereinafter designated as lessor), of the second part, witness:

That the said parties do hereby mutually covenant and agree to and with each other as follows:

1. That the said lessor shall, and by these presents does hereby lease, demise, and let to the lessee the following-described premises, to have and to hold the same with their appurtenances, unto the lessee, for the term beginning with, 19...., and ending with, 19...., at the rate per month and under the conditions named below, viz:

2. That the said lessor will warrant and defend to the lessee, its officers and agents, the quiet and peaceable possession and occupancy of the aforesaid premises, and in case of any disturbance, by suit or otherwise, will defend the same free of charge to the Government in or before the proper State or United States courts.

3. That the said lessor shall keep the premises in good repair to the satisfaction of the Government officer in charge, but all buildings and other improvements fixed to or erected or placed in or upon the said premises by the lessee shall be and remain the exclusive property of the lessee, provided, however, that the same, unless sold or otherwise disposed of, shall be removed by the lessee within days after the said premises are vacated under this lease.

4. That for and in consideration of the faithful performance of the stipulations of this agreement, the lessee shall pay to the said lessor or agent the sum or sums stated in article 1 hereof. Payment shall be made at the end of each calendar month, or as soon thereafter as is practicable, at the office of the contracting officer or by a disbursing officer designated, in the funds furnished for the purpose by the Government. Should the premises be relinquished before the close of the monthly period, the rental for the last period shall be only the pro rata part of the monthly rental, depending upon the time of occupancy.

5. That it is expressly agreed and understood that this lease shall be noneffective until an appropriation adequate to its fulfillment is granted by Congress and is available, except in so far as is necessary to provide for the necessities of the service as authorized by section 3732 of the Revised Statutes of the United States. However, in order to provide for the necessities of the service as authorized by said section, it is agreed that the premises specified herein, so far as authorized by said section, shall be occupied by the lessee as contemplated by this lease, and that payment of the rental shall be made as soon as is practicable after funds are appropriated and are available.

6. That no Member of or Delegate to Congress, or Resident Commissioner, nor any person belonging to or employed in the military service of the United States, is, or shall be admitted to any share or part of this contract, or to any benefit which may arise herefrom, but, under the provisions of section 116 of the act of Congress approved March 4, 1909 (35 Stat. L., 1109), this stipulation, so far as it relates to Members of or Delegates to Congress, or Resident Commissioners, shall not extend, or be construed to extend, to any contract made with an incorporated company for its general benefit.

7. That the lessor hereby stipulates that no part of the money received as rental will be given to the occupant of the above-described premises, or to the person for whose benefit or use they were hired, or to anyone for him, nor will any rebate be given on said rental for the benefit of any such person.

8. That the lessee reserves the right to quit, relinquish, and give up the said premises at any time within the period for which this lease is made or may be renewed, by giving to the said lessor or agent days' notice in writing.

9. That, at the option of the lessee, this lease, with all its covenants and agreements, may be renewed yearly as often as the needs of the public service may require, so as to give the lessee continuous possession of the premises, not extending, however, beyond June 30, 19...., but no renewal shall be made to include more than one fiscal year.

In witness whereof the parties aforesaid have hereunto placed their hands the date first hereinbefore written. The officer of the United States whose name is signed below certifies that the rate stated in this lease is not in excess of the commercial rental value of the premises named and that said rate is the amount to be actually paid to the lessor for own use, and that there are no public buildings, quarters, or grounds available for use as specified in this lease, and that the rate stipulated in this lease is a fair rental value of reasonably good premises suitable for the purposes stated herein in the locality where situated.

Instructions.—The foregoing oath may be administered by any Federal or State official authorized by the laws of the United States, or of the State of which he is an official, to administer oaths generally, and may also be administered by any member of a Local or District Board.

This oath, after having been subscribed and sworn to, shall be filed in the office of the Adjutant General of the State.

In the blank line for the designation of the position of the person taking the oath there shall be inserted a complete description of his office, and also the name of the Local or District Board of which he is a member or to which he is attached, or, in cases of persons not directly attached to or subordinate to any Local or District Board, shall show the State in which such person is to perform his duties.

PART XI.

MASTER LIST.

A drawing of numbers from 1 to 10,500, both inclusive, was made in Washington under the direction of the Secretary of War and in accordance with rules and regulations prescribed by the President.

A schedule or master list was prepared by the Provost Marshal General containing all of such numbers from 1 to 10,500, both inclusive, placed in the exact order in which they were drawn.

The first number drawn was placed at the top of column 1 of the master list, the second number drawn was placed next below in such master list, and this order was followed until all the numbers drawn were so placed in such master list in the exact order in which they were drawn.

The master list controls and determines the exact order in which the persons whose registration cards are in the possession of the respective Local Boards or may hereafter be received by said Local Boards are liable to be called by the Local Board for military service.

Immediately upon receipt of these regulations place a check mark (✓) after every number in the master list which at the present time appears in the "Serial number" column on Form 102. When additional registration cards, or registration cards which have been improperly, erroneously, or illegibly serially numbered have been given serial numbers as provided in section 67, the Local Board shall determine the proper order number for any such card as provided in section 69, and shall place a check mark (✓) after every such serial number in the master list.

To read the master list begin with the first number at the top of column 1 and continue downward across two pages of these regulations until the bottom of column 1 has been reached; then start at the top of column 2 and proceed as directed in column 1. Follow this rule on completing the reading of each column until the end of column 110 is reached. The columns of the master list have been numbered in consecutive order from 1 to 110, both inclusive.

PART XII.

STATUTES.

For the convenience of reference by members of boards, and in order that they may be in a position to advise all persons within the purview of the law of their duties and obligations thereunder, or to admonish them, in case of necessity, of the penalties attaching to failure or neglect to perform their duties and to attempts to defeat the administration of the law, there is printed below the selective service act, approved May 18, 1917, sections 37, 125, and 332 of the Criminal Code of the United States and the War Risk Insurance Law, approved October 6, 1917.

Members of boards are urged thoroughly to familiarize themselves with the statute and to inform themselves of the provisions of such sections of the Criminal Code of the United States.

II. SELECTIVE SERVICE LAW.

AN ACT To authorize the President to increase temporarily the Military Establishment of the United States.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That in view of the existing emergency, which demands the raising of troops in addition to those now available, the President be, and he is hereby, authorized—

First. Immediately to raise, organize, officer, and equip all or such number of increments of the Regular Army provided by the national defense act approved June third, nineteen hundred and sixteen, or such parts thereof as he may deem necessary; to raise all organizations of the Regular Army, including those added by such increments, to the maximum enlisted strength authorized by law. Vacancies in the Regular Army created or caused by the addition of increments as herein authorized which can not be filled by promotion may be filled by temporary appointment for the period of the emergency or until replaced by permanent appointments or by provisional appointments made under the provisions of section twenty-three of the national defense act, approved June third, nineteen hundred and sixteen, and hereafter provisional appointments under said section may be terminated whenever it is determined, in the manner prescribed by the President, that the officer has not the suitability and fitness requisite for permanent appointment.

Second. To draft into the military service of the United States, organize, and officer, in accordance with the provisions of section one hundred and eleven of said national defense act, so far as the provisions of said section may be applicable and not inconsistent with the terms of this act, any or all members of the National Guard and of the National Guard Reserves, and said members so drafted into the military service of the United States shall serve therein for the period of the existing emergency unless sooner discharged: *Provided*, That when so drafted, the organizations or units of the National Guard shall, so far as practicable, retain the State designations of their respective organizations.

Third. To raise by draft as herein provided, organize and equip an additional force of five hundred thousand enlisted men, or such part or parts thereof as he may at any time deem necessary, and to provide the necessary officers, line and staff, for said force and for organizations of the other forces hereby authorized, or by combining organizations of said other forces, by ordering members of the Officers' Reserve Corps to temporary duty in accordance with the provisions of section thirty-eight of the national defense act approved June third, nineteen hundred and sixteen; by

appointment from the Regular Army, the Officers' Reserve Corps, from those duly qualified and registered pursuant to section twenty-three of the act of Congress approved January twenty-first, nineteen hundred and three (Thirty-second Statutes at Large, page seven hundred and seventy-five), from the members of the National Guard drafted into the service of the United States, from those who have been graduated from educational institutions at which military instruction is compulsory, or from those who have had honorable service in the Regular Army, the National Guard, or in the volunteer forces, or from the country at large; by assigning retired officers of the Regular Army to active duty with such force with their rank on the retired list and the full pay and allowances of their grade; or by the appointment of retired officers and enlisted men, active or retired, of the Regular Army as commissioned officers in such forces: *Provided*, That the organization of said force shall be the same as that of the corresponding organizations of the Regular Army: *Provided further*, That the President is authorized to increase or decrease the number of organizations prescribed for the typical brigades, divisions, or army corps of the Regular Army, and to prescribe such new and different organizations and personnel for army corps, divisions, brigades, regiments, battalions, squadrons, companies, troops, and batteries as the efficiency of the service may require: *Provided further*, That the number of organizations in a regiment shall not be increased nor shall the number of regiments be decreased: *Provided further*, That the President in his discretion may organize, officer, and equip for each Infantry and Cavalry brigade three machine-gun companies, and for each Infantry and Cavalry division four machine-gun companies, all in addition to the machine-gun companies comprised in organizations included in such brigades and divisions: *Provided further*, That the President in his discretion may organize for each division one armored motor-car machine-gun company. The machine-gun companies organized under this section shall consist of such commissioned and enlisted personnel and be equipped in such manner as the President may prescribe: *And provided further*, That officers with rank not above that of colonel shall be appointed by the President alone, and officers above that grade by the President by and with the advice and consent of the Senate: *Provided further*, That the President may in his discretion recommission in the Coast Guard persons who have heretofore held commissions in the Revenue-Cutter Service or the Coast Guard and have left the service honorably, after ascertaining that they are qualified for service physically, morally, and as to age and military fitness.

Fourth. The President is further authorized, in his discretion and at such time as he may determine, to raise and begin the training of an additional force of five hundred thousand men, organized, officered, and equipped, as provided for the force first mentioned in the preceding paragraph of this section.

Fifth. To raise by draft, organize, equip, and officer, as provided in the third paragraph of this section, in addition to and for each of the above forces, such recruit training units as he may deem necessary for the maintenance of such forces at the maximum strength.

Sixth. To raise, organize, officer, and maintain during the emergency such number of ammunition batteries and battalions, depot batteries and battalions, and such artillery parks with such numbers and grades of personnel as he may deem necessary. Such organizations shall be officered in the manner provided in the third paragraph of this section, and enlisted men may be assigned to said organizations from any of the forces herein provided for or raised by selective draft as by this act provided.

Seventh. The President is further authorized to raise and maintain by voluntary enlistment, to organize, and equip, not to exceed four infantry divisions, the officers of which shall be selected in the manner provided by paragraph three of section one of this act: *Provided*, That the organization of said force shall be the same as that of the corresponding organization of the Regular Army: *And provided further*, That there shall be no enlistments in said force of men under twenty-five years of age at time of enlisting: *And provided further*, That no such volunteer force shall be accepted in any unit smaller than a division.

SEC. 2. That the enlisted men required to raise and maintain the organization of the Regular Army and to complete and maintain the organizations embodying the members of the National Guard drafted into the service of the United States, at the maximum legal strength as by this act provided, shall be raised by voluntary enlistment, or if and whenever the President decides that they can not effectually be so raised or maintained, then by selective draft; and all other forces hereby authorized, except as provided in the seventh paragraph of section one, shall be raised and maintained by selective draft exclusively; but this provision shall not prevent the transfer to any force of training cadres from other forces. Such draft as herein provided shall be based upon liability to military service of all male citizens, or male persons not alien enemies who have declared their intention to become citizens

between the ages of twenty-one and thirty years, both inclusive, and shall take place and be maintained under such regulations as the President may prescribe not inconsistent with the terms of this act. Quotas for the several States, Territories, and the District of Columbia, or subdivisions thereof, shall be determined in proportion to the population thereof, and credit shall be given to any State, Territory, District, or subdivision thereof for the number of men who were in the military service of the United States as members of the National Guard on April first, nineteen hundred and seventeen, or who have since said date entered the military service of the United States from any such State, Territory, District, or subdivision, either as members of the Regular Army or the National Guard. All persons drafted into the service of the United States and all officers accepting commissions in the forces herein provided for shall, from the date of said draft or acceptance, be subject to the laws and regulations governing the Regular Army, except as to promotions, so far as such laws and regulations are applicable to persons whose permanent retention in the military service on the active or retired list is not contemplated by existing law, and those drafted shall be required to serve for the period of the existing emergency unless sooner discharged: *Provided*, That the President is authorized to raise and maintain by voluntary enlistment or draft, as herein provided, special and technical troops as he may deem necessary, and to embody them into organizations and to officer them as provided in the third paragraph of section one and section nine of this act. Organizations of the forces herein provided for, except the Regular Army and the divisions authorized in the seventh paragraph of section one, shall, as far as the interests of the service permit, be composed of men who come, and of officers who are appointed from, the same State or locality.

SEC. 3. No bounty shall be paid to induce any person to enlist in the military service of the United States; and no person liable to military service shall hereafter be permitted or allowed to furnish a substitute for such service; nor shall any substitute be received, enlisted, or enrolled in the military service of the United States; and no such person shall be permitted to escape such service or to be discharged therefrom prior to the expiration of his term of service by the payment of money or any other valuable thing whatsoever as consideration for his release from military service or liability thereto.

SEC. 4. That the Vice President of the United States, the officers, legislative, executive, and judicial, of the United States and of the several States, Territories, and the District of Columbia, regular or duly ordained ministers of religion, students who are at the time of the approval of this Act are preparing for the ministry in recognized theological or divinity schools, and all persons in the military and naval service of the United States shall be exempt from the selective draft herein prescribed; (and nothing in this act contained shall be construed to require or compel any person to serve in any of the forces herein provided for who is found to be a member of any well-recognized religious sect or organization at present organized and existing and whose existing creed or principles forbid its members to participate in war in any form and whose religious convictions are against war or participation therein in accordance with the creed or principles of said religious organizations, but no person so exempted shall be exempted from service in any capacity that the President shall declare to be noncombatant); and the President is hereby authorized to exclude or discharge from said selective draft and from the draft under the second paragraph of section one hereof, or to draft for partial military service only from those liable to draft as in this act provided, persons of the following classes: County and municipal officials; customhouse clerks; persons employed by the United States in the transmission of the mail; artificers and workmen employed in the armories, arsenals, and navy yards of the United States, and such other persons employed in the service of the United States as the President may designate; pilots; *mariners actually employed in the sea service of any citizen or merchant within the United States*; persons engaged in industries, including agriculture, found to be necessary to the maintenance of the Military Establishment or the effective operation of the military forces or the maintenance of national interest during the emergency; *those in a status with respect to persons dependent upon them for support which renders their exclusion or discharge advisable*; and those found to be physically or morally deficient. No exemption or exclusion shall continue when a cause therefor no longer exists: *Provided*, That notwithstanding the exemptions enumerated herein each State, Territory, and the District of Columbia shall be required to supply its quota in the proportion that its population bears to the total population of the United States.

The President is hereby authorized, in his discretion, to create and establish throughout the several States and subdivisions thereof and in the Territories and the District of Columbia local boards, and where, in his discretion, practicable and desirable, there shall be created and established one such local board in each county

or similar subdivision in each State, and one for approximately each thirty thousand of population in each city of thirty thousand population or over, according to the last census taken or estimates furnished by the Bureau of Census of the Department of Commerce. Such boards shall be appointed by the President, and shall consist of three or more members, none of whom shall be connected with the Military Establishment, to be chosen from among the local authorities of such subdivisions or from other citizens residing in the subdivision or area in which the respective boards will have jurisdiction under the rules and regulations prescribed by the President. Such boards shall have power within their respective jurisdictions to hear and determine, subject to review as hereinafter provided, all questions of exemption under this act, and all questions of or claims for including or discharging individuals or classes of individuals from the selective draft, which shall be made under rules and regulations prescribed by the President, except any and every question or claim for including or excluding or discharging persons or classes of persons from the selective draft under the provisions of this act authorizing the President to exclude or discharge from the selective draft "Persons engaged in industries, including agriculture, found to be necessary to the maintenance of the Military Establishment, or the effective operation of the military forces, or the maintenance of national interest during the emergency."

The President is hereby authorized to establish additional boards, one in each Federal judicial district of the United States, consisting of such number of citizens, not connected with the Military Establishment, as the President may determine, who shall be appointed by the President. The President is hereby authorized, in his discretion, to establish more than one such board in any Federal judicial district of the United States, or to establish one such board having jurisdiction of an area extending into more than one Federal judicial district.

Such district boards shall review on appeal and affirm, modify, or reverse any decision of any local board having jurisdiction in the area in which any such district board has jurisdiction under the rules and regulations prescribed by the President. Such district boards shall have exclusive original jurisdiction within their respective areas to hear and determine all questions or claims for including or excluding or discharging persons or classes of persons from the selective draft, under the provisions of this act, not included within the original jurisdiction of such local boards.

The decisions of such district boards shall be final except that, in accordance with such rules and regulations as the President may prescribe, he may affirm, modify, or reverse any such decision.

Any vacancy in any such local board or district board shall be filled by the President, and any member of any such local board or district board may be removed and another appointed in his place by the President, whenever he considers that the interest of the Nation demands it.

The President shall make rules and regulations governing the organization and procedure of such local boards and district boards, and providing for and governing appeals from such local boards to such district boards, and reviews of the decisions of any local board by the district board having jurisdiction, and determining and prescribing the several areas in which the respective local boards and district boards shall have jurisdiction, and all other rules and regulations necessary to carry out the terms and provisions of this section, and shall provide for the issuance of certificates of exemption, or partial or limited exemptions, and for a system to exclude and discharge individuals from selective draft.

SEC. 5. That all male persons between the ages of twenty-one and thirty, both inclusive, shall be subject to registration in accordance with regulations to be prescribed by the President; and upon proclamation by the President or other public notice given by him or by his direction stating the time and place of such registration it shall be the duty of all persons of the designated ages, except officers and enlisted men of the Regular Army, the Navy, and the National Guard and Naval Militia while in the service of the United States, to present themselves for and submit to registration under the provisions of this act; and every such person shall be deemed to have notice of the requirements of this act upon the publication of said proclamation or other notice as aforesaid given by the President or by his direction; and any person who shall willfully fail or refuse to present himself for registration or to submit thereto as herein provided, shall be guilty of a misdemeanor and shall, upon conviction in the district court of the United States having jurisdiction thereof, be punished by imprisonment for not more than one year, and shall thereupon be duly registered: *Provided*, That in the call of the docket precedence shall be given, in courts trying the same, to the trial of criminal proceedings under this act: *Provided further*, That persons shall be subject to registration as herein provided who shall have attained their twenty-first birthday and who shall not have attained their thirty-first birthday.

on or before the day set for the registration, and all persons so registered shall be and remain subject to draft into the forces hereby authorized, unless exempted or excused therefrom as in this act provided: *Provided further*, That in the case of temporary absence from actual place of legal residence of any person liable to registration as provided herein such registration may be made by mail under regulations to be prescribed by the President.

SEC. 6. That the President is hereby authorized to utilize the service of any or all departments and any or all officers or agents of the United States and of the several States, Territories, and the District of Columbia, and subdivisions thereof, in the execution of this act, and all officers and agents of the United States and of the several States, Territories, and subdivisions thereof, and of the District of Columbia, and all persons designated or appointed under regulations prescribed by the President, whether such appointments are made by the President himself or by the governor or other officer of any State or Territory, to perform any duty in the execution of this act are hereby required to perform such duty as the President shall order or direct, and all such officers and agents and persons so designated or appointed shall hereby have full authority for all acts done by them in the execution of this act by the direction of the President. Correspondence in the execution of this act may be carried in penalty envelopes bearing the frank of the War Department. Any person charged as herein provided with the duty of carrying into effect any of the provisions of this act or the regulations made or directions given thereunder who shall fail or neglect to perform such duty, and any person charged with such duty or having and exercising any authority under said act, regulations, or directions who shall knowingly make or be a party to the making of any false or incorrect registration, physical examination, exemption, enlistment, enrollment, or muster; and any person who shall make or be a party to the making of any false statement or certificate as to the fitness or liability of himself or any other person for service under the provisions of this act, or regulations made by the President thereunder, or otherwise evades or aids another to evade the requirements of this act or of said regulations, or who, in any manner, shall fail or neglect fully to perform any duty required of him in the execution of this act, shall, if not subject to military law, be guilty of a misdemeanor, and upon conviction in the district court of the United States having jurisdiction thereof, be punished by imprisonment for not more than one year, or, if subject to military law, shall be tried by court-martial and suffer such punishment as a court-martial may direct.

SEC. 7. That the qualifications and conditions for voluntary enlistment as herein provided shall be the same as those prescribed by existing law for enlistments in the Regular Army, except that recruits must be between the ages of eighteen and forty years, both inclusive, at the time of their enlistment, and such enlistments shall be for the period of the emergency unless sooner discharged. All enlistments, including those in the Regular Army Reserve, which are in force on the date of the approval of this act and which would terminate during the emergency shall continue in force during the emergency unless sooner discharged; but nothing herein contained shall be construed to shorten the period of any existing enlistment: *Provided*, That all persons enlisted or drafted under any of the provisions of this act shall as far as practicable be grouped into units by States and the political subdivisions of the same: *Provided further*, That all persons who have enlisted since April first, nineteen hundred and seventeen, either in the Regular Army or in the National Guard and all persons who have enlisted in the National Guard since June third, nineteen hundred and sixteen, upon their application, shall be discharged upon the termination of the existing emergency.

The President may provide for the discharge of any or all enlisted men whose status with respect to dependents renders such discharge advisable, and he may also authorize the employment on any active duty of retired enlisted men of the Regular Army, either with their rank on the retired list or in higher enlisted grades, and such retired enlisted men shall receive the full pay and allowances of the grades in which they are actively employed.

SEC. 8. That the President, by and with the advice and consent of the Senate, is authorized to appoint for the period of the existing emergency such general officers of appropriate grades as may be necessary for duty with brigades, divisions, and higher units in which the forces provided for herein may be organized by the President, and general officers of appropriate grade for the several Coast Artillery districts. In so far as such appointments may be made from any of the forces herein provided for, the appointees may be selected irrespective of the grades held by them in such forces. Vacancies in all grades in the Regular Army resulting from the appointment of officers thereof to higher grades in the forces other than the Regular Army herein provided for shall be filled by temporary promotions and appointments in the manner

prescribed for filling temporary vacancies by section one hundred and fourteen of the National Defense Act approved June third, nineteen hundred and sixteen; and officers appointed under the provisions of this act to higher grades in the forces other than the Regular Army herein provided for shall not vacate their permanent commissions nor be prejudiced in their relative or lineal standing in the Regular Army.

SEC. 9. That the appointments authorized and made as provided by the second, third, fourth, fifth, sixth, and seventh paragraphs of section one and by section eight of this act, and the temporary appointments in the Regular Army authorized by the first paragraph of section one of this act, shall be for the period of the emergency unless sooner terminated by discharge or otherwise. The President is hereby authorized to discharge any officer from the office held by him under such appointment for any cause which, in the judgment of the President, would promote the public service, and the general commanding any division and higher tactical organization or territorial department is authorized to appoint from time to time military boards of not less than three nor more than five officers of the forces herein provided for to examine into and report upon the capacity, qualification, conduct, and efficiency of any commissioned officer within his command other than officers of the Regular Army holding permanent or provisional commissions therein. Each member of such board shall be superior in rank to the officer whose qualifications are to be inquired into, and if the report of such board be adverse to the continuance of any such officer and be approved by the President, such officer shall be discharged from the service at the discretion of the President with one month's pay and allowances.

SEC. 10. That all officers and enlisted men of the forces herein provided for other than the Regular Army shall be in all respects on the same footing as to pay, allowances, and pensions as officers and enlisted men of corresponding grades and length of service in the Regular Army; and commencing June one, nineteen hundred and seventeen, and continuing until the termination of the emergency, all enlisted men of the Army of the United States in active service whose base pay does not exceed \$21 per month shall receive an increase of \$15 per month; those whose base pay is \$24, an increase of \$12 per month; those whose base pay is \$30, \$36, or \$40, an increase of \$8 per month, and those whose base pay is \$45 or more, an increase of \$6 per month: *Provided*, That the increases of pay herein authorized shall not enter into the computation of the continuous-service pay.

SEC. 11. That all existing restrictions upon the detail, detachment, and employment of officers and enlisted men of the Regular Army are hereby suspended for the period of the present emergency.

SEC. 12. Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the first section of the act entitled "An act to authorize the establishment of a Bureau of War-Risk Insurance in the Treasury Department," approved September second, nineteen hundred and fourteen, as amended, is hereby amended to read as follows:

"ARTICLE I.

"SECTION 1. That there is established in the Treasury Department a bureau to be known as the Bureau of War-Risk Insurance, the director of which shall receive a salary at the rate of \$5,000 per annum.

"That there be in such bureau a Division of Marine and Seamen's Insurance and a Division of Military and Naval Insurance in charge of a commissioner of Marine and Seamen's Insurance and a commissioner of Military and Naval Insurance, respectively, each of whom shall receive a salary of \$4,000 per annum."

SEC. 2. That such act of September second, nineteen hundred and fourteen, as amended, is hereby amended by adding new sections, as follows:

"SEC. 12. That sections two to seven, inclusive, and section nine, shall be construed to refer only to the Division of Marine and Seamen's Insurance.

"SEC. 13. That the director, subject to the general direction of the Secretary of the Treasury, shall administer, execute, and enforce the provisions of this act, and for that purpose have full power and authority to make rules and regulations, not inconsistent with the provisions of this act, necessary or appropriate to carry out its purposes, and shall decide all questions arising under the act, except as otherwise provided in sections five and four hundred and five. Wherever under any provision or provisions of the act regulations are directed or authorized to be made, such regulations, unless the context otherwise requires, shall or may be made by the director, subject to the general direction of the Secretary of the Treasury. The director shall adopt reasonable and proper rules to govern the procedure of the divisions, to regulate the matter of the compensation, if any, but in no case to exceed ten per centum, to be paid to claim agents and attorneys for services in connection with any of the matters provided for in articles two, three, and four, and to regulate and provide for the nature and extent of the proofs and evidence and the method of taking and furnishing the same in order to establish the right to benefits of allowance, allotment, compensation, or insurance provided for in this act, the forms of application of those claiming to be entitled to such benefits, the method of making investigations and medical examinations, and the manner and form of adjudications and awards.

"SEC. 14. That the bureau and its divisions shall have such deputies, assistants, actuaries, clerks, and other employees as may be from time to time provided by Congress. The bureau shall, by arrangement with the Secretary of War and the Secretary of the Navy, respectively, make use of the services of surgeons in the Army and Navy. "Sec. 15. That for the purposes of this act, the director, commissioners, and deputy commissioners shall have power to issue subpoenas for and compel the attendance of witnesses within a radius of one hundred miles, to require the production of books, papers, documents, and other evidence, to administer oaths and to examine witnesses upon any matter within the jurisdiction of the bureau. The director may obtain such information and such reports from officials and employees of the departments of the Government of the United States and of the States as may be agreed upon by the heads of the respective departments. In case of disobedience to a subpoena, the bureau may invoke the aid of any district court of the United States in requiring the attendance and testimony of witnesses and the production of documentary evidence, and such court, within the jurisdiction of which the inquiry is carried on, may, in contumacy or refusal to obey a subpoena issued to any officer, agent, or employee of any corporation or other person, issue an order requiring such corporation or other person to appear before the bureau, or to give evidence touching the matter in question; and any failure to obey such order of the court may be punished by such court as a contempt thereof. Any person so required to attend as a witness shall be allowed and paid the same fees and mileage as are paid witnesses in the district courts of the United States.

"Sec. 16. That the director shall submit annually to the Secretary of the Treasury estimates of the appropriations necessary for the work of the bureau.

"Sec. 17. That for the purpose of carrying out the provisions of this act there is hereby appropriated, out of any moneys in the Treasury not otherwise appropriated, the sum of \$100,000, for the payment of all expenses incident to the work authorized under this act, including salaries of the director and commissioners and of such deputies, assistants, accountants, experts, clerks, and other employees in the District of Columbia or elsewhere, as the Secretary of the Treasury may deem necessary, traveling expenses, rent and equipment of offices, typewriters and exchange of same, purchase of law books and books of reference, printing and binding to be done at the Government Printing Office, and all other necessary expenses. Such fees, allowances, and salaries shall be the same as are paid for similar services in other departments of the Government.

"Sec. 18. That there is hereby appropriated from any money in the Treasury not otherwise appropriated, the sum of \$141,000,000, to be known as the military and naval family allowance appropriation, for the payment of the family allowances provided by Article II. Payments out of this appropriation shall be made upon and in accordance with awards by the director.

"Sec. 20. That there is hereby appropriated, from any money in the Treasury not otherwise appropriated, the sum of \$23,000,000, to be known as the military and naval insurance appropriation. All premiums that may be collected for the insurance provided by the provisions of Article IV shall be deposited and covered into the Treasury to the credit of this appropriation.

ARTICLE II.

ALLOTMENTS AND FAMILY ALLOWANCES.

SEC. 200. That the provisions of this article shall apply to all enlisted men in the military or naval forces of the United States.

SEC. 201. That allotment of pay shall, subject to the conditions, limitations, and exemptions hereinafter specified, be compulsory as to wife, a former wife divorced who has not remarried and to whom alimony has been decreed, and a child, and voluntary as to any other person; but on the written consent of the wife or former wife divorced, supported by evidence satisfactory to the bureau of her ability to support herself and the children in her custody, the allotment for her and for such children may be waived, and on the enlisted man's application or otherwise for good cause shown, exemption from the allotment may be granted upon such conditions as may be prescribed by regulations.

The monthly compulsory allotment shall be in an amount equal to the family allowance hereinafter specified except that it shall not be more than one-half the pay, or less than \$15; but for a wife living separate and apart under court order or written agreement or for a former wife divorced, it shall not exceed the amount specified in the court order, decree, or written agreement to be paid to her. For an illegitimate child, to whose support the father has been judicially ordered or decreed to contribute, it shall not exceed the amount fixed in the order or decree.

If there be an allotment for a wife or child, a former wife divorced and who has not remarried shall be entitled to a compulsory allotment only out of the difference, if any, between the allotment for the wife or child or both and one-half of the pay.

SEC. 202. That the enlisted man may allot any proportion or proportions or any fixed amount or amounts of his monthly pay or of the proportion thereof remaining after the compulsory allotment, for such purposes and for the benefit of such person or persons as he may direct, subject, however, to such conditions and limitations as may be prescribed under regulations to be made by the Secretary of War and the Secretary of the Navy, respectively.

SEC. 203. That in case one-half of an enlisted man's monthly pay is not allotted, regulations to be made by the Secretary of War and the Secretary of the Navy, respectively, may require, under such circumstances and conditions as may be prescribed in such regulations, that any proportion of such one-half pay as is not allotted shall be deposited to his credit, to be held during such period of his service as may be prescribed. Such deposits shall bear interest at the rate of four per centum per annum, with semiannual rests and, when payable, shall be paid principal and interest to the enlisted man, if living, otherwise to any beneficiary or beneficiaries he may have designated, or if there be no such beneficiary, then to the person or persons who would under the laws of the State of his residence be entitled to his personal property in case of intestacy.

SEC. 204. That a family allowance of not exceeding \$50 per month shall be granted and paid by the United States upon written application to the bureau by such enlisted man or by or on behalf of any prospective beneficiary, in accordance with and subject to the conditions, limitations, and exceptions hereinafter specified.

The family allowance shall be paid from the time of enlistment to death in or one month after discharge from the service, but not for more than one month after the termination of the present war emergency. No family allowance shall be made for any period preceding November first, nineteen hundred and seventeen. - (a) If there be a wife but no child, \$15.
- (b) If there be a wife and one child, \$25.
- (c) If there be a wife and two children, \$32.50, with \$5 per month additional for each additional child.
- (d) If there be no wife, but one child, \$5.
- (e) If there be no wife, but two children, \$12.50.
- (f) If there be no wife, but three children, \$20.
- (g) If there be no wife, but four children, \$30, with \$5 per month additional for each additional child.

Class B. In the case of a man or woman, to a grandchild, a parent, brother, or sister:

- (a) If there be one parent, \$10.
- (b) If there be two parents, \$20.
- (c) For each grandchild, brother, sister, and additional parent, \$5.

In the case of a woman, to a child or children:

- (d) If there be one child, \$5.
- (e) If there be two children, \$12.50.
- (f) If there be three children, \$20.
- (g) If there be four children, \$30, with \$5 per month additional for each additional child.

SEC. 205. That family allowances for members of Class A shall be paid only if and while a compulsory allotment is made to a member or members of such class. The monthly family allowance to a former wife divorced shall be payable only out of the difference, if any, between the monthly family allowance to the other members of Class A and the sum of \$50, and only then if alimony shall have been decreed to her. For a wife living separate and apart under court order or written agreement or to a former wife divorced the monthly allowance, together with the allotment, if any, shall not exceed the amount specified in the court order, decree, or written agreement to be paid to her. For an illegitimate child, to whose support the father has been judicially ordered or decreed to contribute, it shall not exceed the amount fixed in the order or decree.

SEC. 206. That family allowances to members of Class B shall be granted only if and while the member is dependent in whole or in part on the enlisted man, and then only if and while the enlisted man makes a monthly allotment of his pay for such member or members equal to the amount of the monthly family allowance as hereinabove specified, except that—

(a) The maximum monthly allotment so required to be made to members of Class B shall be one-half of his pay.

(b) If he is making no allotment to a member of Class A, the minimum monthly allotment so designated to be made to members of Class B shall be \$15 per month.

(c) If he is making the compulsory allotment to a member of Class A, the minimum monthly allotment so designated to be made to members of Class B shall be one-seventh of his pay, but not less than \$5 per month.

On the enlisted man's application, or otherwise for good cause shown, exemption from this additional allotment under Class B as a condition to the allowance may be granted, upon such conditions as may be prescribed by regulations.

SEC. 207. That the amount of the family allowance to members of Class B shall be subject to each of the following limitations:

(a) If an allowance is paid to one or more beneficiaries of Class A, the total allowance to be paid to the beneficiaries of Class B shall not exceed the difference between the allowance paid to the beneficiaries of Class A and the sum of \$50.

(b) The total monthly allowance to beneficiaries of Class B, added to the enlisted man's monthly allotment to them shall not exceed the average sum habitually contributed by him to their support monthly during the period of dependency but not exceeding a year immediately preceding his enlistment or the enactment of this amendatory act.

SEC. 208. That as between the members of Class A and as between the members of Class B, the amount of the allotment and family allowance shall be apportioned as may be prescribed by regulations.

SEC. 209. The War and Navy Departments, respectively, shall pay over to the Treasury Department monthly the entire amount of such allotments for distribution to the beneficiaries, and the allotments and family allowances shall be paid by the bureau to or for the beneficiaries.

SEC. 210. That upon receipt of any application for family allowance the commissioner shall make all proper investigations and shall make an award, on the basis of which award the amount of the allotments to be made by the man shall be certified to the War Department or Navy Department, as may be proper. Whenever the commissioner shall have reason to believe that an allowance has been improperly made or that the conditions have changed, he shall investigate or reinvestigate and may modify the award. The amount of each monthly allotment and allowance shall be determined according to the conditions then existing.

ARTICLE III.

COMPENSATION FOR DEATH OR DISABILITY.

SEC. 300. That for death or disability resulting from personal injury suffered or disease contracted in the line of duty, by any commissioned officer or enlisted man or by any member of the Army Nurse Corps (female) or of the Navy Nurse Corps (female) when employed in the active service under the War Department or Navy Department, the United States shall pay compensation as hereinafter provided; but no compensation shall be paid if the injury or disease has been caused by his own willful misconduct.

SEC. 301. That if death results from injury—

If the deceased leaves a widow or child, or if he leaves a widowed mother dependent upon him for support, the monthly compensation shall be the following amounts:

- (a) For a widow alone, \$25.
- (b) For a widow and one child, \$35.
- (c) For a widow and two children, \$47.50, with \$5 for each additional child up to two.
- (d) If there be no widow, then for one child, \$20.
- (e) For two children, \$30.
- (f) For three children, \$40, with \$5 for each additional child up to two.
- (g) For a widowed mother, \$20. The amount payable under this subdivision shall

not be greater than a sum which, when added to the total amount payable to the widow and children, does not exceed \$75. This compensation shall be payable for the death of but one child, and no compensation for the death of a child shall be payable if such widowed mother is in receipt of compensation under the provisions of this article for the death of her husband. Such compensation shall be payable whether her widowhood arises before or after the death of the person and whenever her condition is such that if the person were living the widowed mother would have been dependent upon him for support.

If the death occur before discharge or resignation from service, the United States shall pay for burial expenses and the return of body to his home a sum not to exceed \$100, as may be fixed by regulations.

The payment of compensation to a widow or widowed mother shall continue until her death or remarriage.

The payment of compensation to or for a child shall continue until such child reaches the age of eighteen years or marries, or if such child be incapable, because of insanity, idiocy, or being otherwise permanently helpless, then during such incapacity.

Whenever the compensation payable to or for the benefit of any person under the provisions of this section is terminated by the happening of the contingency upon which it is limited, the compensation thereafter for the remaining beneficiary or beneficiaries, if any, shall be the amount which would have been payable to them if they had been the sole original beneficiaries.

As between the widow and the children not in her custody, and as between children, the amount of the compensation shall be apportioned as may be prescribed by regulations. The word "widow" as used in this section shall not include one who shall have married the deceased later than ten years after the time of injury.

SEC. 302. That if disability results from the injury—

(1) If and while the disability is total, the monthly compensation shall be for following amounts:

- (a) If he has neither wife nor child living, \$30.
- (b) If he has a wife but no child living, \$45.
- (c) If he has a wife and one child living, \$55.
- (d) If he has a wife and two children living, \$65.
- (e) If he has a wife and three or more children living, \$75.

(f) If he has no wife but one child living, \$40, with \$10 for each additional child up to two.

(g) If he has a widowed mother dependent on him for support, then, in addition to the above amounts, \$10.

To an injured person who is totally disabled and in addition so helpless as to be in constant need of a nurse or attendant, such additional sum shall be paid, but not exceeding \$20 per month, as the director may deem reasonable: *Provided, however,* That for the loss of both feet or both hands or both eyes, or for becoming totally blind or helpless and permanently bedridden from causes occurring in the line of duty in the service of the United States, the rate of compensation shall be \$100 per month: *Provided further,* That no allowance shall be made for nurse or attendance.

(2) If and while the disability is partial, the monthly compensation shall be a percentage of the compensation that would be payable for his total disability, equal to the degree of the reduction in earning capacity resulting from the disability, but no compensation shall be payable for the reduction in earning capacity rated at less than ten per centum.

A schedule of ratings of reductions in earning capacity from specific injuries or combinations of injuries of a permanent nature shall be adopted and applied by the bureau. Ratings may be as high as one hundred per centum. The ratings shall be based, as far as practicable, upon the average impairments of earning capacity resulting from such injuries in civil occupations and not upon the impairment in earning capacity in each individual case, so that there shall be no reduction in the rate of compensation for individual success in overcoming the handicap of a permanent injury. The bureau shall from time to time readjust this schedule of ratings in accordance with actual experience.

(3) In addition to the compensation above provided, the injured person shall be furnished by the United States such reasonable governmental medical, surgical, and hospital services and with such supplies, including artificial limbs, trusses, and similar appliances, as the director may determine to be useful and reasonably necessary: *Provided,* That nothing in this act shall be construed to affect the necessary military control over any member of the military or naval establishments before he shall have been discharged from the military or naval service.

(4) The amount of each monthly payment shall be determined according to the family conditions then existing.

SEC. 303. That every person applying for or in receipt of compensation for disability under the provisions of this article shall, as frequently and at such times and places as may be reasonably required, submit himself to examination by a medical officer of the United States or by a duly qualified physician designated or approved by the director. He may have a duly qualified physician designated and paid by him present to participate in such examination. For all examinations he shall, in the discretion of the director, be paid his reasonable traveling and other expenses and also loss of wages incurred in order to submit to such examination. If he refuses to submit himself for, or in any way obstructs, any examination, his right to claim compensation under this article shall be suspended until such refusal or obstruction ceases. No compensation shall be payable while such refusal or obstruction continues, and no compensation shall be payable for the intervening period.

Every person in receipt of compensation for disability shall submit to any reasonable medical or surgical treatment furnished by the bureau whenever requested by the bureau; and the consequences of unreasonable refusal to submit to any such treatment shall not be deemed to result from the injury compensated for.

SEC. 304. That in cases of dismemberment, of injuries to sight or hearing, and of other injuries commonly causing permanent disability, the injured person shall follow such course or courses of rehabilitation, reeducation, and vocational training as the United States may provide or procure to be provided. Should such course prevent the injured person from following a substantially gainful occupation while taking same, a form of enlistment may be required which shall bring the injured person into the military or naval service. Such enlistment shall entitle the person to full pay as during the last month of his active service, and his family to family allowances and allotment as hereinbefore provided, in lieu of all other compensation for the time being.

In case of his willful failure properly to follow such course or so to enlist, payment of compensation shall be suspended until such willful failure ceases, and no compensation shall be payable for the intervening period.

SEC. 305. That upon its own motion or upon application the bureau may at any time review an award, and, in accordance with the facts found upon such review, may end, diminish, or increase the compensation previously awarded, or, if compensation has been refused or discontinued, may award compensation.

SEC. 306. That no compensation shall be payable for death or disability which does not occur prior to or within one year after discharge or resignation from the service, except that where, after a medical examination made pursuant to regulations, at the time of discharge or resignation from the service, or within such reasonable time thereafter, not exceeding one year, as may be allowed by regulations, a certificate has been obtained from the director to the effect that the injured person at the time of his discharge or resignation was suffering from injury likely to result in death or disability, compensation shall be payable for death or disability, whenever occurring, proximately resulting from such injury.

SEC. 307. That compensation shall not be payable for death in the course of the service until the death be officially recorded in the department under which he may be serving. No compensation shall be payable for a period during which the man has been reported "missing" and a family allowance has been paid for him under the provisions of Article II.

SEC. 308. That no compensation shall be payable for death inflicted as a lawful punishment for a crime or military offense except when inflicted by the enemy. A dismissal or dishonorable or bad-conduct discharge from the service shall bar and terminate all right to any compensation under the provisions of this article.

SEC. 309. The time herein provided may be extended by the director not to exceed one year for good cause shown. If at the time that any right accrues to any person under the provisions of this article, such person is a minor, or is of unsound mind or physically unable to make a claim, the time herein provided shall not begin to run until such disability ceases.

The cause of action so assigned to the United States may be prosecuted or compromised by the director and any money realized thereon shall be placed to the credit of the compensation fund.

ARTICLE IV.

INSURANCE.

SEC. 400. That in order to give to every commissioned officer and enlisted man and to every member of the Army Nurse Corps (female) and of the Navy Nurse Corps (female) when employed in active service under the War Department or Navy Department greater protection for themselves and their dependents than is provided in Article III, the United States, upon application to the bureau and without medical examination, shall grant insurance against the death or total permanent disability of any such person in any multiple of \$500, and not less than \$1,000 or more than \$10,000, upon the payment of the premiums as hereinafter provided.

SEC. 401. That such insurance must be applied for within one hundred and twenty days after enlistment or after entrance into or employment in the active service and before discharge or resignation, except that those persons who are in the active war service at the time of the publication of the terms and conditions of such contract of insurance may apply at any time within one hundred and twenty days thereafter and while in such service. Any person in the active service on or after the sixth day of April, nineteen hundred and seventeen, who, while in such service and before the expiration of one hundred and twenty days from and after such publication, becomes or has become totally and permanently disabled or dies, or has died, without having applied for insurance, shall be deemed to have applied for and to have been granted insurance, payable to such person during his life in monthly installments of \$25 each. If he shall die either before he shall have received any of such monthly installments or before he shall have received two hundred and forty of such monthly installments, then \$25 per month shall be paid to his wife from the time of his death and during her widowhood, or to his child, or widowed mother if and while they survive him: *Provided, however,* That not more than two hundred and forty of such monthly installments, including those received by such person during his total and permanent disability, shall be so paid; and in that event the amount of the monthly installments shall be apportioned between them as may be provided by regulations.

SEC. 402. That the director, subject to the general direction of the Secretary of the Treasury, shall promptly determine upon and publish the full and exact terms and conditions of such contract of insurance. The insurance shall not be assignable, and shall not be subject to the claims of creditors of the insured or of the beneficiary. It shall be payable only to a spouse, child, grandchild, parent, brother, or sister, and also during total and permanent disability to the injured person, or to any or all of them. The insurance shall be payable in two hundred and forty equal monthly installments. Provisions for maturity at certain ages, for continuous installments during the life of the insured or beneficiaries, or both, for cash, loan, paid-up and extended values, dividends from gains and savings, and such other provisions for the protection and advantage of and for alternative benefits to the insured and the beneficiaries as may be found to be reasonable and practicable, may be provided for in the contract of insurance, or from time to time by regulations. All calculations shall be based upon the American Experience Table of Mortality and interest at three and one-half per centum per annum, except that no deduction shall be made for continuous installments during the life of the insured in case his total and permanent disability continues more than two hundred and forty months. Subject to regulations, the insured shall at all times have the right to change the beneficiary or beneficiaries of such insurance without the consent of such beneficiary or beneficiaries, but only within the classes herein provided. If no beneficiary within the permitted class be designated by the insured, either in his lifetime or by his last will and testament, or if the designated beneficiary does not survive the insured, the insurance shall be payable to such person or persons, within the permitted class of beneficiaries as would under the laws of the State of the residence of the insured be entitled to his personal property in case of intestacy. If no such person survive the insured, then there shall be paid to the estate of the insured an amount equal to the reserve value, if any, of the insurance at the time of his death, calculated on the basis of the American Experience Table of Mortality and three and one-half per centum interest in full of all obligations under the contract of insurance.

SEC. 403. That the United States shall bear the expenses of administration and the excess mortality and disability cost resulting from the hazards of war. The premium rates shall be the net rates based upon the American Experience Table of Mortality and interest at three and one-half per centum per annum.

SEC. 404. That during the period of war and thereafter until converted the insurance shall be term insurance for successive terms of one year each. Not later than five years after the date of the termination of the war as declared by proclamation

of the President of the United States, the term insurance shall be converted, without medical examination, into such form or forms of insurance as may be prescribed by regulations and as the insured may request. Regulations shall provide for the right to convert into ordinary life, twenty payment life, endowment maturing at age sixty-two and into other usual forms of insurance and shall prescribe the time and method of payment of the premiums thereon, but payments of premiums in advance shall not be required for periods of more than one month each and may be deducted from the pay or deposit of the insured or be otherwise made at his election.

SEC. 405. That in the event of disagreement as to a claim under the contract of insurance between the bureau and any beneficiary or beneficiaries thereunder, an action on the claim may be brought against the United States in the district court of the United States in and for the district in which such beneficiaries or any one of them resides. The court, as part of its judgment, shall determine and allow such reasonable attorney's fees, not to exceed ten per centum of the amount recovered, to be paid by the claimant on behalf of whom such proceedings are instituted to his attorney; and it shall be unlawful for the attorney or for any other person acting as claim agent or otherwise to ask for, contract for, or receive any other compensation because of such action. No other compensation or fee shall be charged or received by any person except such as may be authorized by the commissioner in regulations to be promulgated by him. Any person violating the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof shall, for each and every such offense, be fined not exceeding \$500, or be imprisoned at hard labor not exceeding two years, or both, in the discretion of the court.

SEC. 3. That section eight of the act entitled "An act to authorize the President to increase temporarily the Military Establishment of the United States," approved May eighteenth, nineteen hundred and seventeen, shall be held and construed to authorize the President, in accordance with the provisions of said act and for the period of the existing emergency only, to appoint as generals the Chief of Staff and the commander of the United States forces in France, and as lieutenant general each commander of an army or army corps organized as authorized by existing law: *Provided*, That the pay of the grades of general and lieutenant general shall be \$10,000 and \$9,000 a year, respectively, with allowances appropriate to said grades as determined by the Secretary of War: *And provided*, That brigadier generals of the Army shall hereafter rank relatively with rear admirals of the lower half of the grade. And, hereafter, the chief of any existing staff corps, department, or bureau, except as is otherwise provided for the Chief of Staff, shall have the rank, pay, and allowances of major general.
